Research Methodologies In Translation Studies:

Research Methodologies in Translation Studies Gabriela Saldanha, Sharon O'Brien, 2014-04-08 As an interdisciplinary area of research translation studies attracts students and scholars with a wide range of backgrounds who then need to face the challenge of accounting for a complex object of enquiry that does not adapt itself well to traditional methods in other fields of investigation This book addresses the needs of such scholars whether they are students doing research at postgraduate level or more experienced researchers who want to familiarize themselves with methods outside their current field of expertise The book promotes a discerning and critical approach to scholarly investigation by providing the reader not only with the know how but also with insights into how new questions can be fruitfully explored through the coherent integration of different methods of research Understanding core principles of reliability validity and ethics is essential for any researcher no matter what methodology they adopt and a whole chapter is therefore devoted to these issues Research Methodologies in Translation Studies is divided into four different chapters according to whether the research focuses on the translation product the process of translation the participants involved or the context in which translation takes place An introductory chapter discusses issues of reliability credibility validity and ethics The impact of our research depends not only on its quality but also on successful dissemination and the final chapter therefore deals with what is also generally the final stage of the research process producing a research report

The Routledge Handbook of Translation and Methodology Federico Zanettin, Christopher Rundle, 2022-03-10 The Routledge Handbook of Translation and Methodology provides a comprehensive overview of methodologies in translation studies including both well established and more recent approaches The Handbook is organised into three sections the first of which covers methodological issues in the two main paradigms to have emerged from within translation studies namely skopos theory and descriptive translation studies The second section covers multidisciplinary perspectives in research methodology and considers their application in translation research The third section deals with practical and pragmatic methodological issues Each chapter provides a summary of relevant research a literature overview critical issues and topics recommendations for best practice and some suggestions for further reading Bringing together over 30 eminent international scholars from a wide range of disciplinary and geographical backgrounds this Handbook is essential reading for all students and scholars involved in translation methodology and research

A Qualitative Approach to Translation Studies Elisa Calvo, Elena de la Cova, 2023-12-22 This collection invites readers to explore innovative or underexploited ways of working qualitatively with what in Translation Studies may be termed as elusive constructs The volume adopts a functionalist approach to focus on one such concept namely the notion of translation problem using case studies to illustrate how a significant elusive construct can be addressed empirically It explores different qualitative research methodologies which although well established in other fields are yet to be extensively used in TS but which may nevertheless prove to be of significance for future studies as they allow elusive concepts typically

found in TS to be worked with more coherently Chapters are structured around two core ideas first the qualitative systematic analysis of source text content with emphasis on the detection of translation problems as a means of creating efficient frameworks for coherent decision making from a functional perspective and secondly the practical process of stereotyping and profiling specific problems within different contexts content types or services to help identify manage and resolve them in a number of settings from research to professional translator training and assessment environments This book will be of interest to scholars in translation studies particularly those with an interest in qualitative approaches *Routledge*
