Francesca Caccini at the Medici Court Suzanne G. Cusick, 2015-11-07 A priceless study of the life and career of the Renaissance era Italian who was the first woman to have composed an opera Gender History Extraordinary in its breadth its detail its insight and its worth to all participants in early music Its contribution is not limited to the musical world however as Cusick s remarkable command and analysis of her material has immense value for scholars engaged in cultural studies performance studies history politics or the study of difference Renaissance Quarterly A contemporary of Shakespeare and Monteverdi and a colleague of Galileo and Artemisia Gentileschi at the Medici court Francesca Caccini was a dominant musical figure there for thirty years Dazzling listeners with the transformative power of her performances and the sparkling wit of the music she composed for more than a dozen court theatricals Caccini is best remembered today as the first woman to have composed opera Francesca Caccini at the Medici Court reveals for the first time how this multitalented composer established a fully professional musical career at a time when virtually no other women were able to achieve comparable success Suzanne G Cusick argues that Caccini s career depended on the usefulness of her talents to the political agenda of Grand Duchess Christine de Lorraine Tuscany s de facto regent from 1606 to 1636 Drawing on Classical and feminist theory Cusick shows how the music Caccini made for the Medici court sustained the culture that enabled Christine s power thereby also supporting the sexual and political aims of its women In bringing Caccini s surprising story so vividly to life Cusick ultimately illuminates how music making functioned in early modern Italy as a significant medium for the circulation of power

"Cuckoldry, Impotence and Adultery in Europe (15th-17th century) " Sara F. Matthews-Grieco, 2017-07-05

In Renaissance and early modern Europe various constellations of phenomena ranging from sex scandals to legal debates to flurries of satirical prints collectively demonstrate at different times and places an increased concern with cuckoldry impotence and adultery This concern emerges in unusual events such as scatological rituals of house scorning appears in neglected sources such as drawings by Swiss mercenary soldier artists and engages innovative areas of inquiry such as the intersection between medical theory and Renaissance comedy Interdisciplinary analytical tools are here deployed to scrutinize court scandals and decipher archival documents Household recipes popular literary works and a variety of visual media are examined in the light of contemporary sexual culture and contextualized with reference to current social and political issues The essays in this volume reveal the central importance of sexuality and sexual metaphor for our understanding of European history politics and culture and emphasize the extent to which erotic presuppositions underpinned the early modern world

The Cambridge Companion to the Harpsichord Mark Kroll, 2019-01-03 Covers every aspect of the harpsichord and its music including composers genres national styles tuning and the art of harpsichord building

Musical Encounters with Deleuze and Guattari Pirkko Moisala, Taru Leppänen, Milla Tiainen, Hanna Väättäin, 2017-01-12 This is the first volume to mobilize encounters between the work of Gilles Deleuze and Félix Guattari

and the rich developments in cultural studies of music and sound The book takes seriously the intellectual and political challenge that the process philosophy of Deleuze and Guattari poses for previous understandings of music as permanent objects and primarily discursive texts By elaborating on the concepts of Deleuze and Guattari in innovative ways the chapters of the book demonstrate how musical and sonic practices and expressions can be reconsidered as instances of becoming actors in assemblages and actualizations of virtual tendencies The collection pushes notions of music and sound beyond such long term paradigms as identity thinking the privileging of signification and the centrality of the human subject The chapters of the volume bring a range of new topics and methodological approaches in contact with Deleuze and Guattari These span from movement improvisation jazz and western art music studies sound and performance art and reality TV talent shows to deaf musicians and indigenous music The book also highlights such fresh ways of doing analysis and shaping the methodological tools of music and sound studies that are enabled by Deleuze and Guattari s philosophy Their philosophy too gains renewed capacities and potential when responding to ethnographic cultural ethnomusicological participatory aesthetic new materialist feminist and queer perspectives to music and sound

Song John Potter, 2023-01-01 From one of our most innovative singers a vibrant history of song stretching from Hildegard von Bingen and Benjamin Britten to Bjrk Songs can be intensely personal whether you hear them or sing them and none of us would choose the same twelve songs as anyone else My choices are based on decades of performing experience in many different genres but I hope they will reveal aspects of our common humanity as the story evolves from the Middle Ages to the present In this celebratory account author and singer John Potter tells the European story of song The form has captivated audiences and excited performers for centuries from the music of the troubadours and the Christian liturgy through classical composers such as Bach and Schumann up to Britten Berio and the rise of popular music Choosing twelve key works Potter offers a personal tour through this vital tradition from John Dowland s Flow My Tears to George Gershwin s Summertime Throughout he reveals who wrote and sang these joyful masterpieces and what they mean to singers and audiences today

