Language and Literacy Education Seyyed-Abdolhamid Mirhosseini, 2017-01-11 This book discusses aspects of the theory and practice of qualitative research in the specific context of language and literacy education. It addresses epistemological perspectives, methodological problems and practical considerations related to research involvements in areas of language education and literacy studies rather than generic issues of other fields of social sciences. The volume starts with Theoretical Considerations in the first part and raises some epistemological and theoretical concerns that are rarely debated in the specific context of research on language and literacy teaching. The second part, Methodological Approaches, explores issues of the design and implementation of language and literacy education research within the framework of some of the major established qualitative research traditions. Finally, the part on Research in Action discusses practical aspects of a few actual instances of qualitative research on language and literacy education in different contexts.

The Routledge Encyclopedia of Second Language Acquisition Peter Jake Robinson, 2013 The Routledge Encyclopedia of Second Language Acquisition offers a user-friendly, authoritative survey of terms and constructs that are important to understanding research in second language acquisition (SLA) and its applications. The Encyclopedia is designed for use as a reference tool by students, researchers, teachers, and professionals with an interest in SLA. The Encyclopedia has the following features: 252 alphabetized entries written in an accessible style including cross-references to other related entries in the Encyclopedia and suggestions for further reading. Among these are 9 survey entries that cover the foundational areas of SLA in detail: Development in SLA, Discourse and Pragmatics in SLA, Individual Differences in SLA, Instructed SLA, Language and the Lexicon in SLA, Measuring and Researching SLA, Psycholinguistics of SLA, Social and Sociocultural Approaches to SLA, Theoretical Constructs in SLA. The rest of the entries cover all the major subdisciplines, methodologies, and concepts of SLA from Accommodation to the ZISA project. Written by an international team of specialists, the Routledge Encyclopedia of Second Language Acquisition is an invaluable resource for students and researchers with an academic interest in SLA.

English in Inclusive Multilingual Preschools Kirsten Birsak de Jersey, 2021-05-31 The study addresses the question of how preschool teachers who work in regular state inclusive preschools can be qualified to teach English as a foreign language. Through the longitudinal case study, which followed the principles of participatory action research, substantial insights were gained which can be transferred to other pre-primary contexts.

Classroom-oriented Research Mirosław Pawlak, Jakub Bielak, Anna Mystkowska-Wiertelak, 2013-07-20 The volume brings together papers related to different aspects of classroom-oriented research on teaching and learning second and foreign languages that have been authored by specialists from Poland and abroad. The first part contains contributions dealing with individual variation in the language classroom in particular age anxiety, beliefs, and language learning strategies. The second part deals with various facets of teachers' behaviors in the classroom, focusing in particular on classroom communication and the use of action research in teacher training. The third part includes papers devoted to various instructional practices such as the use of new technologies, the development of
