Preserving Privilege California Politics Propositions And People Of Color:

Preserving Privilege Jewelle Taylor Gibbs, Teiahsha Bankhead, 2001-03-30 Gibbs and Bankhead examine the history and current situation in California as it struggles to deal with the ethnic and racial change that will make it the first American state to have a non white majority in the first decade of the 21st century From shock and denial to bargaining to change the outcome they analyze the impact in California and what this may mean for the rest of the country They begin by tracing the major historical social economic and political events of the past 50 years that laid the foundation for the impetus of such ethnically and racially divisive initiatives as the efforts to strengthen anti crime measures remove illegal immigrants limit affirmative action measures and eliminate bilingual education Each of these ballot propositions is examined detailing the pro and con arguments of their advocates and opponents their major financial contributors campaign strategies ethnic voting patterns implications of implementation and their impact on people of color Gibbs and Bankhead then look at parallels from a national and international perspective They conclude with a discussion of the values that should guide public policy debates in a multiethnic multicultural society and they propose specific policy alternatives to address the issues of crime prevention and control illegal immigration affirmative action and bilingual education A thoughtful analysis that will be of value to

concerned citizens as well as policy makers scholars and students of contemporary American issues **Racial Propositions** Daniel Martinez HoSang, 2010-10-28 This book looks beyond the headlines to uncover the controversial history of California's ballot measures over the past fifty years As the rest of the U S watched California voters banned public services for undocumented immigrants repealed public affirmative action programs and outlawed bilingual education among other measures Why did a state with a liberal political culture an increasingly diverse populace and a well organized civil rights leadership roll back civil rights and anti discrimination gains Daniel Martinez HoSang finds that contrary to popular perception this phenomenon does not represent a new wave of color blind policies nor is a triumph of racial conservatism Instead in a book that goes beyond the conservative liberal divide HoSang uncovers surprising connections between the right and left that reveal how racial inequality has endured Arguing that each of these measures was a proposition about the meaning of race and racism his deft convincing analysis ultimately recasts our understanding of the production of racial identity inequality and power in the postwar era

The Victims' Rights Movement Michael Vitiello, 2023-07-18 Outlines the successes and failures of the movement to support survivors of violence The Victims Rights Movement VRM has been one of the most meaningful criminal justice reforms in the United States Every state and the federal government has adopted major VRM laws to enact protections for victims and increase criminal sanctions and the movement has received support from politicians of all backgrounds Despite recognition of its excesses the movement remains an important force in the criminal justice arena The Victims Rights Movement offers a measured overview of the successes and the failures of the VRM Among its widely acknowledged accomplishments are expanded resources to help victims deal with trauma greater sensitivity to

sexual assault victims in many jurisdictions and increased chances of victims receiving restitution from perpetrators of harm. Conversely the movement has led to excessive punishment for many defendants and destruction of defendants families. It has exacerbated racial inequality in the imposition of the death penalty and criminal sentencing generally and falsely promises closure to crime victims and their families. Michael Vitiello considers whether the VRM serves those injured by crime well by focusing on victimhood. He urges a reframing of the movement to fight for universal health care and limits on access to weapons, two policies that would reduce the number of victims and help those who do become victims of crime.

The New Nativism Robin Dale Jacobson, 2008. A very well crafted important book I recommend it highly. Howard Winant, author of *The New Politics of Race*. In 1994 California voters flocked to the polls in record numbers because of a ballot measure Proposition 187 that was designed to deny social services to undocumented immigrants. A majority of voters favored the proposition and accusations of racism flew in all directions. A U S District Court ultimately overturned it but to this day Proposition 187 represents a watershed moment in the immigration debate. Examining the dynamics of that political battle, *The New Nativism* questions racism as the motivating factor for political action both at the time and in the high stakes, hotly contested immigration debates of today. Robin Jacobson's work based on in depth interviews with supporters of Proposition 187 unpacks the role race played in their support of the measure. Jacobson finds that rather than being motivated primarily by racism, proponents connected racial identity ideas of fairness and traditional American values in surprising often contradictory ways. As individual activists on both sides of the debate struggled to make sense of their political and ideological commitments in light of immigration issues, the meaning and import of race and citizenship were conflated in their minds. Investigating a key moment in grassroots political activism, *The New Nativism* sifts through the claims of racism that dominate current immigration debates and humanizes the discussion in important and potentially controversial ways. Moving beyond inflammatory headlines and polarizing rhetoric, Jacobson reveals that it is not so much prejudice but the very act of defining race that lies at the center of modern American politics. Robin Dale Jacobson is assistant professor of political science at Bucknell University.

