Environment, Agriculture and Cross-border Migrations Vubo, Emmanuel

Yenshu,2017-05-03 This book brings together contributions on the challenges of the environment agriculture and cross border migrations in Africa key areas that have become critical for the continent s development The central theme running through these contributions is that Africa s development challenges can be attributed to its human and natural ecology Contrasted with the Cold War epoch current developments have ushered us into a world of long and uncertain transitions characterized by a search for new pathways including investment in large scale agriculture by big finance attempts to revitalize existing agriculture and reworking of social policy A major twist relates to environmental questions especially climate change and its global effects leading to all forms of cross border migrations and the emergence of new areas of strategic interest such as sub regional developments as in the Gulf of Guinea This book provides some intellectual clues on how to interpret these emerging predicaments and chart a way forward into a new era for Africa Pentecostalism in Africa

,2014-10-16 Within recent decades Pentecostal charismatic Christianity has moved from an initially peripheral position to become a force to be reckoned with within Africa s religious landscape Bringing together prominent Africanist scholars from a wide range of disciplines this book offers a comprehensive and multifaceted treatment of the ways in which Pentecostal Charismatic movements have shaped the orientations of African Christianity and extended their influence into other spheres of post colonial societies such as politics developmental work and popular entertainment Among other things the chapters of the book show how Pentecostal charismatic Christianity responds to social and cultural concerns of Africans and how its growth and increasingly assertive presence in public life have facilitated new kinds of social positioning and claims to political power **Dynamics of Distancing in Nigerian Drama**

Nadia Anwar,2016-07-05 Nadia Anwar analyzes selected post independence Nigerian dramas using the conceptual framework of metatheatre a theatrical strategy that foregrounds the process of play making by breaking the dramatic illusion She argues that distancing as a function of metatheatre creates a balanced theatrical experience and environment in terms of the emotive and cognitive levels of reception of a particular performance Anwar s book is the first in depth study to apply the concept of metatheatre to Nigerian drama She brings the perspectives of Bertolt Brecht Thomas J Scheff and other theoreticians of dramatic distancing to the analysis of plays by authors such as Wole Soyinka Ola Rotimi Femi Osofisan Esiaba Irobi and Stella Dia Oyedepo **Intra-African**

Pentecostalism and the Dynamics of Power Amos B. Chewachong,2024-10-29 In an era when African Pentecostalism stretches its vibrant mosaic across continents Intra African Pentecostalism and the Dynamics of Power examines the pulsating heart of this phenomenon within Africa itself The book explores the complex interplay of faith and power through the lens of Nigeria s Winners Chapel and its expansion into Cameroon What compels a movement to evangelize fervently within its own continent making it both the preacher and the audience The book exposes the reverse missionary flow to the northern hemisphere as a backdrop for a more profound story unravelling within Africa Here the mother church exerts a magnetic pull ensuring fidelity as charismatic leaders like Bishop Oyedepo maintain their spiritual gravitas It is a story not

just of spirituality but of strategic moves and socio political undercurrents that shape identities and beliefs Employing rich narratives and rigorous research this book looks in depth at Winners Chapel s transnational missions highlighting the complexities of allegiance identity and the propagation of the prosperity gospel It challenges readers to see beyond conventional religious discourse into the depths where faith intersects with culture and power The book invites us to understand the multi dimensional influence of African Pentecostalism and to grasp the nuances of a faith that is transforming the continent from within African Evangelicalism and the Transformation of Africa Jacob K. Olupona,2025 What is the impact of Evangelical Christianity on Africa Evangelical Christianity and the Transformation of Africa will answer this question Evangelical Christianity is manifesting into a strong presence in African states perhaps more than in any other place in the world Given its exponential rise in Africa it is increasingly clear that Christianity in its evangelical form is exercising significant influence in virtually all spheres of life defining the essence of public and private life Drawing on original works from leading scholars in humanities and social science disciplines such as Afe Adogame Yolanda Covington Ward Jacob Olupona Derek Peterson Shobana Shankar and Nimi Wariboko this volume endeavors to produce a comprehensive study of Evangelical Christianity in Africa paying careful attention to disciplinary interconnections as well as social cultural political and economic forces Among other subjects essays in this volume address examples of evangelical subjectivity and identity formation against the current political backdrops of Nigeria Kenya the Democratic Republic of Congo and other nations While the book works to convey the core elements of the evangelical movement across the African continent it recognizes the importance of its diverse manifestations giving additional focus to Pentecostal groups and their distinct social cultural and political engagements At the same time it works to correct the unwarranted saturation of attention given to Pentecostal Charismatic movements in recent scholarship and expands the study of evangelicalism in Africa into the sphere of mainline churches and extra ecclesial organizations Authors also reflect on the ways that the African diaspora and transnational ties contribute to the make up of contemporary African evangelicalism In short this edited volume examines how the centrality of religion in African affairs political economic cultural ideological domains has contributed to turning Evangelical Christianity into the official face of the Christian Church in Africa today **Nigerian Pentecostalism and Development** Richard Burgess,2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest

that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region
