Requirements For Nursing At Univen

June F. Kikuchi, Helen Simmons

Requirements For Nursing At Univen:

Working with indigenous knowledge Fhumulani M. Mulaudzi, Rachel T. Lebese, 2022 The aim of the book is to assist both local and international scholars in articulating the scholarly discourse on indigenous health attitudes practices and experiences The indigenous lens that was used to generate and disseminate indigenous knowledge in this book will strengthen indigenous scholarship thus making it accessible to a wider audience In addition the information shared in this book will add value for scholars and assist them with the indigenous knowledge needed to address sustainable development goals This book is timeous and topical as the discourse on the decolonisation of the curriculum is widely debated in the higher education space The discourse on the scholarship of indigenous knowledge as the tacit local knowledge that stems from cultural practices within communities has not been well articulated in the current health science education milieu Indigenous knowledge has remained overlooked and undermined for a very long time and the information remains untapped in local communities The scholars who conducted the research on which this book is based unearthed a wealth of knowledge which was tacit in nature and translated it into implicit knowledge that can be documented and shared with other scholars globally This knowledge will assist health care scholars in benefiting from knowledge practices and cultural beliefs that will assist them in health care planning teaching evidence based practice and further research Handbook of Research on Shifting Paradigms of Disabilities in the Schooling System Maapola-Thobejane, Hlabathi Rebecca, Maguvhe, Mbulaheni Obert, 2023-10-16 Children living with disabilities face hardships of many kinds that make it impossible for them to access quality education in the same way as their peers in the schooling system All children are entitled to quality education and a supportive school environment that allows them to develop to their full potential irrespective of their disabilities However different factors make it difficult for many learners who live with disabilities to access participate and succeed in the schooling system The Handbook of Research on Shifting Paradigms of Disabilities in the Schooling System focuses on the global trends in education that require the total eradication of every form of impediment in the process of accessing quality education and lifelong learning for people living with disabilities Rooted in the philosophy of equal rights human dignity and social justice access to quality education for all has led to the current drive for inclusive education Covering topics such as inclusive schooling systems visual impairments and emotional disabilities this major reference work is an essential resource for students and faculty of higher education administrators of both K 12 and higher education government officials policymakers non profit organizations researchers and academicians Conceptual Foundations - E-Book Elizabeth E.
