Resolved Soul A Study Of Marvells:

The Ludic Self in Seventeenth-Century English Literature Anna K. Nardo, 1991-01-01 This book argues that play offered Hamlet John Donne George Herbert Andrew Marvell Robert Burton and Sir Thomas Browne a way to live within the contradictions and conflicts of late Renaissance life by providing a new stance for the self Grounding its argument in recent theories of play and in a historical analysis that sees the seventeenth century as a point of crisis in the formation of the western self the author demonstrates how play helped mediate this crisis and how central texts of the period enact this mediation

Resolved Soul Ann E. Berthoff, 2015-03-08 Intellectual power and subtlety are as important to a definition of Marvell's style as grace of feeling says the author of this highly original study which illuminates the philosophical character of the poetry by exploring the ways of Marvell's imagination Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Modest Ambition of Andrew Marvell Patsy Griffin, 1995 The Modest Ambition of Andrew Marvell deals with the specific historical presences and pressures that led Marvell to devise his defenses of Richard Lovelace Oliver Cromwell Thomas Fairfax and John Milton It also focuses on the poetic or formal response that Marvell makes to historical fact not only in the strategies of his language but also in the perceptible adjustments such strategies signal for his self appointed role as poet apologist

The Poems of Andrew Marvell Andrew Marvell, 2007 Little known as a poet in his own time Andrew Marvell 1621-78 was a patriotic politician and champion of religious toleration during the Restoration This book presents his poetry accompanied by annotations giving a record of literary philosophical and theological analogues and allusions It also addresses the local points of interpretation

Andrew Marvell's Liminal Lyrics Joan Faust, 2012-09-20 Andrew Marvell's Liminal Lyrics The Space Between is an interdisciplinary study of the major lyric poems of seventeenth century British metaphysical poet Andrew Marvell The poet and his work have generally proven enigmatic to scholars because both refuse to fit into normal categories and expectations This study invites Marvell readers to view the poet and some of his representative lyrics in the context of the anthropological concept of liminality as developed by Victor Turner and enriched by Arnold Van Gennep Jacques Lacan and other observers of the in between aspects of experience The approach differs from previous attempts to explain Marvell in that it allows multidisciplinary and multi media contexts in a broad matrix of the areas of experience and representation that defy boundaries that blur the line at which entrance becomes exit This study acknowledges that the poems discussed and by implication the entire corpus of Marvell's work and the life that produced it derive from a refusal to draw a definite divide In analyzing a small selection of Marvell's life and lyrics as explorations of

various realms of liminality in word and image readers can see a passageway to the poet's works that never really reaches a destination instead the unlimited possibilities of the journey remain Thus the in between aspects of the poet and his poetry actually define his technique as well as his brilliance
