Dating Tips from a Woman's Point of View Elizabeth Meadows, 2014-09-24 If you are looking for how to get laid on the first date that's easy take her to a bar get her drinking but not to the point of throwing up After she's pretty intoxicated giggling at everything you say try a few advances touching her arm or shoulder and see if she responds Dance with her and do a little grinding and see if she grinds back If the answers to these are yes then offer her since she can't drive to come back to your place Once she's at your place continue with just a little more alcohol for the nerves Don't mix alcohol If she was doing shots at the bar don't give her beer or wine coolers at your place or she'll be spending the night with your toilet not you Give her just a few more shots and then do the final move with a kiss The kiss will tell it all If she pushes you away and doesn't take your advances don't get discouraged you still have a chance Offer her to put a movie on get a pillow and a blanket if you have a pull out couch great or one big enough for you two to snuggle on If not let her lay back to watch the movie Let her put her feet on your lap I don't know many women who would turn down a foot massage Massaging is a great way to lead to sex After both feet work your way up to her calves Hint use lotion It makes her feel more like it's a massage not you just trying to grope her up If when you get to her calves and she's still allowing you to massage continue on and then
