

The background of the image is a historical scene. On the left, a woman is seated, wearing a dark, patterned dress with a red and gold floral design. Her hands are resting on her lap. To her right, a wooden desk holds a lit candle in a silver holder, an open book, and some papers. The scene is dimly lit, with the candle providing the primary light source.

Queen of This Realm Jean Plaidy, 2009-01-21 In this memoir by Elizabeth I legendary historical novelist Jean Plaidy reveals the Virgin Queen as she truly was the bewildered motherless child of an all powerful father a captive in the Tower of London a shrewd politician a lover of the arts and eventually an icon of an era It is the story of her improbable rise to power and the great triumphs of her reign the end of religious bloodshed the settling of the New World the defeat of the Spanish Armada Brilliantly clever a scholar with a ready wit she was also vain bold and unpredictable a queen who commanded and won absolute loyalty from those around her But in these pages in her own voice Elizabeth also recounts the emotional turmoil of her life the loneliness of power the heartbreak of her lifelong love affair with Robert Dudley whom she could never marry and the terrible guilt of ordering the execution of her cousin Mary Queen of Scots In this unforgettable novel Elizabeth emerges as one of the most fascinating and controversial women in history and as England's greatest monarch

Treason and the State D. Alan Orr, 2002-06-13 This study traces the transition of treason from a personal crime against the monarch to a modern crime against the impersonal state It consists of

four highly detailed case studies of major state treason trials in England beginning with that of Thomas Wentworth first Earl of Strafford in the spring of 1641 and ending with that of Charles Stuart King of England in January 1649 The book examines how these trials constituted practical contexts in which ideas of statehood and public authority legitimated courses of political action that might ordinarily be considered unlawful or at least not within the compass of the foundational statute of Edward III The ensuing narrative reveals how the events of the 1640s in England challenged existing conceptions of treason as a personal crime against the king his family and his servants and pushed the ascendant parliamentary faction towards embracing an impersonal conception of the state that perceived public authority as completely independent of any individual or group

Fox's Book of Martyrs John Foxe, 1844

Marriage and Violence Frances E. Dolan, 2010-11-24 Marriage is often described as a melding of two people into one But what or who must be lost fragmented or buried in that process We have inherited a model of marriage so flawed Frances E Dolan contends that its logical consequence is conflict Dolan ranges over sixteenth and seventeenth century Puritan advice literature sensational accounts of true crime and late twentieth century marriage manuals and films about battered women who kill their abusers She reads the inevitable *Taming of the Shrew* against William Byrd's diary of life on his Virginia plantation Noel Coward's *Private Lives* and Barbara Ehrenreich's assessment in *Nickel and Dimed* of the relationship between marriage and housework She traces the connections between Phillippa Gregory's best selling novel *The Other Boleyn Girl* and documents about Anne Boleyn's fatal marriage and her daughter Elizabeth I's much debated virginity By contrasting depictions of marriage in the sixteenth and seventeenth centuries and our own time she shows that the early modern apprehension of marriage as an economy of scarcity continues to haunt the present in the form of a conceptual structure that can accommodate only one fully developed person When two fractious individuals assert their conflicting wills resolution can be achieved only when one spouse absorbs subordinates or eliminates the other In an era when marriage remains hotly contested this book draws our attention to one of the histories that bears on the present a history in which marriage promises both intimate connection and fierce conflict both companionship and competition
