Outsystem An Aeon 14 Novel:

Outsystem M. D. Cooper, 2012-07-03 Delve into the epic Aeon 14 Universe with the Bestselling book that started it all I'm done with Sol The system is rotting and I want out The Terran Space Force has tried to hold onto me but even they can't deny the people behind the largest colony ship ever made The GSS Intrepid can house millions of colonists and its leaders have selected me as one of them I finally have a way out of Sol Except there's a catch I mean of course there is right A secret organization is doing their damndest to destroy the Intrepid My background in military intelligence puts me in charge of the investigation which means I'm going to have to work for my passage Not that I mind Angela my rather sassy internal AI and I are used to going up against impossible odds to get the job done The only problem We don't know who our adversary is Either way they'd better look out Nothing's going to stand in my way

Rika Redeemed M. D. Cooper, 2017-11-02 Rika is a Marauder After years of drifting aimlessly after the war with the Nietzscheans she has finally found a home with the Marauders a mercenary outfit comprised of Genevian veterans Back in the war Rika hated her government but always fought for the woman next to her Now she fights for her teammates in Basilisk an elite spec ops team that takes on the toughest missions When General Mill CO of the Marauders comes to Rika with a top secret solo operation she wants to turn it down But the mission comes with a chance to save Silva her old team leader from the Nietzschean war Without team Basilisk without the Marauders Rika must stand on her own against all odds and save the woman who once saved her

Rika
Mechanized M. D. Cooper, 2018-04-24 Rika is a scout mech once human now she is the property of the Genevian military Rika's crime was small stealing food But when faced with a five year prison term or conscription in the Genevian military she chose war She had no idea what that conscription would entail Now little of Rika's human body remains and she serves as an SMI 2 scout mech the meat inside a cyborg body She and others like her are sent in ahead of the human soldiers to tip the scales of war But the enemy has upped the ante and the mechs of Rika's fireteam will have to go up against unimaginable odds if they want to serve their time and become human again

Rika Outcast M. D. Cooper, Rika is mech meat a cyborg killing machine created by the Genevian military and cast aside when the war was lost Now she slings cargo on Dekar Station falling deeper in debt as she struggles to make enough money to keep her cybernetic body functioning The local gangs would love to have her join their ranks and the takings would pay her bills but the only thing Rika hates more than what she's become is killing for others But morals don't buy repairs and she's at the point of utter desperation when her loan holder cashes in her debt and sells her to the highest bidder When Rika wakes she's in a warehouse on a planet she's never heard of and a trio of mercenaries are reassembling her body Their mission is to kill the world's president and her mods and abilities are just what they need to get the job done Whether she likes it or not Rika is in the business of killing once more as she joins the ranks of the Marauders

Lyssa's Dream M. D. Cooper, James S. Aaron, 2017-07-27 It has been one hundred and seventy five years since the birth of the first truly sentient AI It has been just two short years since Lyssa's birth Captain Andy Sykes

just wants to keep his family in one piece Once a combat pilot for the TSF he gave it all up for love and a family But two years ago his wife disappeared leaving him with two mouths to feed eight year old Tim ten year old Cara Since then he s managed to scrape a living hauling cargo between the Jovian Combine and InnerSol It s not glamorous his ship s falling apart and it s boring as hell but it keeps them in fuel and calories When a cargo run to Cruithne Station meets with more than one catastrophe Andy finds himself accepting an offer a less desperate man would refuse delivering an illegal AI named Lyssa The AI is the property of Heartbridge a powerful interplanetary corporation and they want their latest weapon back With a private army gangs and pirates all vying for the precious cargo Andy carries it s going to take everything Andy has to keep his ship flying his kids safe and get Lyssa to her destination Even if he succeeds Lyssa s very existence may spark a war like no other humanity has ever seen
