

What is Quantum Healing Hypnosis TechniqueSM (QHHT®)?

Quantum Healing Hypnosis TechniqueSM (QHHT®) is a beautiful method developed by Dolores Cannon over several decades of practice in hypnosis with thousands of clients. This technique will very quickly allow people to access that part of themselves that has all of the answers and receive instantaneous healing if it's appropriate.

Many people call this part the Higher Self, the Over Soul, the Super Conscious; Dolores didn't know what to call it, so she called it the Sub Conscious – we have now started using the shortened term the SC. Clients are able to see for themselves and have a much clearer understanding of why situations and circumstances are the way they are and then create change as appropriate.

Therapy Thieves Francis A. Martin,2020 Why are we practicing counselors and psychotherapists committed to failure This is the question that has haunted Dr Francis Martin as he has cataloged well over 20 000 distinct psychotherapy approaches advertised on the websites of licensed mental health professionals No doubt some of these are harmful most of them ineffective and many simply made up but the sheer volume of such techniques and practices advertised by licensed professionals holding advanced degrees whose services are billed to clients and insurance companies calls the credibility of the entire mental health profession into question Based on significant original research that joins research from others this book describes a near universal crisis in mental health care and recommends ways to rescue the field from itself The crisis is caused by declining competence among counselors and psychotherapists who have failed to regulate themselves and who therefore deliver inadequate if not harmful services The book calls for major specific and urgently needed reforms

Psycho-Oncology, Hypnosis and Psychosomatic Healing in Cancer Francisco O. Valenzuela Ph.D.,2015-01-06 This book is a summary of the experiences and knowledge acquired by the author as a caregiver as a researcher in the field of integral medicine and as a Psycho Oncologist providing therapy and education to clients in the province of Alberta Many books have been written on the psychobiology of health and healing and on the wisdom accumulated by the bodymind since inception The research of Dr Milton Erickson his disciples and many other has already demonstrated that emotions and beliefs are most important components in the equation sickness health Through personal experiences as a prisoner in concentration camps and torture chambers the author demonstrates how much control the individual has over emotions pain and pain management *Coming Out of the Illusion* Christopher Link,2020-04-13 There comes a time when being terribly lost without a clue and having the proverbial black cloud over one s head must come to an end It doesn t matter how screwed up your life has been with a rough childhood or now as an adult I have learned that our life experiences no matter how terrible

don't have to shape who we are or who we become For instance I personally was in and out of foster homes from about age four to eighteen I had to overcome tremendous obstacles to bring this book to you The number one lesson for everybody is When you get knocked down get up again and stand a little taller than you did before until your foundation is unbreakable Something More where is it I think everybody at one point or another has asked themselves this Looking up at the stars in wonderment at a very young age is where it all begins All beings are aware of their surroundings and figure out really quickly something is wrong here on this beautiful planet Earth There are plenty of indicators such as Violence and war domination and hate racial profiling and human suppression working for survival and fighting over resources and or the need for money debt creation These things are part of our collective third dimensional consciousness and are no longer necessary as we advance mature together So what are we looking for What is the true reality How can we better ourselves How do we awaken to and find our true self again Where is the love joy grace morals compassion unity we know are the truth behind this existence The most important question for us all to ask ourselves is How do we break through the false reality that we have created for ourselves and the planet and keep our light shining never to be hidden under veils of illusion again We will explore this thing called life through our own self realization together and find some answers to these questions
