The Digital Reader Terence W. Cavanaugh,2006 The rapidly increasing availability and low cost of e book technology make it perfect for schools and educators looking to expand their resources for readers This book introduces the unique features that have established e books as a powerful effective learning tool for all grade levels and for special needs students It includes descriptions and illustrations of the most popular e book platforms and programs as well as dozens of practical ideas for using e books for reading instruction personal productivity and curricular enrichment Brimming with interactive lesson ideas teaching tips and online resources this book is a must have for teachers in all content areas and library media specialists Descriptions of the most popular and affordable e book devices software and content for educators Guidelines for accessing the free digital library resources available on the Web and for creating your own e books using basic software tools Strategies for using the annotation reference and hypertext capabilities of electronic text to promote active reading

Rock Your Read-Alouds Mike Artell,2017-06-06 The author writes a wonderful story The illustrator creates incredible images But what can educators bring to their read alouds Do the read alouds ROCK The fact is every read aloud is a performance And every aspect of a read aloud performance informs a child s understanding and appreciation of the story In this book educators of elementary grades learn dozens of innovative ways to ROCK the read alouds regardless of experience or performance skills Educators can apply all the techniques in this book or simply pick a specific performance area to improve upon Regardless methods and classroom tested approaches are provided by some of the best read aloud performers and

storytellers in the business **Power Up Your Read-Alouds** Andrea Paganelli,2019-07-16 Capture the hearts minds and attention of your digital age listeners using read aloud experiences that engage technology I wish my learners would be as excited about reading as they are about technology is a lament frequently sung by those who seek to support reading development There is no debate that reading is fundamental and that reading aloud strongly supports lifelong reading engagement Technology however is ubiquitous in our society and engagement with it is essential for our success Reading and technology are therefore in competition for learners attention but by combining reading and technology through use of read aloud facilitators can create engaging digital read aloud programs to enhance the learning experience Digital read aloud can be used with multiple age groups in a variety of settings and with differing degrees of expense and technology complexity Understanding that these myriad options can be overwhelming however Andrea Paganelli offers detailed information on the background implementation evaluation and sustainability of technology infused read aloud for reading support persons school librarians public librarians instructional librarians teachers and professors Her ideas span multiple ages and subjects and include practical examples designed to engage both educators and readers *Reading, Writing, and Literacy 2.0* Denise Johnson,2014-04-01 Reading Writing and Literacy 2 0 provides tools and teaching strategies for incorporating online reading and writing into classroom learning as well as a host of web resources that teachers can draw on to make this happen **Innovative Practices in Early English Language Education** David Valente,Daniel Xerri,2023-02-08 This book shines a light on novel and less familiar domains of early English language education for children aged 3 to 12 in mainstream and out of school settings Enveloping the volume is the making of creative connections to wider educational philosophies which extend beyond the confines of a narrow linguistic lens In reconciling the theory practice divide in English language education each chapter presents a synthesis of research issues leading to a practical showcase of ideas Organised in two main parts the first focuses on innovations within classroom practice curriculum development and child centred assessment exploring areas which have either received insufficient attention and or have been reimaged through fresh perspectives The second part explores innovations in pre and in service teacher education contexts and focuses on lesser known and or underexplored topics including bridging general and language education multilingualism in depth learning metacognition and pragmatics This is a timely publication for teacher educators and practitioners alike

Reconnecting Reading and Writing Alice S. Horning,Elizabeth W. Kraemer,2013-09-06 Reconnecting Reading and Writing explores the ways in which reading can and should have a strong role in the teaching of writing in college Reconnecting Reading and Writing draws on broad perspectives from history and international work to show how and why reading should be reunited with writing in college and high school classrooms It presents an overview of relevant research on reading and how it can best be used to support and enhance writing instruction **Teaching the Language Arts** Denise Johnson,Elizabeth Dobler,Thomas DeVere Wolsey,2022-09-30 This eBook version includes the following enhancements

interactive features and links to the up to date Companion Website with more strategies and examples of practice and student work This book s unique and engaging voice supported by its many resources will help future and in service teachers bring the language arts to life in their own classrooms This book helps readers envision their future classrooms including the role technology will play as they prepare to be successful teachers Comprehensively updated the second edition addresses new demands on teaching in traditional and virtual ELA classrooms and the new ways technology facilitates effective instructional practices Organized around the receptive language arts the way learners receive information and the expressive language arts the way leaners express ideas chapters cover all aspects of language arts instruction including new information on planning and assessment teaching reading and writing fundamentals supporting ELLs dyslexic and dysgraphic learners using digital tools and more In every chapter readers can explore a rich array of teaching tools and experiences which allow readers to learn from real world classrooms **The Power of Story** Joan Wink Ph.D.,2017-11-07

Through this book readers will discover that stories can move the human heart and head in ways that research cannot Stories bring together readers writers librarians teachers students and families in the libraries of today and will continue to do so tomorrow Written for all those lovers of literacy this book links libraries and literacies through the power of stories The book is not filled with data in the form of pie charts graphs and tables Rather the truth of the research is grounded in authentic stories that reflect not only the interpretation of data but also the transformative nature of literacies and libraries The author s primary goal is that readers will come to value and use storytelling in their own professional and personal lives to explain and expand on complex concepts and to make information more accessible for all The book begins by presenting anecdotes and the author s personal story to lay the foundation for what literacies are and what literacy is not An activity Spiral of Literacy allows readers to reflect on their own literacies Chapters that follow each begin with a story that sets the theoretical foundation Each chapter concludes with an action section that demonstrates how to turn theory to practice whether you are in a library a classroom or at home A final chapter envisions what libraries might look like in 10 years through interviews with librarians teachers and others interested in literacy **Teach Them ALL to Read** Elaine K. McEwan,2009-07-15

The second edition of Elaine McEwan s book is a user friendly guide that integrates research into practice It carefully explains the research behind reading development and provides truly clear no nonsense steps to implement the best practices of instruction McEwan does not sugar coat how difficult teaching reading can be but she provides powerful methods for achieving it Jennifer Sandberg Curriculum Reading Coordinator Sutherland Public School NE Provide effective reading instruction for every student in your classroom and schoolwide To successfully teach reading teachers have to first believe that all children can learn to read and then they have to turn that belief into a reality In this thoroughly updated and revised version of her best selling book Elaine K McEwan guides educators through the challenging but crucial work of teaching every child how to read Written for all teachers as well as administrators this resource covers strategies for nine essential

components of effective reading instruction phonemic awareness phonics spelling fluency developing a reading culture providing opportunities to read writing word knowledge and comprehension This second edition features The most up to date research in reading instruction Effective instructional practices and strategies Brief vignettes and graphic organizers that illustrate and summarize key concepts A comprehensive case study of one district s remarkable success This resource reveals precisely how educators in successful schools are teaching students to read and how all educators can achieve the same results in their schools
