Oss Against Reich World Diaries

Edward Harrison

Oss Against Reich World Diaries:

Secret Service Against the Nazi Regime Edward Harrison, 2022-05-05 An edited collection of peer reviewed articles using newly released sources British German and Italian integrated to form a fascinating narrative of the intelligence led fight of the British Secret Service in the existential struggle with Nazi Germany The main sections are British Secret Warfare and the Nazi Challenge Counter Intelligence Against Axis Spies and Hugh Trevor Roper and Secret Service An inside and authentic story with original and little known but vital themes including the British Military Mission to Poland the British Special Operations Executive SOE in Poland British subversion in French East Africa on secret service for the Duce British Radio Intelligence and J C Masterman and the Security Service This is a uniquely human story of survival with all the drama of power struggles personality clashes errors heroism human intelligence **Special Warfare** ,1992 **Dateline-Liberated Paris** Ronald Weber, 2019-04-05 Vividly capturing the heady times in the waning months of World War II Ronald Weber follows the exploits of Allied reporters as they flooded into liberated Paris after four dark years of Nazi occupation He traces the remarkable adventures of the men and women who lived worked and played in the legendary Hotel Scribe set in a highly fashionable part of the largely undamaged city Press jeeps and trailers packed the street outside while inside the hotel was completely booked with hundreds of correspondents The busiest spot was the dining area where the clatter of typewriters combined with shouts of correspondents needing hot water to brew coffee from military powder But the basement level bar was the hotel's top attraction where famed war correspondents like Ernie Pyle Walter Cronkite A J Liebling Ernest Hemingway Martha Gellhorn Janet Flanner Lee Miller Marguerite Higgins Irwin Shaw Edward Kennedy Charles Collingwood Robert Capa and many others held court while in the company of military censors and top brass Weber uncovers the struggles between correspondents and Allied officials over censorship and the release of information the heated press chaos surrounding the war's end and the drama of the second German surrender orchestrated by the Russians in shattered Berlin The elation of total victory was mixed with the abrupt emptiness of a task finished While work on the Continent remained for journalists it now dealt with the slog of the occupation of Germany rather than the blood and glory of war Yet Weber shows there were many reasons to carry on after VE Day in this delightfully entertaining account of the hotel where correspondents were regularly briefed on the war and its aftermath wrote their stories had them transmitted to international media outlets and rarely neglected the pleasures of a Paris reborn until December 1 1945 when the Hotel Scribe was officially vacated by the American military [The Eagle in the Mirror](#) Jesse Fink, 2023-08-22 Part biography part forensic jigsaw puzzle part cold case detective investigation *The Eagle in the Mirror* is the story of Charles Howard Dick Ellis The longest serving spy for the British Secret Intelligence Service MI6 Ellis helped set up the Office of Strategic Services OSS now known as the Central Intelligence Agency CIA and the Australian Secret Intelligence Service ASIS In the 1940s he was considered one of the top three secret agents in MI6 and controlled its activities as one journalist put it for half the world But in the 1980s crusading

espionage journalist Chapman Pincher in the hugely successful books *Their Trade is Treachery* and *Too Secret Too Long* and retired MI5 intelligence officer Peter Wright in the worldwide bestseller *Spycatcher* posthumously accused Ellis of having operated as a triple agent for Nazi Germany and the Soviet Union In 1965 while under interrogation in London Ellis had allegedly made a confession that he had supplied information to the Nazis before World War II However Pincher's and Wright's accusations against Ellis have never been comprehensively proven No confession has materialised Was Ellis guilty or was an innocent man framed By confessing did he take the fall for someone else Or had the intelligence agencies of the United States the United Kingdom and Australia been fatally compromised by a super mole Internationally bestselling author JESSE FINK *Pure Narco Bon The Last Highway* The Youngs attempts to find out the truth once and for all *The Eagle in the Mirror* is not just a long overdue biography of the unheralded Dick Ellis it's a gripping real life international whodunit [Britain and Europe Since 1945](#) Oliver J. Daddow, 2004-04-15 This important book offers a refreshing and challenging perspective on the nature of history by analyzing the character role functioning and wider uses of historiography Taking British policies toward European integration since the Second World War as a case study the author demonstrates how its interpretation and reportage over time is subject to changing trends Seeking to explain these trends in terms of the different conceptions of the past which are maintained by different schools of writing it forces us to confront the fundamental difficulties we encounter in undertaking studies in history It draws attention to the impact on historical interpretation of changing times political discourse the opening of archives and of subjects being brought to the fore by professional historians [The Propaganda Warriors](#) Clayton David Laurie, 1996 A fascinating story Essential to an understanding of America's use of propaganda Warren F Kimball author of *The Juggler Franklin Roosevelt as Wartime Statesman* Lively and revealing There is much that is new and important in this book All students of the war as well as of intelligence will benefit from it Robin W Winks author of *Cloak and Gown* A must acquisition for anyone with any interest in espionage intelligence and propaganda Dennis Showalter author of *Tannenburg Clash of Empires* [The Liberation of Paris](#) Jean Edward Smith, 2019-07-23 Prize winning and bestselling historian Jean Edward Smith tells the rousing Jay Winik author of 1944 story of the liberation of Paris during World War II a triumph achieved only through the remarkable efforts of Americans French and Germans racing to save the city from destruction Following their breakout from Normandy in late June 1944 the Allies swept across northern France in pursuit of the German army The Allies intended to bypass Paris and cross the Rhine into Germany ending the war before winter set in But as they advanced local forces in Paris began their own liberation defying the occupying German troops Charles de Gaulle the leading figure of the Free French government urged General Dwight Eisenhower to divert forces to liberate Paris Eisenhower's advisers recommended otherwise but Ike wanted to help position de Gaulle to lead France after the war And both men were concerned about partisan conflict in Paris that could leave the communists in control of the city and the national government Neither man knew that the German commandant Dietrich von Choltitz convinced that the war

