Prince Philip Sweden:

Sweden Country Study Guide Volume 1 Strategic Information and Developments IBP, Inc., 2013-08 Sweden Country Study Guide Strategic Information and Developments **Warrior Kings of Sweden** Gary Dean Peterson, 2014-08-21 For a hundred years Sweden was the international military power of Northern Europe in control of the entire Baltic region and among the first to colonize in Africa and America But the history of Sweden Finland the Baltic States Poland and Prussia is largely neglected in American classrooms and scholarship This book fills a large void in European history as it is generally presented to the American student and reader This narrative covers Sweden's Age of Greatness 1632-1718 and the warrior kings who governed that age It chronologically describes the political and religious events of the sixteenth and seventeenth centuries and reveals how these events produced the climate for European global expansion including the exploration and colonization of the New World The story traces history through the reigns of Sweden's ambitious rulers beginning with the presumably Swedish Goths who ravaged the Roman Empire in the 2nd century CE and continuing through the end of the empire in the early eighteenth century A thorough epilogue documents the cultural flowering in the arts and sciences that commenced in the Age of Greatness and continued to blossom in the centuries that followed This final section of the book pays special attention to the personalities that drove Sweden's far reaching cultural progress **Sweden Now**, 1987 *An Unofficial Alliance, Scotland and Sweden 1569-1654* Alexia Grosjean, 2003-08-01 This work reveals the hitherto unrepresented relationship that developed between Scotland and Sweden during the second half of the sixteenth and first half of the seventeenth centuries Sweden's emergence as an independent Nordic and indeed European power required continual military and economic growth which in turn necessitated a constant supply of manpower The initially piecemeal migration of private individuals from Scotland bringing both martial and mercantile skills to Sweden gradually grew into an informal alliance albeit officially sanctioned by the Swedes based on personal networks Equally the impact of Sweden's support for the Scottish Covenanted movement on British state formation is scrutinized This fresh perspective on Scottish Swedish connections is aimed at those interested in state formation migration studies diplomatic developments and military history **Perfect Storm** Arne Weinz, 2024-10-25 In 2032 Sweden the consequences of decades of unrestricted immigration have reached a breaking point A massive coordinated attack by Muslim forces sees tens of thousands of elite fighters invading the country's major cities while sleeper cells activate nationwide The Swedish military hollowed out by years of budget cuts struggles to respond as assassination teams eliminate government officials and prominent citizens As Sweden's society collapses into chaos unlikely heroes emerge from resourceful hunters in the north to urban guerrilla fighters in Stockholm Meanwhile the invaders establish control over large swaths of the country declaring the southern region as the caliphate of Alzuwid The conflict draws in international powers with Russia seeing an opportunity to expand its influence in the Baltic region Perfect Storm presents a chilling vision of societal collapse through multiple viewpoints military

commanders fighting against impossible odds civilians caught in the crossfire and the calculating leaders of the invasion As the war rages fundamental questions of identity loyalty and survival emerge in a country forever changed A controversial political thriller that explores the fragility of Western democracies and the potential consequences of failed immigration policies If you enjoyed Submission by Michel Houellebecq The Camp of the Saints by Jean Raspail or 2084 The End of the World by Boualem Sansal you ll love Perfect Storm

Gustavus Adolphus, Sweden and the Thirty Years War, 1630-1632 Lars Ericson Wolke,2022-03-24 The little known story of the Swedish king and military commander who conquered much of Germany in the early seventeenth century As one of the foremost military commanders of the early seventeenth century Gustavus Adolphus king of Sweden played a vital role in defending the Protestant cause during the Thirty Years War In the space of two years between 1630 and 1632 he turned the course of the war winning a decisive victory at the Battle of Breitenfeld and conquering large parts of Germany Yet remarkably little has been written about him in English and no full account of his extraordinary career has been published in recent times That is why this perceptive and scholarly study is of such value The book sets Gustavus in the context of Swedish and European dynastic politics and religious conflict in the early seventeenth century and describes in detail Swedish military organization and Gustavus s reforms His intervention in the Thirty Years War is covered in graphic detail the decision to intervene his alliance with France his campaigns across the breadth of Germany and his generalship at the two major battles he fought there His exceptional skill as a battlefield commander transformed the fortunes of the Protestant side in the conflict and he had established himself as a major European figure before his death on the battlefield Lars Ericson Wolke one of the leading experts on the military history of the Baltic and the Thirty Years War offers a fascinating insight into Gustavus the man and the soldier

Green Phoenix William Allen,2003-01-09 Can we prevent the destruction of the world s tropical forests In the fire scarred hills of Costa Rica award winning science writer William Allen found a remarkable answer we can not only prevent their destruction we can bring them back to their former glory In Green Phoenix Allen tells the gripping story of a large group of Costa Rican and American scientists and volunteers who set out to save the tropical forests in the northwestern section of the country It was an area badly damaged by the fires of ranchers and small farmers in many places a few strands of forest strung across a charred landscape Despite the widely held belief that tropical forests once lost are lost forever the team led by the dynamic
