Children's Literature in Action Sylvia M. Vardell, 2019-06-14. This practitioner-oriented introduction to literature for children ages 5-12 covers the latest trends, titles, and tools for choosing the best books and materials as well as for planning fun and effective programs and activities. The third edition of *Children's Literature in Action* provides an activity-oriented survey of children's literature for undergraduate and graduate students seeking licensure and degrees that will lead to careers working with children in schools and public libraries. Author Sylvia M. Vardell draws on her 30 years of university teaching and extensive familiarity with the major textbooks in the area of children's literature to deliver something different: a book that focuses specifically on the perspective and needs of the librarian, with emphasis on practical action and library applications. Its contents address seven major genres: picture books, traditional tales, poetry, contemporary realistic fiction, historical fiction, fantasy, and informational books. Each chapter includes practical applications for the educator who shares books with children and who develops literature-based instruction. Chapters are enriched by author comments, collaborative activities, featured books, special topics, and activities, including selected awards and celebrations, historical connections, recommended resources, issues for discussion, and assignment suggestions. This new edition incorporates the 2018 AASL National School Library Standards. Saving Ben Dan Eric Burns, 2009. The story of Ben's regression as an infant into the world of autism and his journey toward recovery as a young adult. **Lockdown** Cheryl K. Chumley, 2022-05-03. A crucial warning for Americans about the left's never-ending lust to steal individual liberties and the power of God to stop it. Everett Piper. Bestselling Author of *Grow Up*. *Lockdown* is a terrifying story of not only the chaotic freefall of American freedoms during the opening stages of the COVID pandemic but the dangerous growth of government power that continues today. *Lockdown* is a warning that the extraordinary powers invoked by left-wing Democrats and others, justified by claims of public health and safety, have begun the unravelling of America's constitutional order and our most cherished freedoms. Using COVID-19 as a cover, Democrat leaders and their bureaucratic health advisers seized powers the Constitution never gave them and ordered citizens to stay off streets and out of public parks, banned them from their workplaces, closed down their schools, and made church attendance a crime, even as these same leaders and their left-leaning cronies blithely arrogantly and outrageously allowed mass protests, kept open abortion clinics, and did as they pleased. Relying on her trademark aggressive reporting style, Cheryl K. Chumley explains how the radical left is using pandemic policies as a template for increasing controls over the lives of citizens as they build a one-party socialist state in America. A sequel to her bestselling book *Socialists Don't Sleep*. In *Lockdown*, Chumley exposes how hypocritical, elitist, and radical leftists are still using the coronavirus to score political points.

and steal individual rights as the original pandemic served as dress rehearsal in the march toward the new fascism
