Confidential Material

NAME: Sebastian Smith
DATE OF BIRTH: 5/8/1985
CHRONOLOGICAL AGE: 16 years 3 months
PARENTS: Mary Smith & Sebastian Smith
GRADE: completed ninth grade

DATES OF ASSESSMENT: 7/17; 7/27/01
DATE OF REPORT: 8/3/01

IDENTIFYING DATA AND REASON FOR REFERRAL:

Sebastian is a 16 years 3 months old Caucasian adolescent, who was referred for a psychological evaluation to determine his current cognitive and emotional status. Sebastian has a long history of poor school performance due to numerous. Despite extensive private tutoring and accommodations from his school he has failed to succeed academically. The contributing factors include poor school attendance, possible attending and learning problems, and complex family dynamics.

SOURCES OF INFORMATION:

Background information was obtained from his mother, his previous social worker, former psychologist, and numerous psychological, educational and medical reports. This information was obtained from interview, developmental history and rating scales as well as medical records. This information appears to be from reliable sources and valid.

Current status of his learning and behavior was obtained from observation during testing and from standardized psychological, neuropsychological and achievement tests. The validity of his performance on most tests was deemed to be accurate due to his cooperation and motivation to perform the tests.

BACKGROUND INFORMATION:

Current Concern:

Sebastian has long struggled with his academic performance and proper social behavior. His relationship with both parents is complex and he often is torn between both. His ability to maintain motivation in his schoolwork is of concern and recommendations will be made with these factors in mind. The most pressing concern at this time is his use of illegal substances (marijuana).

Medical and Development History:

Pregnancy and birth history: Sebastian's mother reported that she was 29 and his father was 31 at the time of his birth. There were no complications of pregnancy or

Clinical Guide to Effective Psychological Assessment and Report Writing Rosemary Flanagan, 2024-09-17 The book examines the preparation and presentation of psychological data reports for various stakeholders e.g. teachers, parents, caregivers. It details strategies for clear and effective prose and visuals that reach beyond the narrative and emphasize data integration. Chapters are organized around specific themes contained in the overall report and its sections e.g. cognitive achievement, social/emotional/personality, as well as the process of data reporting, its description, and eventual communication to consumers. The volume addresses the rationale for and considerations important to carrying out this mission, including reporting and explaining data obtained from English language learners (ELLs). It provides examples of sample data sets detailing how to apply and illustrate these principles and reflect contemporary data interpretation. In addition, the book provides checklists as well as appendices and tables that should be considered when preparing reports. The book discusses the processes and mechanics of integrating data within and across sections of reports, thereby providing alternatives to strictly boilerplate reports as well as practical recommendations that can be readily implemented to benefit students. Key areas of coverage include: Preparing psychological reports for all stakeholders; Data presentations for lay audiences; Contemporary data reporting not driven by a boilerplate; Illustrations of data integration and customized prose; Generating intervention recommendations for students using descriptive data; Tailoring the writing process to create defensible reports for school clinical and neuropsychological referrals. This volume is an essential resource for researchers, professors, graduate students as well as clinicians, therapists, and other professionals in developmental, clinical, child, and school psychology, educational assessment, testing, and evaluation, social work, public health, and all interrelated disciplines.

Psychoeducational Assessment and Report Writing Stefan C. Dombrowski, 2014-11-10 This textbook provides in-depth instruction for conducting psychoeducational assessments of children in grades K-12 and conveying results through detailed, well-written reports. It takes readers step by step through the assessment process: collecting data, writing reports, and communicating conclusions for students with conditions spanning the range of IDEA classifications such as autism, learning disabilities, emotional disturbances, and conditions covered by Section 504. The book offers not only a broad understanding of assessment and communication skills but also of the ethical, legal, cultural, and professional considerations that come with psychoeducational evaluation. And its sample reports model clear, well-organized results accessible to parents and caregivers as well as teachers and colleagues. Key areas of coverage include: Assessment basics; the testing environment and protocols; interviewing and observation; Report writing: section by section, from reason for referral to summary and recommendations; Guidelines for oral reporting with case examples; Special issues in psychoeducational assessment and report writing; Sample psychoeducational reports using this framework. *Psychoeducational Assessment and Report Writing* is an essential text for graduate students, researchers, professors, and professionals in child and school psychology, assessment, testing, and evaluation, social work, and psychological methods evaluation.

Clinical Assessment of Child and Adolescent Personality and Behavior

Paul J. Frick, Christopher T. Barry, Randy W. Kamphaus, 2020-06-11 The fourth edition of this textbook offers a scientific and practical context within which to understand and conduct clinical assessments of children's and adolescents' personality and behavior. The new edition ensures that the content is relevant to diagnostic criteria for major forms of child and adolescent psychopathology in the 5th edition of the Diagnostic and Statistical Manual of Mental Disorders DSM-5. It provides updated information on specific tests and discusses advances in research that have occurred since the last edition that are relevant for assessing the most common forms of psychopathology shown by children and adolescents. The volume is unique in providing both the scientific and ethical basis to guide psychological testing as well as providing practical advice for using specific tests and assessing specific forms of psychopathology. This new edition highlights how current trends in psychological classification such as the DSM-5 and the Research Domain Criteria should influence the clinical assessment of children and adolescents. Provides updates to professional standards that should guide test users. Discusses practical considerations in planning and conducting clinical assessments. Evaluates the most recent editions of common tests used in the clinical assessment of child and adolescent personality and behavior. Provides an overview of how to screen for early signs of emotional and behavioral risk for mental problems in children and adolescents. Discusses practical methods for integrating assessment information collected as part of a clinical assessment. Uses current research to guide clinical assessments of children with Attention deficit Hyperactivity Disorder, conduct problems, depression, anxiety, and autism spectrum disorder. Clinical Assessment of Child and Adolescent Personality and Behavior is a valuable updated resource for graduate students as well as veteran and beginning clinicians across disciplines including school clinical child developmental and educational psychology, psychiatry, counseling, and social work as well as related disciplines that provide mental health and educational services to children and adolescents. *High-Impact Assessment Reports for Children and Adolescents*

Robert Lichtenstein, Bruce Ecker, 2019-02-07 Assessment provides rich opportunities for understanding the needs of children and adolescents yet reports are often hard for parents, teachers, and other consumers to comprehend and utilize. This book provides step-by-step guidelines for creating psychoeducational and psychological reports that communicate findings clearly, promote collaboration, and maximize impact. Effective practices for written and oral reporting are presented, including what assessment data to emphasize, how to organize reports and convey test results, and how to craft useful recommendations. In a large size format for easy photocopying, the book includes sample reports, training exercises, and reproducible templates, rubrics, and forms. Purchasers get access to a Web page where they can download and print the reproducible materials. This book is in The Guilford Practical Intervention in the Schools Series, edited by Sandra M. Chafouleas.
