Foundation Website Creation with CSS, XHTML, and JavaScript Steve Smith, Jonathan Lane, 2008-09-02 Foundation Website Creation with CSS XHTML and JavaScript covers the entire process of building a website This process involves much more than just technical knowledge and this book provides you with all the information you ll need to understand the concepts behind designing and developing for the Web as well as the best means to deliver professional best practice based results There is far more to building a successful website than knowing a little Hypertext Markup Language HTML The process starts long before any coding takes place and this book introduces you to the agile development process explaining why this method makes so much sense for web projects and how best to implement it Planning is vital so you ll also learn how to use techniques such as brainstorming wireframes mockups and prototypes to get your project off to the best possible start and help ensure smooth progress as it develops An understanding of correct semantic markup is essential to any web professional so this book explains how XHTML should be used to structure content so that the markup adheres to current web standards You ll learn about the wide range of HTML elements available to you and you ll learn how and when to use them through building example web pages Without creative use of Cascading Style Sheets CSS websites would all look largely the same CSS gives you the ability to set your website apart from the rest while maintaining the integrity of your markup You ll learn how CSS works and how to apply styles to your pages enabling you to realize your design ideas in the browser JavaScript can be used to make your website easier and more interesting to use This book provides information on appropriate uses of this technology and introduces the concepts of programming using it You ll also see how JavaScript works as part of the much hyped technique Ajax and in turn where Ajax fits into the wider Web 2 0 picture While a website is being built it needs to be tested across multiple browsers and platforms to ensure that the site works for all users regardless of ability or disability and the book explains how best to do these tasks Then it discusses the process of launching and maintaining the site so that it will continue to work for all its users throughout its life cycle The book concludes by covering server side technologies acting as a guide to the different options available and explaining differences between available products With insights from renowned experts such as Jason Fried of 37signals Daniel Burka of Digg and Pownce and Chris Messina of Citizen Agency this book provides invaluable information applicable to every web project regardless of size scope or budget

Free Your Self S. Beasley, 2012-09-19 Hello Mr Beasley I am calling to find out more about your meditation classes A friend of mine told me the meditation you teach really helps with stress I really want to find out more about how I can get a handle on my stress As a meditation instructor I receive phone calls and emails like this about once a month Along the way I began to write down the lessons that I share in the courses and classes These are ancient spiritual lesson that saved me from myself and gave me my life back I have compiled them into a handbook for the average person to use to free themselves from a path of self destruction This book is designed so that the reader can jump around from problem to

problem and seek understanding about why they are stressed and how to stop self destructing behaviors The lessons over lap and as you begin to understand your own craziness you begin to understand what you have been doing and why This handbook is part of a meditation course so I strongly recommend that you study mindfulness meditation along with mindfulness study If you take up this path with determination and do not give up you will transform your life These teachings are how to free your self from ego and find your true self your true path As you begin to study and practice other spiritual paths you will find that it takes will power to choose the wisdom when faced with choices This is about how to free your self from distraction and take back the power of choice In this way you can choose an implement wisdom moment by moment step by step along your path to freedom Your destiny awaits you Free Your Self *Feel Free* Zadie Smith,2018-02-08

Barrett,Louis Hugo Francescutti,2020-10-30 For the first time in a thousand years Americans are experiencing a reversal in lifespan Despite living in one of the safest and most secure eras in human history one in five adults suffers from anxiety as does one third of adolescents Nearly half of the US population is overweight or obese and one third of Americans suffer from chronic pain the highest level in the world In the United States fatalities due to prescription pain medications now surpass those of heroin and cocaine combined and each year 10% of all students on American college campuses contemplate suicide With the proliferation of social media and the algorithms for social sharing that prey upon our emotional brains inaccurate or misleading health articles and videos now move faster through social media networks than do reputable ones This book is about modern health or lack of it The authors make two key arguments that our deteriorating wellness is rapidly becoming a health emergency and two that much of these trends are rooted in the way our highly evolved hardwired brains and bodies deal with modern social change The co authors a PhD from the world of social science and an MD from the world of medicine combine forces to bring this emerging human crisis to light Densely packed with fascinating facts and little told stories the authors weave together real life cases that describe how our ancient evolutionary drives are propelling us toward ill health and disease Over the course of seven chapters the authors unlock the mysteries of our top health vices why hospitals are more dangerous than warzones our addiction to sugar salt and stress our emotionally driven brains our relentless pursuit of happiness our sleepless society our understanding of risk and finally how world history can be a valuable tutor Through these varied themes the authors illustrate how our social lives are more of a determinant of health outcome than at any other time in our history and to truly understand our plight we need to recognize when our decisions and behavior are being directed by our survival seeking hardwired brains and bodies **Mapping**

