Weapons Procurement in Phase Considerations Glen Segell,1998 *Unleashing Social Justice through EU Public Procurement* Antoinette Calleja,2015-10-05 The dramatic results of the 2014 European Parliament elections have highlighted the European Union s urgent need for a review of the scope and purpose of its social objectives and for a reordering of European priorities This book advocates a radical and original alternative to the current philosophy that determines the set of rules for the awarding of EU public procurement contracts It calls for a reordering of the EU s economic and social

priorities In doing so it advocates for a social dimension to be placed at the core of public procurement which could elicit a social model of integration in the EU in which the European citizen is the key actor This is achieved through an analytical approach as well as concise and contextualised explanations relating to free trade theories poverty and public interest theories This book will be of key interest to students and scholars of the European Union political theory and EU law

Hearings United States. Congress. Senate,1952 **Defence Industrial Cooperation in the European Union** Daniel Fiott,2019-03-28 This book provides an empirical understanding of how EU level defence industrial cooperation functions in practice Using the Liberal Intergovernmental theoretical model the book argues that while national economic preferences are an essential factor of government interests they only explain part of the dynamic that leads to the development of defence industrial policy at EU level Moving beyond a simple adumbration of economic preferences it shows how the EU s institutional framework and corpus of law are used by governments to reaffirm their position as the ultimate arbiter and promoter of national economic preferences in the defence industrial sector To this end the work asks why and how EU member state governments European defence firms and EU institutions developed EU level defence industrial policy between 2003 and 2009 The book also analyses significant policy developments including the establishment of a European Defence Agency and two EU Directives on equipment transfers and defence procurement This book will be of much interest to students of EU policy defence studies security studies and International Relations in general **Purchasing Guide for the Meat Industry** ,1953 **Trade Policy in Multilevel Government** Christian Freudlsperger,2020-04-11 Trade Policy in Multilevel Government investigates how multilevel polities organize openness in a globalizing political and economic environment In recent years the multilevel politics of trade caught a broader public s attention not least due to the Wallonian regional parliament s initial rejection of the EU Canada trade deal in 2016 In all multilevel polities competencies held by states and regions have increasingly become the subject of international rule setting This is particularly so in the field of trade which has progressively targeted so called behind the border regulatory barriers In their reaction to this deep trade agenda constituent units in different multilevel polities have shown widely varying degrees of openness to liberalizing their markets Why is that This book argues that domestic institutions and procedures of intergovernmental relations are the decisive factor Countering a widely held belief among practitioners and analysts of trade policy that involving subcentral actors complicates trade negotiations it demonstrates that the more voice a multilevel polity affords its constituent units in trade policy making the less the latter have an incentive to eventually exit from emerging trade deals While in shared rule systems constituent unit governments are directly represented along the entirety of the policy cycle in self rule systems territorial representation is achieved merely indirectly Shared rule systems are hence more effective than self rule systems in organizing openness to trade The book tests its theory s explanatory power on the understudied case of international procurement liberalization in extensive studies of three systems of multilevel government Canada the European Union and
