Reading Adoption Family And Difference In Fiction And Drama:

Reading Adoption Marianne Novy, 2005 A literary scholar who is an adult adoptee delves into one of the enduring themes of literature the child raised by other parents **(M)Other Perspectives** Lynn Deboeck, Aoise Stratford, 2023-06-01 This anthology examines maternity in contemporary performance at the intersection of a wide range of topics from nationhood to mental health queer parenting embodied dramaturgy cultural practice and immigration Across the breadth of these themes we interrogate the cultural implications and politics of how we script perform receive and define mothers challenging many of the normalizing and patriarchal tropes associated with the mother as character This book includes critical essays examining twenty first century dramatic literature first hand ethnographic accounts of motherhood in practice interviews feminist manifestos and artist reflections In its deliberately curated variety this collection seeks to resist homogeneity and offer instead a range of approaches to key questions what versions of motherhood get staged and why And what do dramatic representations tell us about the role of mothers in our own fraught contemporary moment This collection will be of great interest to those in academia who are teaching researching or studying in the fields of Theatre and Performance Studies American Studies and Feminist and Gender Studies **Lives beyond Borders** Ina C. Seethaler, 2021-11-01 A cross cultural comparative study of contemporary life writing by women who migrated to the United States from Mexico Ghana South Korea and Iran Lives beyond Borders broadens and deepens critical work on immigrant life writing Ina C Seethaler investigates how these autobiographical texts through genre mixing motifs of doubling and other techniques challenge stereotypes social hierarchies and the supposed fixity of identity and lend literary support to grassroots social justice efforts Seethaler s approach to literary analysis is both interdisciplinary and accessible While Lives beyond Borders draws on feminist theory critical race theory and disability and migration studies it also uses stories to engage and interest readers in issues related to migration and social change In so doing the book reevaluates the purpose form and audience of immigrant life writing *Adoption, Memory, and Cold War Greece* Gonda Van Steen, 2021-07-12 Reveals the history of how 3 000 Greek children were shipped to the United States for adoption in the postwar period The Victorian Baby in Print Tamara S. Wagner, 2020-10-15 The Victorian Baby in Print Infancy Infant Care and Nineteenth Century Popular Culture explores the representation of babyhood in Victorian Britain The first study to focus exclusively on the baby in nineteenth century literature and culture this critical analysis discusses the changing roles of an iconic figure A close look at the wide ranging portrayal of infants and infant care not only reveals how divergent and often contradictory Victorian attitudes to infancy really were but also challenges persistent clichés surrounding the literary baby that emerged or were consolidated at the time and which are largely still with us Drawing on a variety of texts including novels by Charles Dickens Wilkie Collins Mary Elizabeth Braddon Mrs Henry Wood and Charlotte Yonge as well as parenting magazines of the time childrearing manuals and advertisements this study analyses how their representations of infancy and infant care utilised and shaped an

