Quantum Healing Exploring The Frontiers Of Mind Or Body Medicine:

Quantum Healing Deepak Chopra,1990 Discusses the connections between mind body and health outlining the methods readers can employ to tap into their hidden healing powers **Quantum Healing** Deepak Chopra,2009 *Entanglement en synchroniciteit. Tweede, sterk uitgebreide editie.* Bruno Del Medico,2025-10-30 Stel je twee deeltjes voor kilometers zelfs lichtjaren van elkaar verwijderd die elkaar onmiddellijk kunnen beïnvloeden alsof ze door een vreemde onzichtbare draad met elkaar verbonden zijn Albert Einstein omschreef deze eigenschap van het universum met een vleugje scepsis als spookachtige werking op afstand Het was 1935 en zelfs de meest visionaire natuurkundigen beseften dat het idee van verstrengeling elk gezond verstand tartte Maar het was geen fantasierijke uitvinding Integendeel het was een direct gevolg van de kwantumtheorie een gebied van de natuurkunde dat enkele decennia eerder was ontstaan onder de verlichte wetenschappers van het Europa van het begin van de twintigste eeuw Verstrengeling staat centraal in een van de grootste mysteries van de moderne fysica Het roept echter een ander veel ouder maar even provocerend concept in herinnering de synchroniciteit van Carl Gustav Jung Jung psychiater en grondlegger van de analytische psychologie beschreef synchroniciteit als een betekenisvol toeval een niet causaal verband tussen verschillende gebeurtenissen die in een soort geheime harmonie lijken te resoneren Zouden we in kwantumverstrengeling misschien een verrassende wetenschappelijke echo van Jungs intuïties kunnen zien Dit boek beweegt zich tussen wetenschap en filosofie tussen empirische gegevens en verrassende intuïties Het biedt een reflectie die verder reikt dan de grenzen van het tastbare naar fascinerende en nog onontgonnen gebieden De auteur nodigt de lezer uit om te doen wat grote geesten altijd hebben geweten de eigenaardigheden van het alledaagse observeren om een glimp op te vangen van het buitengewone Vandaag de dag terwijl laboratoria ons wiskundig bewijs leveren van ongelooflijke wonderen drijft ons menselijk instinct ons ertoe ons af te vragen of er meer is Misschien is er zoals de grote natuurkundige David Bohm vermoedde een impliciete orde in het universum die we nog niet volledig kunnen begrijpen Bohm suggereerde dat non lokaliteit een fundamenteel principe van de kwantumfysica een sleutel zou kunnen zijn om de verbinding tussen geest en kosmos te herinterpreteren Bijna onvermijdelijk komen we wanneer we het over kwantumverstrengeling hebben op het terrein van de metafysica terecht Sommige wetenschappers of misschien is het beter om te zeggen sommige verlichte geesten hebben in kwantumvelden de basis gezien voor een verklaring van buitenzintuiglijke waarnemingen Het is een glad ijsje dat is zeker maar niet zonder charme Het is geen toeval dat in veel mystieke tradities van het Oosten tot het Westen verwijzingen te vinden zijn naar energievelden die alle dingen met elkaar verbinden Denk aan de begrippen prana in de Indiase filosofie of qi in de Chinese filosofie De kwantumfysica lijkt op de een of andere manier te suggereren dat dergelijke ideeën niet alleen morele poëzie zijn maar fragmenten van een nog te ontcijferen fysieke waarheid In een tijdperk waarin technologische ontnuchtering lijkt te heersen en niets ons meer verbaast herinnert een onderwerp als verstrengeling ons eraan dat het mysterie niet is verdwenen Het mysterie is alleen maar

verderop geschoven het is van mythen en legendes naar laboratoriumexperimenten gegaan Misschien omdat zoals kwantumverstrengeling suggereert er geen hier en daar geen voor en na meer zijn Misschien is alles met elkaar verbonden En in deze verbinding kunnen we misschien de verwondering terugvinden die we verloren hadden **Balans in je leven** Deepak Chopra,2015-02-19 Deepak Chopra bekend van de kwantumgenezing schreef met Balans in je leven een prettig leesbare en boeiende handleiding voor de ayurvedische geneeskunst Deepak Chopra heeft met Balans in je leven niet alleen een zeer deskundige maar ook een prettig leesbare en boeiende handleiding geschreven die iedereen enthousiast zal maken voor de bij uitstek holistische ayurvedische geneeskunst Ziekte berust volgens hem op een verstoring van evenwicht tussen de drie dosha s vata pitta en kapha kwaliteiten die volgens het ayurvedische mensbeeld in een bepaalde mengeling in ons aanwezig zijn Genezing betekent dus het tot stand brengen van een voor onze persoon uniek evenwicht tussen de dosha s waardoor we zowel psychisch als lichamelijk beter in balans en meer in harmonie met onszelf zullen komen Balans in je leven geeft een overzicht van de rijke schakering aan therapeutische mogelijkheden die de ayurvedische arts door de oude traditie worden aangereikt of die op basis van universitair onderzoek dat in India nog steeds wordt verricht zijn ontwikkeld *Souls of Distortion Awakening* J. Wicherink,2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago More and more scientists are discovering that both disciplines are only two sides of the same coin We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united Lifestyle and Health H. K. Chopra,2000-05 **Alternative Health Care** Michael Goldstein,1999-02-17 What is alternative medicine Why is it so popular What s its future in American health care

Modern Buddhist Healing Charles Atkins,2002-05-01 In 1987 Charles Atkins was struck with Hodgkin s disease and underwent the ravages of chemotherapy Throughout his illness he used his Buddhist training and the power of the mantra Nam myoho renge kyo to carry him through the cancer treatments and allay his fears of death and doubts for recovery During his stays in the hospital he took every possible opportunity to comfort other cancer patients His survival inspired him to share the healing techniques he has learned with others In this book Atkins introduces us to the Buddhist master Nichiren 1222 1281 and the healing teachings of Shakyamuni Buddha as laid out in the Lotus Sutra Nam myoho renge kyo is an old mantra that has accumulated a great deal of power from centuries of countless individuals focusing their highest intents while chanting it He explains how Nam myoho renge kyo can be used to undo karma that has damaged our health Methods for chanting while visualizing abound in this book His example along with that of many others struggling with diseases as diverse as fibromyalgia diabetic ulcers high blood pressure and mental illness provides a beacon of hope for those facing

illness Atkins s book shows that with hope faith and prayer nothing is impossible Complementary and Alternative Medicine Merrijoy Kelner,Beverly Wellman,2014-05-12 The rapid growth of Complementary and Alternative Medicine CAM demands that the public the medical world social scientists the media and governments pay attention People are questioning the limits of what modern medicine can accomplish and seeking additional ways to manage their health While many are enthusiastically adopting complementary and alternative forms of medicine others are more sceptical Physicians attitudes are in transition and governments are pondering where this increasingly important phenomenon fits into the health care system The challenge is to keep pace with the changing ways that people view health and illness take responsibility for themselves and incorporate CAM into their health care This text brings together for the first time a wide range of leading North American and European social scientists to identify who uses CAM why they use it and how they find out about it Presenting research from psychology sociology anthropology and public health they alert us to the current context of CAM use and provide new models and techniques for understanding its future place in health care Mystic Apprentice Volume 1 Ken Ludden,2011-10-07 A complete basic introduction to ancient Eastern European mystic traditions never before published This ancient system has been an oral tradition thus far only passed down from Master to Apprentice While Ankahr Muse still adheres to this tradition this book supplies the Mystic Apprentice with a reference guide to their studies and unlocks the mysteries of Mystic traditions to all who read it
