No Margin For Error The Making Of The Israeli Air Force:

Military Review ,2004 **No Margin for Error** Ehud Yonay,1993 The Israeli born award winning investigative reporter whose story about U S Navy fighters was made into the movie Top Gun presents an important military history with all the excitement of a high tech adventure focusing on a heroic group of youngsters as they are molded into the highly skilled pilots of one of the world s most sophisticated air forces Photos Professional Journal of the United States Army ,1994 **The Encyclopedia of the Arab-Israeli Conflict** Spencer C. Tucker,Priscilla Roberts,2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military political social cultural and religious origins of the Arab Israeli conflict The Encyclopedia of the Arab Israeli Conflict A Political Social and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab Israeli relationship from biblical times to the present with an emphasis on the era beginning with World War I The Encyclopedia of the Arab Israeli Conflict goes beyond simply recapping military engagements In four volumes with more than 750 alphabetically organized entries plus a separate documents volume it provides a wide ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews exploring all aspects of the conflict The objective analysis will help readers understand the dramatic events that have impacted the entire world from the founding of modern Israel to the building of the Suez Canal from the Six Day War to the Camp David Accords from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat the 2006 Palestinian elections and the Israeli Hezbollah War in Lebanon **The Watchman Fell Asleep** Uri Bar-Joseph,2012-02-01 Based on many formerly undisclosed intelligence and military documents the secret protocols of discussions on the eve of the war and interviews with relevant figures The Watchman Fell Asleep is a compelling account of Israel s intelligence failure before the 1973 Arab attack known as the Yom Kippur War The Hebrew version of this book was awarded the Tshetshik Prize for Strategic Studies on Israel s Security in 2001 and the Israeli Political Science Association s Best Book Award in 2002 Available here in English for the first time Uri Bar Joseph has crafted an authoritative explanation of the most traumatic event in Israel s stormy history and one of the biggest strategic military surprises of the twentieth century **Special Bibliography Series** ,1957 **Armies of Sand** Kenneth Michael Pollack,2019 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties Armies of Sand Kenneth M Pollack s powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of

fifteen Arab armies and air forces in virtually every Middle Eastern war from the Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945 *From Byron to bin Laden* Nir Arielli, 2018-01-08 What makes people fight for countries other than their own Nir Arielli offers a wide ranging history of foreign war volunteers from the French Revolution to Syria Challenging notions of foreign fighters as a security problem Arielli explores motivations ideology gender international law military significance and the memory of war

Solitary Giora Romm, 2014-06-04 Fighter pilots tell the greatest stories and the great ones tell the best stories of all PAT CONROY bestselling author of *The Great Santini* and *The Death of Santini* This book is not only among the finest war writing ever but like Viktor Frankl's *Man's Search for Meaning* *Solitary* sits alongside the most profound reflections on the resilience and capacity of the human soul STEVEN PRESSFIELD bestselling author of *The Lion's Gate* and *The War of Art* *Solitary* is a gutsy story of one man's survival endurance and strength of will LARRY ALEXANDER bestselling co author of *A Higher Call* I anxiously await the day my own sons are old enough to read it RICH COHEN bestselling author of *Tough Jews* You will tear through this book RYAN HOLLIDAY bestselling author of *The Obstacle is the Way* It grabs you immediately and doesn't let go until you're finished TUCKER MAX bestselling author of *I Hope They Serve Beer in Hell* A magnificent triumph of the human spirit I was captivated from the first page to the last SEAN PARNELL bestselling author of *Outlaw Platoon* Giora Romm was the Israeli Air Force's first fighter ace As a twenty two year old lieutenant he shot down five MiGs during the Six Day War of 1967 Fourteen months later over the Nile Delta an Egyptian missile exploded beneath the tail of his Mirage IIIC Within moments Romm found himself hanging by the straps of his parachute with a broken arm and a leg shattered in a dozen places looking down from 10 000 feet Streams of farmers and field workers converged below onto the spot toward which his chute was descending with the intention he was certain of hacking him to death as soon as his feet touched the earth No other Israeli pilot had survived capture in Egypt or in any other Arab state *Solitary* is Romm's story of his imprisonment torture interrogation release and return to service *Solitary* is not a war book It's not a tale of heroism though if anyone ever

qualified for that distinction it is this story's author Solzgan is not even in its deepest parts about captivity or imprisonment Solzgan is about Romm's inner war It's the story in his phrase of a fall from a great height not only literally but metaphorically Romm could not tell his captors the truth about who he was or what he had done He had to invent an entire fictional biography and keep it straight in his head through months of beatings and interrogations all the while being held in solitary confinement with his body sheathed from chest to toe in a plaster cast Solzgan is not a grim book It's full of wry humor keen self observations and revelations An ordeal such as Romm endured is a sojourn in hell but it is also a passage Romm fell and he came back Solzgan is his indelible account of confronting as few of us ever will his own fears and limitations and discovering ultimately his capacity to survive and to prevail From the Introduction by Steven Pressfield
