## **Preparing For The Rain On Iwo Jima Isle:**

**Preparing for the Rain on Iwo Jima Isle** Marion Frank Walker, Becky White, 2009 Preparing for the Rain on Iwo Jima Isle follows the life and military service of Marion Frank Walker who was born and raised in a peaceful small town in southern Indiana during the Depression years Frank was just 16 years old when America received that now legendary wake up call on December 7th 1941 as planes from Japanese aircraft carriers bombed and torpedoed the U S naval fleet stationed at Pearl Harbor in Hawaii In Frank s words The world as we knew it changed overnight Thus began the U S military involvement in World War II Eager to serve his country Frank managed to graduate from high school mid term of his senior year and at 17 years old became a proud member of the U S Marine Corps The desire to serve and protect his beloved country would soon send him to the bloody battlefield of Iwo Jima At 19 years old he crawled through the volcanic ash that had turned purple from the blood of his fallen comrades and saw gruesome sights that no person should ever have to witness Frank is in the posed picture of the flag raising at Iwo Jima as photographed by Joe Rosenthal He went on from there to become a part of the occupation force at Fukuoka Japan After reading of his experiences during this deeply troubling time in history Frank and his surviving comrades only ask that the people of America remember the sacrifices that have been made for their freedom and that their fallen comrades be remembered

**Men of War** Alexander Rose, 2015-06-09 In the grand tradition of John Keegan s enduring classic The Face of Battle comes a searing unforgettable chronicle of war through the eyes of the American soldiers who fought in three of our most iconic battles Bunker Hill Gettysburg and Iwo Jima This is not a book about how great generals won their battles nor is it a study in grand strategy Men of War is instead a riveting visceral and astonishingly original look at ordinary soldiers under fire Drawing on an immense range of firsthand sources from the battlefield Alexander Rose begins by re creating the lost and alien world of eighteenth century warfare at Bunker Hill the bloodiest clash of the War of Independence and reveals why the American militiamen were so lethally effective against the oncoming waves of British troops Then focusing on Gettysburg Rose describes a typical Civil War infantry action vividly explaining what Union and Confederate soldiers experienced before during and after combat Finally he shows how in 1945 the Marine Corps hurled itself with the greatest possible violence at the island of Iwo Jima where nearly a third of all Marines killed in World War II would die As Rose demonstrates the most important factor in any battle is the human one At Bunker Hill Gettysburg and Iwo Jima the American soldier as much as any general proved decisive To an unprecedented degree Men of War brings home the reality of combat and just as important its aftermath in the form of the psychological and medical effects on veterans As such the book makes a critical contribution to military history by narrowing the colossal gulf between the popular understanding of wars and the experiences of the soldiers who fight them Praise for Men of War A tour de force strikingly vivid well observed and compulsively readable The Daily Beast Military history at its best This is indeed war up close as those who fought it lived it and survived it if they could Men of War is deeply researched beautifully written The Wall

Street Journal A brilliant riveting unique book Men of War will be a classic General David H Petraeus U S Army Retired The fact is that Men of War moves and educates with the reader finding something interesting and intriguing on virtually every page National Review This is a book that has broad value to a wide audience Whether the reader aims to learn what actually happens in battle draw on the military lessons within or wrestle with what actually defines combat Men of War is a valuable addition to our understanding of this all too human experience The New Criterion A highly recommended addition to the literature of military history Rose writes vividly and memorably with a good eye for the telling detail or anecdote Kirkus Reviews starred review Using the firsthand accounts of brave soldiers who fought for freedom Rose sheds new light on viewpoints we haven't heard as widely before It's a welcome perspective in an era where most people have no military experience to speak of The Washington Times Rose poignantly captures the terror and confusion of hand to hand combat during the battle The Dallas Morning News If you want to know the meaning of war at the sharp end this is the book to read James McPherson Pulitzer Prize winning author of The War That Forged a Nation *The First Battalion of the 28th Marines on Iwo Jima* Robert E. Allen, 2015-08-31 On February 19 1945 seven battalions of U S Marines landed on the eastern beaches of Iwo Jima On the southernmost flank in the shadows of Suribachi the First Battalion 28th Marines stormed ashore into the bloodiest and most renowned of all battles fought by the U S Marine Corps Thirty six days later the Marines overran the Bloody Gorge and dislodged the last enemy holdouts The battle was over but at great cost 225 of the First Battalion's men died on Iwo Jima Based on official reports and personal accounts this is a day by day history of the First Battalion 28th Marines on Iwo Jima Each chapter presents an overview of that day's combat and other relevant events and also contains the text of that day's official regimental and battalion narratives The text is complemented by a chronology and transcribed muster rolls for February and March 1945 Truman's Resolve Carl L. Steinhouse, 2020-09-27 Having come off vicious battles in Saipan and Peleliu this volume continues the war with the invasion of the Philippines Iwo Jima and Okinawa The battle for Iwo Jima coming ever closer to Japan caused many casualties the most so far in the Pacific war But it did not compare to the next battle the one for Okinawa where heavy casualties were incurred not only by the troops on the ground but by the sailors on ships attacked by suicide bombers whose pilot's sole mission was to crash his bomb carrying plane into an American ship With the death of President Roosevelt Harry Truman faced the momentous decision of dropping the atomic bomb on Japan wiping out tens of thousands of civilians or instead invading Japan and face perhaps a million casualties among American forces given what happened on Iwo Jima and Okinawa Truman dropped the bomb and the Japanese after much soul searching surrendered Enter General Douglas MacArthur appointed Supreme Commander for the occupation of Japan He retained the emperor against the howling of those calling for revenge and retribution ending up with a totally peaceful occupation up to the time the occupation forces left Japan Commanding the Pacific Stephen Taaffe, 2021-09-15 The Marine Corps covered itself in glory in World War II with victories over the Japanese in hard fought battles such as

Guadalcanal Tarawa and Iwo Jima While these battles are well known those who led the Marines into them have remained obscure until now In *Commanding the Pacific Marine Corps Generals in World War II* Stephen R Taaffe analyzes the fifteen high level Marine generals who led the Corps six combat divisions and two corps in the conflict He concludes that these leaders played an indispensable and unheralded role in organizing training and leading their men to victory Taaffe insists there was nothing inevitable about the Marine Corps success in World War II The small pre war size of the Corps meant that its commandant had to draw his combat leaders from a small pool of officers who often lacked the education of their Army and Navy counterparts Indeed there were fewer than one hundred Marine officers with the necessary rank background character and skills for its high level combat assignments Moreover the Army and Navy froze the Marines out of high level strategic decisions and frequently impinged on Marine prerogatives There were no Marines in the Joint Chiefs of Staff or at the head of the Pacific War s geographic theaters so the Marines usually had little influence over the island targets selected for them In addition to bureaucratic obstacles constricted geography and vicious Japanese opposition limited opportunities for Marine generals to earn the kind of renown that Army and Navy commanders achieved elsewhere In most of its battles on small Pacific War islands Marine generals had neither the option nor inclination to engage in sophisticated tactics but they instead relied in direct frontal assaults that resulted in heavy casualties Such losses against targets of often questionable strategic value sometimes called into question the Marine Corps doctrine mission and the quality of its combat generals Despite these difficulties Marine combat commanders repeatedly overcame challenges and fulfilled their missions Their ability to do so does credit to the Corps and demonstrates that these generals deserve more attention from historians than they have so far received
