Unleashing Manhood in the Cage Christian A. Vaccaro, Melissa L. Swauger, 2015-11-11 Unleashing Manhood in the Cage Masculinity and Mixed Martial Arts addresses the question Why do mixed martial arts participants endure grueling workouts and suffer through injury with little or no pay just to compete The answer is because the participants enjoy a form of idolization from their supporters each other and culture more generally which is linked to masculinity In fact MMA organizers from the very beginning purposefully created elements of the sport that are linked to dominant narratives about manhood In this context men don thin open fingered gloves lock themselves in a caged enclosure and slug it out in a fight with few rules to see who comes out on top This all occurs while ring girls in high heels and skin tight shirts and shorts stride around outside the cage holding signs and peddling t shirts The sum of these elements is the creation of a type of a publicly accessible and consumable form of masculinity The sport of mixed martial arts is a rich and intriguing space where the construction of gender can be explored through a sociological and ethnographic lens *Unleashing Manhood in the Cage* Christian A. Vaccaro, Melissa L. Swauger, 2017 Unleashing Manhood in the Cage Masculinity and Mixed Martial Arts addresses the question Why do mixed martial arts participants endure grueling workouts and suffer through injury with little or no pay just to compete The answer is because the participants enjoy a form of idolization from their supporters each other and culture more generally which is linked to masculinity In fact MMA organizers from the very beginning purposefully created elements of the sport that are linked to dominant narratives about manhood In this context men don thin open fingered gloves lock themselves in a caged enclosure and slug it out in a fight with few rules to see who comes out on top This all occurs while ring girls in high heels and skin tight shirts and shorts stride around outside the cage holding signs and peddling t shirts The sum of these elements is the creation of a type of a publicly accessible and consumable form of masculinity The sport of mixed martial arts is a rich and intriguing space where the construction of gender can be explored through a sociological and ethnographic lens The Advocate ,2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Bowker's Complete Video Directory, 1999** ,1999 The Professor in the Cage Jonathan Gottschall, 2015-04-14 An English professor begins training in the sport of mixed martial arts and explores the science and history behind the violence of men When a mixed martial arts MMA gym moves in across the street from his office Jonathan Gottschall sees a challenge and an opportunity Pushing forty out of shape and disenchanted with his job as an adjunct English professor part of him yearns to cross the street and join up The other part is terrified Gottschall eventually works up his nerve and starts training for a real cage fight He s fighting not only as a personal test but also to answer questions that have intrigued him for years Why do men fight And why do so many seemingly decent people like to watch In The Professor in the Cage Gottschall s unlikely journey from the college classroom to the fighting cage drives an important new investigation into the science and

history of violence Mixed martial arts is a full contact hybrid sport in which fighters punch choke and kick each other into submission MMA requires intense strength endurance and skill the fights are bloody brutal and dangerous Yet throughout the last decade cage fighting has evolved from a small time fringe spectacle banned in many states to the fastest growing spectator sport in America But the surging popularity of MMA far from being new is just one more example of our species insatiable interest not just in violence but in the rituals that keep violence contained From duels to football to the roughhousing of children humans are masters of what Gottschall calls the monkey dance a dizzying variety of rule bound contests that establish hierarchies while minimizing risk and social disorder In short Gottschall entered the cage to learn about the violence in men but learned instead how men keep violence in check Gottschall endures extremes of pain occasional humiliation and the incredulity of his wife to take us into the heart of fighting culture culminating after almost two years of grueling training in his own cage fight Gottschall's unsparing personal journey crystallizes in his epiphany and ours that taming male violence through ritualized combat has been a hidden key to the success of the human race Without the restraining codes of the monkey dance the world would be a much more chaotic and dangerous place