was lost schemed to surrender the city to the Allies intact defying Hitler's orders to leave it a burning ruin In The Liberation of Paris Jean Edward Smith puts one of the most moving moments in the history of the Second World War Michael Korda in context showing how the decision to free the city came at a heavy price it slowed the Allied momentum and allowed the Germans to regroup After the war German generals argued that Eisenhower's decision to enter Paris prolonged the war for another six months Was Paris worth this price Smith answers this question in a brisk new recounting that is terse authoritative and unsentimental The Washington Post **From Hitler's Doorstep** Neal H. Petersen, 2010-11-01 For three years during World War II future Director of Central Intelligence Allen Dulles commanded the OSS mission in Bern Switzerland From Hitler's Doorstep provides an annotated selection of his reports to Washington from 1942 to 1945 Dulles was a leading source of Allied intelligence on Nazi Germany and the occupied nations The messages presented in this volume were based on information received through agents and networks operating in France Italy Austria Eastern Europe and Germany itself They deal with subjects ranging from enemy troop strength and military plans to political developments support of resistance movements secret weapons psychological warfare and peace feelers The Dulles reports reveal his own vision of grand strategy and presage the postwar turmoil in Europe One of the largest collections of OSS records ever published these telegrams and radiotelephone transmissions from the National Archives provide an exciting account of the course of the European war offer insight on the development of American intelligence and illuminate the origins of the Cold War They will interest diplomatic and military historians as well as specialists on modern Europe This volume is almost unique as document based intelligence history and serves as a badly needed bridge between diplomatic history and intelligence studies The Struggle for Cooperation Robert L. Fuller, 2019-02-22 During World War II French citizens expressed that the German occupiers behaved more correctly than the American combat troops who replaced them In The Struggle for Cooperation Liberated France and the American Military 1944-1946 author Robert L Fuller presents a unique perspective on the relations between France and the United States during the Second World War Until the summer of 1944 the German Army made real efforts to fare well with the French to make their occupation duties easier The Americans also tried to get along with the French however American GIs were subjected to looser discipline than German soldiers Most GIs behaved appropriately but the small number who did not created an unfavorable impression among the French which created tension mutual feelings of suspicion and dislike and occasional displays of outright hostility Yet because the war against the Axis powers was also France's war most French especially officials wanted to work cooperatively with the Americans to play their part in winning it Fuller reveals how the French handled various issues that demanded cooperation including the requisition of French property the treatment of Axis prisoners of war the utilization of French transportation networks GI crime and the effective American takeover of the port of Marseille Other interactions such as controlling black markets and caring for displaced persons fostered both cooperation and friction Fuller establishes how all of these issues offered the

possibility of working together peacefully or in conflict and how more often than not the results ended with positive and amicable actions *Tomorrow, the World* Stephen Wertheim, 2020-10-27 A Foreign Affairs Best Book of the Year Even in these dismal times genuinely important books do occasionally make their appearance You really ought to read it A tour de force While Wertheim is not the first to expose isolationism as a carefully constructed myth he does so with devastating effect Andrew J Bacevich The Nation For most of its history the United States avoided making political and military commitments that would entangle it in power politics Then suddenly it conceived a new role for itself as an armed superpower and never looked back In *Tomorrow the World* Stephen Wertheim traces America's transformation to World War II right before the attack on Pearl Harbor As late as 1940 the small coterie formulating U S foreign policy wanted British preeminence to continue Axis conquests swept away their assumptions leading them to conclude that America should extend its form of law and order across the globe and back it at gunpoint No one really favored isolationism a term introduced by advocates of armed supremacy to burnish their cause We live Wertheim warns in the world these men created A sophisticated and impassioned account that questions the wisdom of U S supremacy *Tomorrow the World* reveals the intellectual path that brought us to today's endless wars Its implications are invigorating Wertheim opens space for Americans to reexamine their own history and ask themselves whether primacy has ever really met their interests New Republic For almost 80 years now historians and diplomats have sought not only to describe America's swift advance to global primacy but also to explain it Any writer wanting to make a novel contribution either has to have evidence for a new interpretation or at least be making an older argument in some improved and eye catching way *Tomorrow the World* does both Paul Kennedy Wall Street Journal
