Primo Levi Ian Thomson,2014-03-11 Primo Levi author of *Survival in Auschwitz* and *The Periodic Table* wrote books that have been called the essential works of humankind Yet he lived an unremarkable existence remaining until his death in the house in which he d been born managing a paint and varnish factory for thirty years and tending his invalid mother to the last Now in a matchless account Ian Thomson unravels the strands of a life as improbable as it was influential the story of the most modest of men who became a universal touchstone of conscience and humanism Drawing on exclusive access to family members and previously unseen correspondence Thomson reconstructs the world of Levi s youth the rhythms of Jewish life in Turin during the Mussolini years as well as his experience in Auschwitz and difficult reintegration into postwar Italy Thomson presents Levi in all his facets his fondness for Louis Armstrong and fast cars his insomnia and many near catastrophic work accidents Finally he explores the controversy and isolation of Levi s later years along with the increasing tensions in his life between his private anguish and gift for friendship his severe bouts of depression and passion for life and ideas his pervasive dread and reasoned pragmatic ethic Praised in Britain as the best sort of history and a model of its kind *Primo Levi A Life* is certain to take its place as the standard biography and a necessary companion to the works themselves *Primo Levi's*

Resistance Sergio Luzzatto,2016-01-05 A daring investigation of Primo Levi s brief career as a fighter with the Italian Resistance and the grim secret that haunted his life No other Auschwitz survivor has been as literarily powerful and historically influential as Primo Levi Yet Levi was not only a victim or a witness In the fall of 1943 at the very start of the Italian Resistance he was a fighter participating in the first attempts to launch guerrilla warfare against occupying Nazi forces Those three months have been largely overlooked by Levi s biographers indeed they went strikingly unmentioned by Levi himself For the rest of his life he barely acknowledged that autumn in the Alps But an obscure passage in Levi s *The Periodic Table* hints that his deportation to Auschwitz was linked directly to an incident from that time an ugly secret that had made him give up the struggle extinguishing all will to resist indeed to live What did Levi mean by those dramatic lines Using extensive archival research Sergio Luzzatto s groundbreaking *Primo Levi s Resistance* reconstructs the events of 1943 in vivid detail Just days before Levi was captured Luzzatto shows his group summarily executed two teenagers who had sought to join the partisans deciding the boys were reckless and couldn t be trusted The brutal episode has been shrouded in silence but its repercussions would shape Levi s life Combining investigative flair with profound empathy *Primo Levi s Resistance* offers startling insight into the origins of the moral complexity that runs through the work of Primo Levi himself

The Newbie Author's Survival Guide A.K. Taylor, 2016-11. After crash landing into self-publishing with nothing but the clothes she had on, author AK Taylor fought for survival with trying to market her books on a small budget. After two years of trial and error, reworking, refining and reaching out, she has created the first survival guide for book marketing, compiled of great tools and resources that can be used by any author during the rough times. Comparing the book marketing wilderness with the real wilderness is how Taylor viewed the publishing world around her. Growing up in the woods and learning survival skills has given her this unique viewpoint for a different kind of world. When she started her search for information, a book marketing survival guide didn't exist until now. Short: Have you ever been lost in the wilderness? Being lost in the wilderness is more dangerous and scarier than being lost anywhere else, and more things can happen. Book marketing is just like being lost in the real wilderness with pitfalls, dangerous plants and animals, and knowing what is needed to survive during the rough times. Using outdoor survival skills and applying them to book marketing, AK Taylor has created the first survival guide for book marketing on a small budget.