The Emotional Power of Music Tom

Cochrane, Bernardino Fantini, Klaus R. Scherer, 2013-07-18 How can an abstract sequence of sounds so intensely express emotional states How does music elicit or arouse our emotions What happens at the physiological and neural level when we listen to music How do composers and performers practically manage the expressive powers of music How have societies sought to harness the powers of music for social or therapeutic purposes In the past ten years research into the topic of music and emotion has flourished In addition the relationship between the two has become of interest to a broad range of disciplines in both the sciences and humanities The Emotional Power of Music is a multidisciplinary volume exploring the relationship between music and emotion Bringing together contributions from psychologists neuroscientists musicologists musicians and philosophers the volume presents both theoretical perspectives and in depth explorations of particular musical works as well as first hand reports from music performers and composers In the first section of the book the authors consider

the expression of emotion within music through both performance and composing The second section explores how music can stimulate the emotions considering the psychological and neurological mechanisms that underlie music listening The third section explores how different societies have sought to manage and manipulate the power of music The book is valuable for those in the fields of music psychology and music education as well as philosophy and musicology

Early Modern Emotions Susan Broomhall, 2016-12-08 Early Modern Emotions is a student friendly introduction to the concepts approaches and sources used to study emotions in early modern Europe and to the perspectives that analysis of the history of emotions can offer early modern studies more broadly The volume is divided into four sections that guide students through the key processes and practices employed in current research on the history of emotions The first explains how key terms and concepts in the study of emotions relate to early modern Europe while the second focuses on the unique ways in which emotions were conceptualized at the time The third section introduces a range of sources and methodologies that are used to analyse early modern emotions The final section includes a wide ranging selection of thematic topics covering war religion family politics art music literature and the non human world to show how analysis of emotions may offer new perspectives on the early modern period more broadly Each section offers bite sized accessible commentaries providing students new to the history of emotions with the tools to begin their own investigations Each entry is supported by annotated further reading recommendations pointing students to the latest research in that area and at the end of the book is a general bibliography which provides a comprehensive list of current scholarship This book is the perfect starting point for any student wishing to study emotions in early modern Europe

[Black Diamond Queens](#) Maureen Mahon, 2020-10-09 African American women have played a pivotal part in rock and roll from laying its foundations and singing chart topping hits to influencing some of

the genre's most iconic acts. Despite this, black women's importance to the music's history has been diminished by narratives of rock as a mostly white male enterprise. In *Black Diamond Queens*, Maureen Mahon draws on recordings, press coverage, archival materials, and interviews to document the history of African American women in rock and roll between the 1950s and the 1980s. Mahon details the musical contributions and cultural impact of Big Mama Thornton, LaVern Baker, Betty Davis, Tina Turner, Merry Clayton, Labelle, the Shirelles, and others, demonstrating how dominant views of gender, race, sexuality, and genre affected their careers. By uncovering this hidden history of black women in rock and roll, Mahon reveals a powerful sonic legacy that continues to reverberate into the twenty-first century.

The Routledge Handbook of Women's Work in Music
Rhiannon Mathias, 2021-12-30

The Routledge Handbook of Women's Work in Music presents a unique collection of core research by academics and music practitioners from around the world, engaging with an extraordinarily wide range of topics on women's contributions to Western and Eastern art music, popular music, world music, music education, ethnomusicology, as well as in the music industries. The handbook falls into six parts. Part I serves as an introduction to the rich variety of subject matter the reader can expect to encounter in the handbook as a whole. Part II focuses on what might be termed the more traditional strand of feminist musicology research, which highlights the work of historical and/or neglected composers. Part III explores topics concerned with feminist aesthetics and music creation, and Part IV focuses on questions addressing the performance and reception of music and musicians. The narrative of the handbook shifts in Part V to focus on opportunities and leadership in the music professions from a Western perspective. The final section of the handbook, Part VI, provides new frames of context for women's positions as workers, educators, patrons, activists, and promoters of music. This is a key reference work for advanced undergraduates, postgraduates, and researchers in music and gender.
