## **Our Lady Of Guadalupe Faith And Empowerment Among Mexican American Women:**

**Our Lady of Guadalupe** Jeanette Rodriguez,1994 Our Lady of Guadalupe is the most important religious symbol of Mexico and one of the most powerful female icons of Mexican culture In this study based on research done among second generation Mexican American women Rodriguez examines the role the symbol of Guadalupe has played in the development of these women She goes beyond the thematic and religious implications of the symbol to delve into its relevance to their daily lives Rodriguez s study offers an important reinterpretation of one of the New World s most potent symbols Her conclusions dispute the common perception that Guadalupe is a model of servility and suffering Rather she reinterprets the symbol of Guadalupe as a liberating and empowering catalyst for Mexican American women *Woman And Art in Early Modern Latin America* Kellen Kee MacIntyre,Richard E. González,2022-02-22 Faith and Power is framed within the larger processes of immigration refugee policies deindustrialization the rise of the religious left and right the human rights revolution and the Chicana o Puerto Rican and Immigrant freedom movements The book explores religion and religious politics as part of the larger ecosystem that has shaped Latina o communities specifically and American politics in general *Mexican-American Catholics* Eduardo C. Caminemos con Jesu[s] Roberto S. Goizueta,1995-01-01 While the growth in both numbers and influence of Hispanics in North American Catholicism and Protestantism has been commented on widely up until now there has been no systematic attempt to define a Hispanic theology Roberto Goizueta a Cuban American theologian aware that Hispanic and Latino can be terms imposed artificially on diverse peoples finds a common link in the Spanish language and in a shared culture Central to this culture is the experience of exile of being a people at the margins of a society who must find and make their way together Central also is faith and its grounding in this experience of being in exile In delineating the very particular nature and worldview of Hispanic Latino theology Caminemos con Jesus challenges both traditional Euro American theologies and modern Western epistemological assumptions It examines the implications of this theological method for the Church and the academy as well as for the future of the Latino community and North American society Caminemos con Jesus provides lessons in discipleship for non Hispanics and Hispanics alike for students of contemporary theology and all those engaged in
