Primer on the Rheumatic Diseases John H. Klippel, John H. Stone, Leslie J. Crofford, Patience H. Primer on the Rheumatic Diseases John H. Klippel, Cornelia M. Weyand, Robert Wortmann, 1997 A comprehensive textbook for health care professionals and students covering the rheumatic diseases including arthritis lupus osteoporosis fibromyalgia and more

Pocket Primer on the Rheumatic Diseases John H. Klippel, 2010-08-18 For eight decades the Primer on the Rheumatic Diseases has been the standard text from which most medical students and house ofcers have learned rheumatology I myself will never forget thumbing through an older edition of the Primer as a second year resident while waiting to review a perplexing patient with my tutor Fortunately the tutor was running late with his own patients so I had time to flip through the book then much thinner a couple of times While turning the pages perusing the features of those diseases whose names were still exotic to me and considering my patient's history of conductive hearing loss and pulmonary nodules a light went on when I stumbled eventually on a particular chapter I still remember the jaw dropping effect on my tutor of my announcement then that I had a patient with Wegener's granulomatosis I think I became a rheumatologist that very moment Subsequent editions of the Primer have suffered from the inevitable obesity creep making it an outstanding reference textbook but virtually impossible to flip through quickly while awaiting one's tutor and even more difficult to slip into the pocket of a white coat to carry on rounds For this reason we have created the Pocket Primer a mini version that cuts the larger book down to its essentials
