Rethinking Religious Education and Plurality Robert Jackson, 2013-02 This book offers a critical view of approaches to the treatment of different religions in contemporary education in order to devise approaches to teaching and learning and to formulate policies and procedures that are fair and just to all

Religious Education for Plural Societies Robert Jackson, 2018-10-08 In the World Library of Educationalists series international experts themselves compile career long collections of what they judge to be their finest pieces extracts from books key articles salient research findings major theoretical and practical contributions so the world can read them in a single manageable volume Readers will be able to follow the themes and strands and see how their work contributes to the development of the field Religious Education for Plural Societies highlights key writings from Robert Jackson's international career in education It provides a historical perspective in relation to current debates about religious education in the UK and internationally drawing attention to current issues of concern Carefully selected examples explore the key themes in religious education that allow us to consider how things were how they are now and the future for the field of study Split into parts empirical research the interpretive approach to religious education pedagogy religious education and plurality and human rights and international policy developments Robert Jackson also provides an overview of the text in the form of a general introduction and also introductions to each section of the book allowing the reader a personal insight into why each piece has been chosen Religious Education for Plural Societies allows readers to follow themes and strands across Robert Jackson's career and see how his work has contributed to the development of the fields of religions and education It will be of interest to all followers of Robert Jackson's work and any reader interested in the development of religious education in the UK and internationally

The Effective Teaching of Religious Education Brenda Watson, Penny Thompson, 2014-04-23 The Effective Teaching of Religious Education provides an accessible yet intellectually rigorous resource for all those involved in the teaching of RE in schools today Written with the needs of specialist and non specialist teachers in mind in both the primary and secondary sectors it successfully integrates theory and practice encouraging debate and reflection on a broad range of issues in what is often regarded as a complex and often controversial subject area The second edition has been written with the collaboration of a new co author Penny Thompson and has been thoroughly updated revised and extended to include A new chapter on the place of Christianity in RE New material on the purpose of RE and on the relationship of RE to other subjects A new Appendix on tackling assessment and syllabus requirements A new companion website at www.pearsoned.co.uk/watsonthompson including an overview of the use of ICT in RE teaching web links and practical resources for use in the classroom

Religion in Education Joyce Miller, Kevin O'Grady, Ursula McKenna, 2013-04-02 This volume explores numerous themes including the influence of ethnography on religious education research and pedagogy the interpretive approach to religious education the relationship between research and classroom practice in religious education providing a critique of

contemporary religious education and exploring the implications of this critique for initial and continuing teacher education

Young People's Attitudes to Religious Diversity Elisabeth Arweck, 2016-07-01 Investigating the hitherto unexplored topic of how young people understand and relate to religious diversity in the social context in which they are growing up this book makes a significant contribution to the existing body of literature on religious diversity and multiculturalism It closes a gap in knowledge about young people's attitudes to religious diversity and reports data gathered across the whole of the UK as well as comparative chapters on Canada USA and continental Europe Reporting findings from both qualitative and quantitative research which reveal for example the importance of the particular social and geographical context within which young people are embedded the volume addresses young people's attitudes towards the range of world religions as well as non religious stances and offers an interdisciplinary approach through the different analytical perspectives of the contributors

International Handbook of the Religious, Moral and Spiritual Dimensions in Education Marian de Souza, Gloria Durka, Kathleen Engebretson, Robert Jackson, Andrew McGrady, 2007-06-04 Traditionally spirituality has resided and been contained within religious frameworks but while the links between the two areas are still acknowledged by many in the contemporary world spirituality is perceived by some as an aspect of human life that is distinct from religion Consequently many are searching for meaning within and without religious traditions today and seeking answers to ethical and moral questions that have been generated by the knowledge and technological explosion One outcome is the renewed interest in the religious spiritual and moral dimensions of education throughout the life cycle This International Handbook presents the research and professional practice of scholars who are daily engaged in the consideration of these dimensions in education The result is a collection of essays which reflects the discipline in all of its internationality as it is today Embedded within the chapters is also an agenda for the future where the religious moral and spiritual dimensions in education are proposed as an exciting and challenging way forward for educators at all levels in society As well it offers a vision for the emergence of a peaceful and just world

The Oxford Handbook of Religion and Education Liam Francis Gearon, Arniika Kuusisto, 2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education With ambitious and yet accessible intellectual engagements the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process but a vibrant domain of critical contestation fundamental to knowing understanding and living in the modern world

Religious Education Research

through a Community of Practice. Action Research and the Interpretive Approach Julia Ipgrave, Robert Jackson, Kevin O'Grady, 2009 This book brings together a group of teachers and teacher educators who have researched their own students learning in schools and universities as part of the EC funded REDCo Project Combining the methods of action and practitioner research with the key concepts of Robert Jackson's interpretive approach the book illustrates the collaborative research of a group of professionals working together as a community of practice Part one sets out the key ideas of the interpretive approach and action research Part two reports case studies from individual researchers projects carried out in diverse though related settings different schools teacher education and local authority teacher training Part three traces the ideas of the interpretive approach action research and community of practice across the individual studies Part four connects the research with wider themes and findings from the European Commission REDCo Project on religion education dialogue and conflict The book is highly relevant to the work of teachers and teacher trainers in the field of religions and education to researchers in this field and to all interested in action research practitioner research and communities of practice

Challenging Life: Existential Questions as a Resource for Education Jari Ristiniemi, Geir Skeie, Karin Sporre, 2018 There is an increasing recognition today that young people need to have knowledge about religions and world views in order to live and work in diverse societies What kind of maps are they provided with through religious values and ethics education Does education address the challenging existential questions that children and adolescents ask about life and the world This volume addresses different aspects of how existential questions have been dealt with in educational research It especially draws attention to the Swedish research tradition of focusing on life questions and the interpretation of life in education but with contemporary international research added It also addresses issues of ethics education and discusses possible options for the future of existential questions as a resource for education The Routledge International Handbook of Education, Religion and Values James Arthur, Terence Lovat, 2013-08-21 The academic fields of religion and values have become the focus of renewed interest in contemporary thinking about human activity and its motivations The Routledge International Handbook of Education Religion and Values explores and expands upon a range of international research related to this revival The book provides an authoritative overview of global issues in religion and values surveying the state of the academic area in contributions covering a wide range of topics It includes emerging controversial and cutting edge contributions as well as investigations into more established areas International authorities Arthur and Lovat have brought together experts from across the world to examine the complexity of the field of study The handbook is organised around four key topics which focus on both the importance of religion and values as broad fields of human enquiry as well as in their application to education inter agency work and cross cultural endeavours The Conceptual World of Religion and Values Religion and Values in Education Religion and Values in Inter agency Work Religion and Values in Cross cultural Work This comprehensive reference work combines theoretical and empirical research of international significance and will be valuable