Recreational Literacies Margaret Mackey,2007 Being a fully literate adult means something different today than it did fifty years ago Adults aged 18 34 having grown up with the technological innovations that have revolutionized the way we live and read the Walkman the video cassette recorder the affordable domestic computer the game console the DVD the Internet and a variety of mobile and portable communications equipment are the first generation to take the new world of literacy for granted This book explores what it means to be a literate adult today with the help of nine adults ranging in age from 19 to 36 It explores their detailed responses to a variety of particular texts a digital game an online poem a picture book a set of graphic novels Mapping Recreational Literacies looks at how we make selections in the face of a plethora of textual options and raises new questions about the importance of adult play with texts the significance of ownership in a consumer society

and the role of reading both inside and outside of books This book looks at the significance of these issues for professionals such as teachers and librarians who work with younger readers *Fantasy, Online Misogyny and the Manosphere* Jacob Johanssen, 2021-10-21 Nominated for the 2022 Gradiva Award This book presents the first in depth study of online misogyny and the manosphere from a psychoanalytic perspective The author argues that the men of the manosphere present contradictory thoughts desires and fantasies about women which include but also go beyond misogyny They are in a state of disinhibition torn between unconscious forces and fantasies which erupt and are defended against Disinhibition shows itself in self victimization and defensive apathy as well as toxic agency and symbolic power and expresses itself in desire for and hatred of other bodies The text draws on the psychoanalytic thinkers Klaus Theweleit Elisabeth Young Bruehl Jessica Benjamin and Wilhelm Reich to present detailed analyses of the communities within the so called manosphere including incels Men Going Their Own Way MGTOW alt right YouTubers and NoFap users Drawing on wider discussions about the status of sexuality in contemporary neoliberal technoculture since the sexual revolution of the late 1960s it illuminates how sexuality racism and images of the white male body shape the fantasies and affects of many men on the internet and beyond Integrating a unique theoretical framework to help understand how today's increase in online misogyny relates to the alt right and fascism *Online Misogyny and the Manosphere* is an important resource for academics in a variety of fields including psychoanalysis media and communication studies internet studies masculinity research and more *Computer Education for Teachers* Vicki F. Sharp, 2005 Designed to meet the needs of the student unfamiliar with the use of the computer in the classroom this text is written for undergraduate and graduate education students who want an up to date readable practical and concise introduction to computers for teachers Included in the text are a wealth of classroom lessons that integrate technology into the classroom **I Found It on the Internet** Frances Jacobson Harris, 2011 Presents a practical guide for librarians and educators to help them address issues relating to youth and technology and offers advice on incorporating communications technology into public school libraries **The Digital Literary Sphere** Simone Murray, 2018-10-01 How has the Internet changed literary culture 2nd Place N Katherine Hayles Award for Criticism of Electronic Literature by The Electronic Literature Organization Reports of the book's death have been greatly exaggerated Books are flourishing in the Internet era widely discussed and reviewed in online readers forums and publicized through book trailers and author blog tours But over the past twenty five years digital media platforms have undeniably transformed book culture Since Amazon's founding in 1994 the whole way in which books are created marketed publicized sold reviewed showcased consumed and commented upon has changed dramatically The digital literary sphere is no mere appendage to the world of print it is where literary reputations are made movements are born and readers passionately engage with their favorite works and authors In *The Digital Literary Sphere* Simone Murray considers the contemporary book world from multiple viewpoints By examining reader engagement with the online personas of Margaret Atwood John Green Gary Shteyngart David Foster Wallace Karl Ove

Knausgaard and even Jonathan Franzen among others Murray reveals the dynamic interrelationship of print and digital technologies Drawing on approaches from literary studies media and cultural studies book history cultural policy and the digital humanities this book asks What is the significance of authors communicating directly to readers via social media How does digital media reframe the live author reader encounter And does the growing army of reader reviewers signal an overdue democratizing of literary culture or the atomizing of cultural authority In exploring these questions *The Digital Literary Sphere* takes stock of epochal changes in the book industry while probing books and digital media's complex contemporary coexistence
