She has light brown hair and a piercing blue eye. The image is overlaid with a network of thin, white, cracked lines that resemble shattered glass or a spiderweb, creating a sense of tension and mystery. Premeditated Josin L. McQuein, 2013-10-08 If you enjoyed Jay Asher's *Thirteen Reasons Why* you will race through the pages of this YA novel as 17 year old Dinah pieces together the mystery that surrounds the near death of her 14 year old cousin Claire. While Claire is holding on for her life in the hospital, Dinah goes in search of the boy Claire writes about in her journal. The boy who forced her to do something she didn't want to do. The boy who caused her such humiliation that the thought of having to live one more day was just too much. Dinah is on a mission for revenge but as things start to unfold her plan isn't as simple as it seemed. McQuein's talent shines in this compelling character study. Kirkus All in all a very satisfying read and I would highly recommend it. Exmainer.com This book will likely appeal to young teen readers who enjoy action oriented mysteries. There is plenty of room for a facilitator led discussion regarding choices made by the characters throughout the story as it addresses heavy topics that some readers could use help processing. VOYA McQuein's subplots give the story added substance and Dinah's broken relationship with her mother underpins much of the novel's psychological dimension and offers moments of powerful storytelling. Publisher's Weekly

Meridian Josin L. McQuein, 2014-05-27 The electrifying sequel to *Arclight* which Pittacus Lore called powerful and gripping. Those within the Arc thought that they were the last humans left after the world was destroyed but they were wrong. There are more survivors. But there is also more to be afraid of. A suspenseful sci-fi thriller to hand to fans of Veronica Roth, Stephen King's *Under the Dome* and Justin Cronin's *The Passage*. Marina thought she had solved all of the *Arclight*'s mysteries. But there is so much more that Marina is only discovering now. There are more people out there; those in the *Arclight* compound aren't the only humans who survived the Fade, the monsters that destroyed civilization. Only Marina and her friends, all of whom have connections to the Fade they never knew about, can lead everyone to the other survivors. But there are also darker dangers that even the Fade fear. The sequel to *Arclight*, *Meridian* is an intense action packed page turner about the lines we draw between right and wrong, light and dark, and how nothing is ever that black and white.
