Fear and Loathing Worldwide Robert Alexander, Christine Isager, 2018-07-26 For more than 40 years the radically subjective style of participatory journalism known as Gonzo has been inextricably associated with the American writer Hunter S Thompson Around the world however other journalists approach unconventional material in risky ways placing themselves in the middle of off beat stories and relate those accounts in the supercharged rhetoric of Gonzo In some cases Thompson's influence is apparent even explicit in others writers have crafted their journalistic provocations independently only later to have that work labelled Gonzo In either case Gonzo journalism has clearly become an international phenomenon In Fear and Loathing Worldwide scholars from fourteen countries discuss writers from Europe the Americas Africa and Australia whose work bears unmistakable traces of the mutant Gonzo gene In each chapter Gonzo emerges as a powerful but unstable signifier read and practiced with different accents and emphases in the various national cultural political and journalistic contexts in which it has erupted Whether immersed in the Dutch crack scene exploring the Polish version of Route 66 following the trail of the 2014 South African General Election or committing unspeakable acts on the bus to Turku the writers described in this volume are driven by the same fearless disdain for convention and profound commitment to rattling received opinion with which the outlaw journalist Thompson scorched his way into the American consciousness in the 1960s 70s and beyond

Look Abroad, Angel Jedidiah Evans, 2020-02 Born in Asheville North Carolina Thomas Wolfe 1900 1938 was one of the most influential southern writers widely considered to rival his contemporary William Faulkner who believed Wolfe to be one of the greatest talents of their generation His novels including *Look Homeward Angel* 1929 *Of Time and the River* 1935 and the posthumously published *The Web and the Rock* 1939 and *You Can't Go Home Again* 1940 remain touchstones of U S literature In *Look Abroad Angel* Jedidiah Evans uncovers the global Wolfe reconfiguring Wolfe's supposedly intractable homesickness for the American South as a form of longing that is instead indeterminate and expansive Instead of promoting

and reinforcing a narrow and cloistered formulation of the writer as merely southern or Appalachian Evans places Wolfe in transnational contexts examining Wolfe's impact and influence throughout Europe In doing so he de-territorializes the response to Wolfe's work revealing the writer as a fundamentally global presence within American literature
