Sociolinguistics of Writing Theresa Lillis, 2013-03-11 Brings the study of writing to the heart of sociolinguistic inquiry This book puts writing at the centre of sociolinguistic inquiry drawing on a range of academic fields including New Literacy Studies semiotics genre studies stylistics and new rhetoric The key question the book explores is what do we mean by writing in the 21 century Using examples from across a range of contexts the book argues that writing involving both old and new technologies is a pervasive and complex communicative feature of contemporary life The book is organised around the following areas The multimodal nature of writing The verbal dimension to writing Writing as everyday practice Writing as a differentiated semiotic and social resource Writing as the inscription of identity A range of analytic tools for analysing writing as text and practice are illustrated including genre register discourse and metaphor as well as notions which emphasise the mobile potential of writing such as genre chains networks literacy brokers and text trajectories This book seeks to redress the neglect of writing in the field of sociolinguistics by introducing readers to the nature and consequences of what it means to do writing in a globalised world

Democracy Here and Now Pablo Ouziel, 2022-03-01 In Spain on May 15 2011 a movement against austerity measures began In a time when representative democracies were under threat 15M came to life as a virtuous and democratic response to the slide into far right populism and authoritarianism More than a social movement 15M became a mode of being with transformative democratizing potential In Democracy Here and Now Pablo Ouziel offers a grounded analysis of 15M At the time of the movement and during the ensuing encampments Ouziel travelled extensively speaking to participants and keeping an ongoing record of his conversations Presenting an original participatory mode of research the book reveals six types of intersubjective joining hands relationships that 15M has brought into being and works to carry on in creative ways The book

shows how the movement's way of being and temporality persists in Spain following the square occupations while 15M citizens continue to learn and move forward in less perceptible ways Democracy Here and Now sheds light on a deeply relational intersectional and eco social mode of democracy and shows how 15M's ongoing democratization practices are exemplary of similar grassroots movements around the world broadening our understandings of what it means to be democratic in the here and now De la protesta a la participación ciudadana Ulrich Richter Morales, 2017-09-15 Una visión actual sobre las nuevas formas de organización de la sociedad civil Del mexicano pasivo al ciudadano consciente y participativo Uno de los fenómenos menos capitales ocurridos en México en lo que va del siglo XXI tiene que ver con la participación ciudadana Progresivamente la sociedad civil ha salido del letargo en el que se encontraba inmersa y hoy en día comienza a desempeñar un papel más activo en la toma de decisiones Ulrich Richter Morales analiza aquí dicho fenómeno a partir de una revisión minuciosa de distintos acontecimientos políticos y sociales Su análisis muestra a una ciudadana que ya no se conforma sólo con manifestar su descontento mediante la protesta sino que además se organiza para crear iniciativas de participación inditas El autor va más allá de la descripción de los hechos para ofrecer también propuestas destinadas a mejorar y hacer más eficaces dichas iniciativas **Modern Spain** Enrique Ávila López, 2015-12-07 Fulfilling the need for English source material on contemporary Spain this book supplies readers with an in depth interdisciplinary guide to the country of Spain and its intricate diverse culture Far from a usual reference book Modern Spain takes the reader through the country's history economy and politics as well as topics that address Spain's popular culture such as food sports and sexuality Because of the interdisciplinary nature of its content this book differs from the average typical English manuals that very rarely cover in depth the whole array of interesting issues that define Spain in the 21st century The vast amount of information makes this book the perfect companion for any reader wishing to learn more about Spain Packed with current facts and statistics this book offers an unbiased view of a modern country making it an ideal source for undergraduate students and scholars

15M: Un movimiento político para democratizar la sociedad Cristina Monge Lasierra, 2017-04-20 Cuando los indignados y las indignadas del 15M abarrotaron calles y plazas en la primavera de 2011 nadie sabía lo que tal fenómeno acabaría significando Hoy hemos comprobado que aquella insólita e inesperada movilización estaba abriendo un nuevo ciclo político en España que bien puede concebirse como una segunda Transición Entre sus aportaciones destaca la apuesta por la repolitización de la sociedad construyendo un nuevo espacio público mediante la autogestión la deliberación y la coproducción política Este libro hace un recorrido por las principales propuestas que surgen de los distintos 15M se adentra en la caracterización de sus participantes y en su forma de funcionamiento como movimiento red aporta entrevistas con personajes que fueron claves dentro o fuera de las plazas e intenta comprender el cúmulo de razones que llevan a un cuestionamiento global del establishment Todo ello con el ánimo de contribuir a responder algunas de esas preguntas con las que el 15M abrió un nuevo ciclo en la política española **El 15- M en sesenta preguntas** Carlos Taibo Arias, 2012-01-31 Este libro se propone por

encima de todo interpretar qué es el movimiento del 15 de mayo el llamado movimiento de los indignados. Al respecto y con vocación claramente pedagógica examina las razones del inesperado éxito de ese movimiento el entorno y la forma que este ha adoptado los diferentes componentes que lo articulan su incipiente propuesta programática los acosos que ha padecido la reacción que ha provocado en la izquierda tradicional el futuro que cabe augurarle y en suma los retos y los grandes problemas de fondo que están llamados a marcar ese futuro.
