She had fought the good fight: mastectomy, chemotherapy and radiation, but none of the treatments were expected to save her life. Meg had already proven that she was a fighter and that she wanted desperately to live. Eight years earlier, she was diagnosed with bone cancer and had her leg amputated. Now Meg was ready to fight again, armed with a macrobiotic diet and a determination to control how she would live or die. This is an incredible story of a courageous woman's fight to take back her life, restore her marriage and heal herself physically and emotionally. Her story is inspiring and her message is enlightening.