iconography that has become definitional of the Victorian age itself The familiar clichés surrounding the Victorian baby have had a lasting impact on the way we see both the Victorians and babies and a critical reconsideration might also prompt a self critical reconsideration of the still burgeoning market for infant care advice today Shakespeare and Contemporary Fiction Barbara L. Estrin, 2011-11-23 In the first book to use fiction as theory Barbara L Estrin reverses chronological direction beginning with contemporary novels to arrive at a re-visioned Shakespeare uncovering a telling difference in the stories that script us and that influence our political unconscious in ways that have never been explored in literary critical interpretations Describing the animus against foreign blood central to the dynamic of the foundling and lyric plots that form the nexus of her study Estrin describes how late modern writers change those plots Reading backward through the theoretical lens of their revisions allows us to rethink the Shakespeare we thought we knew That innovative methodology in turn encourages us to read forward again with different tellings ones that challenge the mythological homogeneity of the traditional classifications and that suggest new formulaic paradigms With close readings of four contemporary novels and three Shakespeare plays Estrin identifies the cultural walls that contribute to political gate keeping as she chronicles the connection between plot variations and gender revisionism in the work of Caryl Phillips Liz Jensen Anne Michaels and W G Sebald as well as two film makers Mona Hatoum and Mieke Bal who demonstrate an understanding that mythical repercussions prove dangerous in the twentieth and twenty first centuries even as they suggest how the heritage shaping their work and to which they are themselves drawn in turn proposes an alternative Shakespeare one who frees us to ask other questions At the time that the nation state was beginning to coalesce what does Shakespeare's frequent use of the foundling plot and his significant variations portend How does his infusion of a revised lyric dynamic in *The Merchant of Venice* *Othello* and *The Winter's Tale* change our reading of plays where the two plots coalesce as they do in the contemporary novels that shape Estrin's late modern interpretations All the works in this study share the underlying premise that the connection between cultural origins and political destinies is reciprocal and that it is necessary and possible to transform the constructs in memory and imagination that continue to shape our lives Published by University of Delaware Press Distributed worldwide by Rutgers University Press **A Child of One's Own** Rachel Bowlby, 2013-06-27 A fascinating study examining the diversities and novelties of contemporary parenthood in the light of a range of literary and philosophical works ranging from Greek tragedies to contemporary psychoanalytic theory by way of diverse writers from the eighteenth nineteenth and twentieth centuries **Literary Aesthetics of Trauma** Reina Van der Wiel, 2014-04-08 *Literary Aesthetics of Trauma* Virginia Woolf and Jeanette Winterson investigates a fundamental shift from the 1920s to the present day in the way that trauma is aesthetically expressed Modernism's emphasis on impersonality and narrative abstraction has been replaced by the contemporary trauma memoir and an ethical imperative to bear witness **Rogue Sexuality in Early Modern English Literature** Ari Friedlander, 2023-01-17 The rogue a term that described criminals prostitutes vagrants

beggars and the unemployed dominated the pages of early modern popular crime literature *Rogue Sexuality* resituates the rogue by focusing on how their menace and their seductive appeal emerged not only from their social marginality but also from their supposedly excessive sexuality and prodigious sexual reproduction Through discussions of both familiar and little studied early modern works by William Shakespeare John Milton Ben Jonson Thomas Middleton Thomas Dekker Robert Greene Thomas Harman and the inventor of modern demography John Graunt this volume posits the sexualized rogue as the avatar of a new category of socio sexual identity and traces a surprising social transposition in which socio political elites are portrayed as appropriating the rogue s sexual vitality and performative charisma to navigate moments of crisis By tracking the movement of rogue sexuality from a criminal to a normative discursive register this book challenges the distinctions that literary critics and historians tend to draw between orderly and disorderly sexuality With its focus on reproduction rogue sexuality also provides a new framework for what Michel Foucault called biopolitics the state s focus on exercising power over life In legal administrative and scientific documents this book shows that early modern writers grappled with popular pamphlets rendering of the alleged threat of rogue reproduction *Rogue Sexuality* thus offers a new approach to the political history of early modern England as a population as a people whose aggregate sexual life and reproduction were a key part of its political imagination

Barbara Kingsolver's World Linda Wagner-Martin, 2014-05-08 Since Barbara Kingsolver published *The Bean Trees* in 1988 her work has been of great interest to readers first American readers then British and South African readers and finally to readers the world over With incredible speed Kingsolver became one of the best known United States writers a person who collected honors and awards as if she were a much more mature literary producer From the beginning Kingsolver touched an elbow of keen interest in her readers hers was the voice of world awareness a conscientious voice that demanded attention for the narratives of the disadvantaged the politically troubled the humanly silenced By paying special attention to her non fiction essays and books this new study by renowned literary critic Linda Wagner Martin highlights the way Kingsolver has become a kind of public intellectual particularly in the 21st century It provides fresh readings of each of her novels stories and poems
