Rccg Teachers Manual:

Visions of the Good Life, 2025-11-13 There is something wrong with us and the world we find ourselves in In the Christian tradition the concept of God's salvation describes the divine intervention to overcome this brokenness However such language might easily be misunderstood in the increasingly secular West To make the reality of the doctrine of salvation understandable relevant and attractive for Europeans in the West we might begin to think of it more in terms of relationship well being and wholeness Using a Biblical term salvation is about the Shalom of the Reign of God This volume explores the lived salvation practices of faith communities and missions and their conceptualisations in the West how is the good life perceived and practiced Contributors are Clive Marsh Jan Martijn Abrahamse Dejan A daji K Francis Adebayo Philip Bartholom Janel Kragt Bakker Nigel Rooms Karen Zwijze Koning Hans Schaeffer Berdine van den Toren Lekkerkerker Jack Barentsen Chris James Sake Stoppels Annemieke de Jonge Bert Roor Evelien van Duffelen Harvey Kwiyani James Butler Kathy Ross Ross Lockhart and Stefan Paas *Religion and the Making of Nigeria* Olufemi Vaughan, 2016-12-09 In *Religion and the Making of Nigeria* Olufemi Vaughan examines how Christian Muslim and indigenous religious structures along with the legacies of British colonial rule have provided the essential social and ideological frameworks for the construction of contemporary Nigeria **The African Christian Diaspora** Afe Adogame, 2013-04-25 The last three decades have witnessed a rapid proliferation of African Christian communities particularly in Europe and North American diaspora thus resulting in the remapping of old religious landscapes This migratory trend and development bring to the fore the crucial role functions and import of religious symbolic systems in new geo cultural contexts The trans national linkages between African led churches in the countries of origin Africa and the host societies are assuming increasing importance for African immigrants The links and networks that are established and maintained between these contexts are of immense religious cultural economic political and social importance This suggests how African Christianities can be understood within processes of religious transnationalism and African modernity Based on extensive religious ethnography undertaken by the author among African Christian communities in Europe the USA and Africa in the last 17 years this book maps and describes the incipience and consolidation of new brands of African Christianities in diaspora The book demonstrates how African Christianities are negotiating and assimilating notions of the global while maintaining their local identities Public Religion and the Politics of Homosexuality in Africa Adriaan van Klinken, Ezra Chitando, 2016-04-14 Issues of same sex relationships and gay and lesbian rights are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them This is the first book with multidisciplinary perspectives on religion and

homosexuality in Africa It presents case studies from across the continent from Egypt to Zimbabwe and from Senegal to Kenya and covers religious traditions such as Islam Christianity and Rastafarianism The contributors explore the role of religion in the politicisation of homosexuality investigate local and global mobilisations of power critically examine dominant religious discourses and highlight the emergence of counter discourses Hence they reveal the crucial yet ambivalent public role of religion in matters of sexuality social justice and human rights in contemporary Africa

Spirit and Power Donald E. Miller, Kimon H. Sargeant, Richard Flory, 2013-08-15 An exploration of the global growth and social and political impact of Pentecostalism

Topographies of African Spirituality Afe Adogame, Ebenezer Obadare, Wale Adebani, 2025-01-31 This book explores African spirituality inside and outside of religion investigating African traditions and perceptions in the study of spirituality across Africa and the African diaspora It provides an interdisciplinary reflection on key issues in the field and sheds light on everyday experiences In particular the volume celebrates the work and mentorship of Professor Jacob K Olupona a leading figure in the study of African spiritualities religions in Africa and methodological approaches to the study of religion With chapters by an impressive range of scholars from institutions across Africa Europe and North America this book makes a valuable empirical and theoretical contribution to the development of African religious studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Global Religious Movements Across Borders Stephen M. Cherry, Helen Rose Ebaugh, 2016-04-22 From global missionizing among proselytic faiths to mass migration through religious diasporas religion has traveled from one side of the world and back again It continues to play a prominent role in shaping world politics and has been a vital force in the continued emergence spread and creation of a transnational civil society Exploring how religious roots are shaping organizations that seek to aid people across political and geographic boundaries service movements this book focuses on how religious movements establish structures to assist people with basic human needs such as food clothing shelter education and health Examining a multitude of faith traditions with origins in different parts of the world seven contributing chapters with an introduction and conclusions by the senior author offer a unique discussion of the intersections between religious transnationalism and social movements

The Oxford Handbook of Theology, Sexuality, and Gender Adrian Thatcher, 2015 The Oxford Handbook of Theology Sexuality and Gender presents an unrivalled overview of the theological study of sexuality and gender These topics are not merely contentious and pervasive they have escalated in importance within theology Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with each Featuring 41 newly commissioned essays written by some of the foremost scholars in the discipline this authoritative collection presents and develops the latest thinking in these areas Divided into eight thematic sections the Handbook explores methodological approaches contributions from neighbouring disciplines sexuality and gender in the Bible and in the Christian tradition controversies within the churches and within four

of the non Christian faiths and key concepts and issues The final extended section considers theology in relation to married people and families gay and lesbian people bisexual people intersex and transgender people disabled people and to friends This volume is an essential reference for students and scholars which will also stimulate further research MANUAL FOR PARENTING Funfair or Warfare? Edward Esiri Company,2024-07-26 It is the joy of every parent to see their grandchildren Unfortunately there are some grand fathers and mothers whose children refuse them the privilege of the joy of meeting their grandchildren They know they have grandchildren but their children refuse to bring the children to see their grandparents or invite the grandparents over to their home This is very sad and unscriptural There are many reasons for this type of behavior among some children one of which is parental negligence absenteeism wickedness brutality ungodly comparison bitterness evil practices uncaring children etc Every manufacturer adds a manual to their product to enable the buyer to operate the item This is the manual for parenting God s children So Manoah asked him When your words come true what kind of rules should govern the boy s life and work Judges 13 12 THIS IS A PARENTING BOOK LIKE NO OTHER It is parenting your children from SEED The womb to HARVEST maturity *Nigerian Pentecostalism and Development* Richard Burgess,2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region
