Our Entitled Children: an American Tiger Mom's Story

Susan Tatsui-D'Arcy,2019-03-28 You don't need to be a Tiger Mom to take control of your kids education and get them into Stanford In *Our Entitled Children An American Tiger Mom's Story* visionary educator Susan Tatsui D Arcy reveals a more practical approach to raising the kind of children that Ivy Leagues covet Everyone wants to raise successful high achieving children but for many parents today America's predominant style of coddling helicopter style parenting seems like a recipe for just the opposite As a third generation Japanese American Susan scrutinizes the American instinct to entitle one's child to a life of as little hardship and failure as possible She offers a provocative analysis of where our parenting culture has gone wrong as well as a wealth of insight on how we can fix it As an American Tiger Mom Susan departs from the classic Tiger Mom approach in many ways She encourages her kids to socialize and to adopt personal interests hobbies and causes in order to build self confidence and promote empowerment Rather than force her daughters to play the violin for hours on end she embarks on a journey to start a top notch private school Merit Academy just for them Susan's story crackles with witty observations and charming anecdotes as she details her quest to provide her daughters with a world class education She explains how she was able to give them one on one class sizes pair them with passionate teachers expose them to amazing leaders of science and industry encourage them to make a difference by doing Projects and more without paying for any of it herself Always affable yet frank Susan seeks to help America's beleaguered parents by giving them a thorough account of her attempts to raise her daughters the right way Through it all she looks back and wonders if she has ultimately been successful or if her girls as highly accomplished as they both are have turned out to be entitled despite or perhaps because of her best efforts More than just an inspiring tale of old fashioned American ingenuity and entrepreneurship *Our Entitled Children An American Tiger Mom's Story* paints a remarkable portrait of the modern American family and is an invaluable resource that any parent can take something away from [The Eco Xmas Tree](#) , **Infantilised: How Our Culture Killed Adulthood**

Keith J. Hayward,2024-06-27 *Infantilised How Our Culture Killed Adulthood* is the definitive grown up's guide to a cultural landscape predicated on the primacy and constancy of youth [The O. Henry Prize Stories 2013](#) ,2013-09-10 *The O Henry Prize Stories 2013* gathers twenty of the best short stories of the year selected from thousands published in literary magazines The winning stories take place in such far flung locales as a gorgeous sailboat in Hong Kong a Cuban sugar plantation the Kenai River in Alaska a mansion in New Delhi a ship torpedoed by a German U boat and the ghost haunted rubble of a Turkish girls school Also included are the editor's introduction essays from the jurors Lauren Groff Edith Pearlman and Jim Shepard on their favorite stories observations from the winners on what inspired them and an extensive resource list of magazines *Mothering in East Asian Communities;Politics and Practices* Patti Duncan,2014-09-01 In

Mothering in East Asian Communities Duncan and Wong seamlessly rupture a homogenous identity category that of the tiger

mom The editors invoke the works of diverse contributors who critically challenge essentialized identity categories and racialized and sexualized experiences of women of color within the institution of motherhood and practices of mothering Here the edited volume grapples with globalization transnationalism and capitalism with an East Asian ethno racial cultural context Duncan and Wong offer a personal and political analysis of motherhood that is socially and cu *The Roeper School* Don Ambrose, Bharath Sriraman, Tracy L. Cross, 2013-12-30 How can we design schools that energetically promote intellectual development while also attending to the social emotional and ethical growth of students In today s frenzied climate of accountability driven school reform it is difficult to establish anything more than achievement of superficial knowledge and skill Fortunately there is a vibrant example of holistic student centered education that engenders dynamic multidimensional student growth The Roeper School enables students to develop strong intrinsic motivation as they discover aspirations and develop talents consistent with those aspirations Simultaneously from a very young age students take considerable responsibility for their own actions and for the processes that go on in their school Following the Roeper philosophy each student generates a long term sense of purposeful direction a strong sense of intrapersonal awareness impressive creative and critical thinking skills and a finely tuned sense of ethical responsibility Upon graduation Roeper students are well prepared to find or create highly productive niches in the world of work and rewarding personal lives while serving as mature ethical citizens of a complex 21st century globalized society This book includes descriptions of the multidimensional education the Roeper School provides The perspectives in the volume are diverse coming from leading researchers and theorists in the field of gifted education as well as teachers administrators alumni and current students from the school itself Overall the book provides a beacon of hope for 21st century education America's Future: Biden And The Progressives Daniel Quinn Mills, Steven Rosefield, 2022-04-11 This book is about a choice President Biden must make that will determine the future of America His choice is between being a partisan politician or a non partisan statesman However to be a statesman he must contend with the progressive wing of his party Today s progressives have become revolutionaries whose purpose is to remake America by canceling their opponents Biden has a tiger by the tail As in all such situations the problem is how to let go In this book we suggest how Biden can free himself from the danger posed by the progressives and simultaneously benefit America dramatically The Problem with Parenting Nancy A. McDermott, 2020-08-24 The Problem with Parenting serves as an essential guide to the recent origins and current excesses of American parenting for students parents and policy makers interested in the changing role of the family in childrearing Family scholarship focuses predominately on the evolution of family structure and function with only passing references to parenting Researchers who study parenting however invariably regard it as a sociological phenomenon with complex motivations rooted in such factors as class economic instability and new technologies This book examines the relationship between changes to the family and the emergence of parenting defined here as a specific mode of childrearing It shows how beginning in the 1970s the family

was transformed from a social unit that functioned as the primary institution for raising children into a vehicle for the nurturing and fulfillment of the self. The book pays special attention to socialization and describes how the change in our understanding of parenthood from a state of being into the distinct activity of parenting is indicative of a disruption of our ability to transfer key cultural values and norms from one generation to the next.

Socialization in Higher Education and the Early Career John C. Weidman, Linda DeAngelo, 2020-02-17 This book celebrates the contributions of John Weidman and his colleagues to the understanding of student socialization in higher education. It includes innovative chapters reflecting new approaches to higher education student socialization with respect to students of color, gender, STEM, and students in higher education systems outside the USA. Specifically, the book examines socialization between and within a range of groups including national, international, and minority students, parents, doctoral students, early career faculty, and scholarly practitioners. The book assesses methodological approaches and suggests directions for reformulating theory and practice. Using sociological perspectives to address issues and concerns at both the undergraduate and graduate levels, the book gives renewed life to the college impact literature. It includes revisions and expansions of the original Weidman frameworks based on the synthesis of existing research with new work reflecting unique perspectives by a variety of authors. John Weidman has been an indisputable force in the study and understanding of student socialization in higher education. This new book by Weidman and his coeditor Linda DeAngelo represents an undeniably significant and welcomed expansion of the original Weidman model of student socialization. In updating and revising the original model, chapter authors give attention to various contemporary issues such as student diversity, gender differences, early career experiences, and internationalism. Whether one samples only some of the articles that constitute this book or reads all of them, the professional payoff will be substantial.

Kenneth A. Feldman, Professor of Sociology, Stony Brook University: John Weidman has made a number of groundbreaking contributions to our understanding of student socialization in postsecondary education. This book, edited with Linda DeAngelo, brings together a group of fine scholars whose contributions will push our understanding even further. It is a significant addition to the college impact literature.
