Shame And Philosophy An Investigation In The Philosophy Of Emotions And Ethics:

Shame and Philosophy P. Hutchinson, 2008-05-29 Engaging with current research in the philosophy of emotions both analytic and continental the author argues that reductionist accounts of emotions leave us in a state of poverty regarding our understanding of our world and of ourselves

Shame and Philosophy Phil Hutchinson, In an important contribution to the burgeoning area of philosophy of emotions Phil Hutchinson engages with philosophers of emotion in both the analytic and continental traditions Shame and Philosophy advances a framework for understanding emotion world taking cognitivism He argues that reductionist accounts of emotion leave us in a state of poverty regarding our understanding of our world and ourselves The book contains detailed engagements with theorists of emotions such as Peter Goldie Paul Griffiths Jesse Prinz and Jenefer Robinson as well as a chapter on the Italian philosopher Giorgio Agamben which also contains a detailed critical engagement with Jacques Derrida's work The Chapter on Griffiths work also contains a detailed critique of the program of natural kind semantics As the book progresses it becomes more and more concerned to meditate on shame as discussed by Primo Levi and other survivors of extreme trauma The book moves towards conclusion by suggesting further directions for study

Agamben's Joyful Kafka Anke Snoek, 2012-10-11 Both Giorgio Agamben and Franz Kafka are best known for their gloomy political worldview A cautious study of Agamben's references on Kafka however reveals another dimension right at the intersection of their works a complex and unorthodox theory of freedom The inspiration emerges from Agamben's claims that it is a very poor reading of Kafka's works that sees in them only a summation of the anguish of a guilty man before the inscrutable power Virtually all of Kafka's stories leave us puzzled about what really happened Was Josef K who is butchered like a dog defeated And what about the meaningless but in his own way complete creature Odradek Agamben's work sheds new light on these questions and arrives through Kafka at different strategies for freedom at the point where this freedom is most blatantly violated

The Emotional Expression of Authority and Power in the Middle Ages, 2025-02-20 The relationship between rulers and their subjects is always channelled by emotion This volume explores the specific tones this relationship took on in the Middle Ages as well as their accordance with a concept of power based ultimately on agreement an inclination to visualise emotions a social pedagogy based on fear and a religious ideology which placed humanity between divine order and divine wrath It also examines the emotive models used to rule society and deal with conflicts Together the contributions in this book demonstrate how our understanding of late medieval society can be enhanced by recognising the emotional strategies present in the game of power and how they were used to build authority Contributors are Alexandru Stefan Anca Attila Brny Ulrike Becker Luciano Gallinari Sari Katajala Peltomaa Vinni Lucherini Esther Mart Senta s Francisc Massip Rob Meens Tam s Olbei Bernard Ribmont Flocel Sabat and Hans Joachim Schmidt

Emotions and Understanding Y. Gustafsson, C. Kronqvist, M. McEachrane, 2008-11-27

This unique collection of articles on emotion by Wittgensteinian philosophers provides a fresh perspective on the questions framing the current philosophical and scientific debates about emotions and offers significant insights into the role of emotions for understanding interpersonal relations and the relation between emotion and ethics Wittgenstein's Liberatory Philosophy Rupert Read, 2020-11-24 In this book Rupert Read offers the first outline of a resolute reading following the highly influential New Wittgenstein school of the Philosophical Investigations He argues that the key to understanding Wittgenstein's later philosophy is to understand its liberatory purport Read contends that a resolute reading coincides in its fundamentals with what building on ideas in the later Gordon Baker he calls a liberatory reading Liberatory philosophy is philosophy that can liberate the user from compulsive and destructive patterns of thought freeing one for possibilities that were previously obscured Such liberation is our prime goal in philosophy This book consists in a sequential reading along these lines of what Read considers the most important and controversial passages in the Philosophical Investigations 1 16 43 95 116 122 130 3 149 151 186 198 201 217 and 284 6 Read claims that this liberatory conception is simultaneously an ethical conception The PI should be considered a work of ethics in that its central concern becomes our relation with others Wittgensteinian liberations challenge widespread assumptions about how we allegedly are independent of and separate from others Wittgenstein's Liberatory Philosophy will be of interest to scholars and advanced students working on Wittgenstein and to scholars of the political philosophy of liberation and the ethics of relation *Moral Psychology of Confucian Shame* Bongrae Seok, 2017-01-13 Early Confucian philosophers notably Confucius and Mencius emphasized moral significance of shame in self cultivation and learning In their discussion shame is not just a painful sense of moral failure or transgression but also a moral disposition and a form of moral excellence i.e. virtue that is essential to Confucian self cultivation In *Moral Psychology of Confucian Shame* Bongrae Seok argues that shame is a genuine moral emotion and moral disposition Engaging with recent studies of social psychology cultural psychology biology and anthropology Seok explains that shame is a uniquely evolved form of moral emotion that is comparable to but not identical with guilt The author goes on to develop an interpretation of Confucian shame that reveals the embodied interactive and transformative nature of the Confucian moral self The Body and Shame Luna Dolezal, 2015-03-31 *The Body and Shame* Phenomenology Feminism and the Socially Shaped Body investigates the concept of body shame and explores its significance when considering philosophical accounts of embodied subjectivity Body shame only finds its full articulation in the presence actual or imagined of others within a rule and norm governed milieu As such it bridges our personal individual and embodied experience with the social cultural and political world that contains us Luna Dolezal argues that understanding body shame can shed light on how the social is embodied that is how the body experienced in its phenomenological primacy by the subject becomes a social and cultural artifact shaped by external forces and demands *The Body and Shame* introduces leading twentieth century phenomenological and sociological accounts of embodied subjectivity through the work of Edmund

Husserl Maurice Merleau Ponty Jean Paul Sartre Michel Foucault and Norbert Elias Dolezal examines the embodied social and political features of body shame contending that body shame is both a necessary and constitutive part of embodied subjectivity while simultaneously a potential site of oppression and marginalization Exploring the cultural politics of shame the final chapters of this work explore the phenomenology of self presentation and a feminist analysis of shame and gender with a critical focus on the practice of cosmetic surgery a site where the body is literally shaped by shame The Body and Shame will be of great interest to scholars and students in a wide variety of fields including philosophy phenomenology feminist theory women s studies social theory cultural studies psychology sociology and medical humanities **Emotion Management and Feelings in Teaching and Educational Leadership** Izhar Oplatka,Khalid Arar,2019-05-28 This book highlights the connection between culture and emotion management in teaching and educational leadership and allows researchers from different parts of the world to demonstrate how national and local culture influence the way educational leaders and teachers express their feelings display their emotion or suppress emotion publically