[Mental Health Care in the African-American Community](#) Sadye Logan, Ramona Denby, Priscilla A Gibson, 2013-01-11. Over the course of an African American's lifetime, mental health care needs change according to an individual's unique interactions with his or her environment. *Mental Health Care in the African American Community* uses this perspective to provide a deeper analysis of factors and issues affecting the mental health of African Americans. This comprehensive text provides a current and historical analysis of the impact of mental health research, policy, community and clinical practice from a life course perspective. Stressing evidence based practice as an expanded way to think and talk about individualizing and translating evidence into a given practice situation, this valuable book provides a social work context for all helping professions. *Mental Health Care in the African American Community* provides the helping community with non traditional expanded ways of thinking and intervening in the mental health needs and care of African

The Handbook of Community Practice Marie Weil, Michael Reisch, 2005 Encompassing community development organizing planning and social change as well as globalisation this book is grounded in participatory and empowerment practice The 36 chapters assess practice theory and research methods

Encyclopedia of Race, Ethnicity, and Society Richard T. Schaefer, 2008-03-20 This encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives Over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society

Beyond Resistance! Youth Activism and Community Change Pedro Noguera, Julio Cammarota, Shawn Ginwright, 2013-05-13 The failure of current policy to address important quality of life issues for urban youth remains a substantial barrier to civic participation educational equity and healthy adulthood This volume brings together the work of leading urban youth scholars to highlight the detrimental impact of zero tolerance policies on young people's educational experience and well being Inspired by the conviction that urban youth have the right to more equitable educational and social resources and political representation Beyond Resistance offers new insights into how to increase the effectiveness of youth development and education programs and how to create responsive youth policies at the local state and federal level

Arab and Arab American Feminisms Rabab Abdulhadi, Evelyn Alsultany, Nadine Naber, 2011-04-05 In this collection Arab and Arab American feminists enlist their intimate experiences to challenge simplistic and long held assumptions about gender sexuality and commitments to feminism and justice centered struggles among Arab communities Contributors hail from multiple geographical sites spiritualities occupations sexualities class backgrounds and generations Poets creative writers artists scholars and activists employ a mix of genres to express feminist issues and highlight how Arab and Arab American feminist perspectives simultaneously inhabit multiple overlapping and intersecting spaces within families and communities in anticolonial and antiracist struggles in debates over spirituality and the divine within radical feminist and queer spaces in academia and on the street and among each other Contributors explore themes as diverse as the intersections between

gender sexuality Orientalism racism Islamophobia and Zionism and the restoration of Arab Jews to Arab American histories This book asks how members of diasporic communities navigate their sense of belonging when the country in which they live wages wars in the lands of their ancestors Arab and Arab American Feminisms opens up new possibilities for placing grounded Arab and Arab American feminist perspectives at the center of gender studies Middle East studies American studies and ethnic studies

Sunbelt Rising Michelle Nickerson, Darren Dochuk, 2013-09-17 Coined by Republican strategist Kevin Phillips in 1969 to describe the new alloy of conservatism that united voters across the southern rim of the country the term Sunbelt has since gained currency in the American lexicon By the early 1970s the region had come to embody economic growth and an ambitious political culture With sprawling suburban landscapes cities like Atlanta Dallas and Los Angeles seemed destined to sap influence from the Northeast Corporate entrepreneurialism and a conservative ethos helped forge the Sunbelt's industrial labor relations military spending education systems and neighborhood development Unprecedented migration to the region ensured that these developments worked in concert with sojourners personal quests for work family community and leisure In the resplendent Sunbelt the nation seemed to glimpse the American Dream remade The essays in *Sunbelt Rising* deploy new analytic tools to explain this region's dramatic rise Contributors to the volume study the Sunbelt as both a physical entity and a cultural invention They examine the raised highway the sprawling prison complex and the fast food restaurant as distinctive material contours of a region In this same vein they delineate distinctive Sunbelt models of corporate and government organization which came to shape so many aspects of the nation's political and economic future Contributors also examine literature religion and civic engagement to illustrate how a particular Sunbelt cultural sensibility arose that ordered people's lives in a period of tumultuous change By exploring the interplay between the Sunbelt as a structurally defined space and a culturally imagined place *Sunbelt Rising* addresses longstanding debates about region as a category of analysis
