

Dear user,

As you may know, your elected officials in Virginia are requiring us to verify your age before allowing you access to our website. While safety and compliance are at the forefront of our mission, giving your ID card every time you want to visit an adult platform is not the most effective solution for protecting our users, and in fact, will put children and your privacy at risk.

In addition, mandating age verification without proper enforcement gives platforms the opportunity to choose whether or not to comply. As we've seen in other states, this just drives traffic to sites with far fewer safety measures in place. Very few sites are able to compare to the robust **Trust and Safety measures** we currently have in place. To protect children and user privacy, any legislation must be enforced

Out Of Family Porn Hub:

Pornocracy Jo Bartosch, Robert Jessel, 2025-10-21 They say everybody uses porn They re wrong People don t use pornography it uses us And you don t have to watch it to be one of its victims In this thought provoking and timely book Jo Bartosch and Robert Jessel expose how the multi billion dollar pornography industry has humanity gripped in a chokehold From rewiring our brains and normalising sexual violence to shaping new protest movements the pornographic revolution has achieved a stunning and near total victory The triumph of the pornocrats is made more sinister by society s widespread acceptance that all men watch porn the denial of its devastating harms and a lack of political will to curb the power of the global pornography business The authors answer the questions that politicians and policymakers are too scared to ask Why despite over half a century of feminist gains and lessons in schools on consent do today s school children display more sexist attitudes than their parents and grandparents Do women really want to be choked and humiliated in bed How can we fight back and reclaim sex love and relationships Drawing on the latest research *Pornocracy* charts how the neurological shifts caused by porn use reverberate through society The book also warns of a dystopian future where AI powered porn and sextech threaten to reduce us all to masturbating meat puppets on an algorithmic production line Provocative and powerful *Pornocracy* tells the story of how pornography fundamentally changed perhaps forever what it is to be human *Virus*

Australia Thomas Kreutziger, 2025-09-12 **Against the Loveless World** Susan Abulhawa, 2020-07-23 Nahr has been confined to the Cube nine square metres of glossy grey cinderblock devoid of time its patterns of light and dark nothing to do with day and night Journalists visit her but get nowhere because Nahr is not going to share her story with them The world outside calls Nahr a terrorist and a whore some might call her a revolutionary or a hero But the truth is Nahr has always been many things and had many names She was named for the river her pregnant mother crossed when she fled from Palestine but her feckless father called her Yaqoot Ruby For a time when she came of age she was Almas Diamond a girl who went to hidden parties in Kuwait with powerful men who sold off parts of herself to keep her family together She was a girl who learned early and painfully that when you are a second class citizen love is a kind of desperation she learned above all else to survive She was a girl who went to Palestine in the wrong shoes and without looking for it found what she had always lacked in the basement of a battered beauty parlour purpose politics friends She found a dark eyed man called Bilal who taught her to resist who tried to save her when it was already too late Nahr sits in the Cube and tells her story to Bilal Bilal who isn t there Bilal who may not even be alive but who is her only reason to get out **Steven Spielberg** Brent

Notbohm, Lester D. Friedman, 2019-08-01 More than four decades after the premiere of his first film Steven Spielberg b 1946 continues to be a household name whose influence on popular culture extends far beyond the movie screen Now in his seventies Spielberg shows no intention of retiring from directing or even slowing down Since the publication of Steven Spielberg Interviews in 2000 the filmmaker has crafted some of the most complex movies of his extensive career His new

movies consistently reinvigorate entrenched genres adding density and depth Many of the defining characters motifs tropes and themes that emerge in Spielberg s earliest movies shape these later works as well but often in new configurations that probe deeper into more complicated subjects dangerous technology rather than man eating sharks homicidal rather than cuddly aliens lethal terrorism instead of rampaging dinosaurs Spielberg s movies continue to display a remarkably sophisticated level of artistry that matches and sometimes exceeds the memorable visual hallmarks of his prior work His latest series of films continue to demonstrate an ongoing intellectual restlessness and a willingness to challenge himself as a creative artist With this new collection of interviews which includes eleven original interviews from the 2000 edition and nine new interviews readers will recognize the themes that motivate Spielberg the cinematic techniques he employs to create his feature films and the emotional connection he has to his movies The result is a nuanced and engaging portrait of the most popular director in American cinema history
