Addressed by the Word Jordan Redding,2023-08-01 Eduard Thurneysen 1888 1974 was a close friend and confidant of Karl Barth Whereas Barth pursued an academic career in theology Thurneysen was committed to pastoral ministry For him the church is the Existenzgrund and subject of all theology as the gathered congregation is addressed and shaped by God s living Word Cast in Barth s long shadow Thurneysen has often been overlooked in scholarship However he is a significant theologian in his own right focusing on questions of pastoral care the church popular culture and the intersection of theology with other disciplines such as psychology In short his theology is earthed in the messy and ordinary reality of being human In this book Jordan Redding argues that Thurneysen s theology of being human continues to offer much to the church today Thurneysen realized that the practice of pastoral care reflects assumptions about what it means to be human Conversely pastoral practices articulate embody and inform theological anthropology Thurneysen s theology of being human is therefore deeply practical This book is for anyone interested in the intersection of theological anthropology with pastoral practice of the church It is also recommended for anyone interested in practical questions emerging from Barth s Theology of the Word Colloquies - Imaginary Conversations J. [A Manual of Hermeneutics](#) Luis Alonso Schökel, 1998-08-01 After two decades of teaching the subject this distinguished Old Testament scholar compiles a synthesis that takes into account and organizes the factors that are at work in the act of understanding and interpreting literary texts producer receiver text subject matter language Two chapters deal with normative interpretation and the sociology of interpretation The author who was a learned and independent thinker in bondage to no theory said of this work that it aimed at density without obscurity order without showiness

In the Margins of Deconstruction M.C. Srajek, 2012-12-06 Although this book is a study of the work of Emmanuel Levinas and Jacques Derrida it would be mistaken to refer to it as a comparison The book develops a framework which might aide the reader of Levinas and Derrida in determining the scope and significance of their respective projects as far as a discourse of the sacred is concerned It does so by emphasizing their status as philosophers whose thought correlates but does not compare Within this correlation without obscuring either their differences or similarities we can see a common framework that consists of the following elements First it is clear from what and how Derrida and Levinas have written that the general import of their work lies in the area of ethics However in many ways it would be justifiable to say that their work is not about ethics at all Neither of them proposes a moral theory neither is interested in discussing the question of values vs social norms duty vs virtue and other issues that might pertain to the area

of ethics To be sure these issues do come up in their work yet they are treated in a peculiarly different way For Derrida and Levinas ethics is not so much an inquiry into the problems of right and wrong but an inquiry into the problem of the ethical constitutedness of human beings Conversations with Dada Vaswani Ruzbeh N Bharucha, 2016-08-23 The master is also the greatest disciple The followed is the biggest follower And in his humility lie the greatest lessons of life The first thing that strikes the author about Dada Vawasni is his extraordinary humility and how his laughter reaches his sparkling eyes the signs of a great master and yet a reluctant one at that Their conversations are light fun and full of cheer and yet within them there is the depth and wisdom of life and beyond What is prayer What are the duties of a householder What is the life of surrender Their talks range from the concept karma to the role of the guru from leading a spiritual life to the light of God And within these questions and conversations are answers to the many spiritual questions that a seeker might have Conversations with Dada Vaswani is a spiritual biography and a journey it is also dialogue between the Sage and the seeker
