Management of Forestry Research in India V. K. Bahuguna,1992 The forest and environment of India are under pressure from the rising population leading into over exploitation massive deforestation and other natural calamities on account of ecological imbalances threatening the life support system of the people Realizing that the future of the country is linked with rational use of the resources and conservation of the forest the task of improving productivity of the forest and

their protection and extension on the degraded areas have acquired national priority in India today To boost the efficient management of the forest and to develop new technologies required to meet the challenge Government of India in 1997 had re organized the research set up in the country by establishing Indian Council of Forestry Research and Education ICFRE and opening a network of research institutes under it making the ICFRE responsible for the forestry research planning monitoring funding and co ordination at the national level This book focuses chiefly on two issues firstly need for developing system oriented planning framework for better resource allocation control and monitoring research in India has been proposed and issues of research programme international co operation and personal requirements Secondly application of economic principles in deriving interest criteria for forestry research and evaluating the impact of research in terms of cost benefit analysis are discussed with reference to the recent techniques developed This project work starts from a brief history of forestry set up to give a better understanding of the situation *Research and Evaluation for Business* Marilyn K. Pelosi, Theresa M. Sandifer, Uma Sekaran, 2001 Research and Evaluation for Business is intended for use in either a one or two semester introductory business statistics course The focus of the text is on decision making based on data analysis This is a real data and problem oriented text that teaches the actual practice of statistical thinking management of decision making for tool selection assumptions management outcome interpretation and reporting The text incorporates where appropriate Excel and Minitab commands and output in examples and exercises Publisher s website *Southern Economist* ,2007 **Personnel Management Abstracts** ,1993 **The Publishers Weekly** ,1986
