Shii Islam An Introduction Introduction To Religion:

An Introduction to Shi'i Islam Moojan Momen, 1985-01-01 *Shi'i Islam* Najam Haider, 2014-08-11 During the formative period of Islam in the first centuries after Muhammad's death two particular intellectual traditions emerged Sunnism and Shiism Sunni Muslims endorsed the historical caliphate while Shi'i Muslims supporters of Ali cousin of the Prophet and the fourth caliph articulated their own distinctive doctrines The Sunni Shi'i schism is often framed as a dispute over the identity of the successor to Muhammad whereas in reality Sunni and Shi'i Muslims also differ on a number of seminal theological doctrines concerning the nature of God and legitimate political and religious authority This book examines the development of Shi'i Islam through the lenses of belief narrative and memory It also covers a wide range of Shi'i communities from the demographically predominant Twelvers to the transnational Isma'ilis to the scholar activist Zaydis The portrait of Shiism that emerges is that of a distinctive and vibrant community of Muslims with a remarkable capacity for reinvention and adaptation grounded in a unique theological interpretation of Islam **An Introduction to Shi'i Islam** Moojan

Momen, 1985 *An Introduction to the Baha'i Faith* Peter Smith, 2008-04-07 Peter Smith explores the history beliefs and practices of the Baha'i faith *Understanding Religion* Moojan Momen, 2019-06-20 With the aid of hundreds of photographs an in depth exploration of the role of religion An innovative thematic presentation of the role of religion in human society from traditional cultures to the modern world this comprehensive account will prove invaluable for students experts or the interested general readers seeking an understanding of the nature and significance of diverse religious experience Drawing from all major religious traditions in the world as well as a variety of non religious disciplines such as psychology philosophy and sociology Momen's informative study covers everything from art and history to theology and the World Wide Web

Religion, War, and Ethics Gregory M. Reichberg, Henrik Syse, 2014-05-26 Religion War and Ethics is a collection of primary sources from the world's major religions on the ethics of war Each chapter brings together annotated texts scriptural theological ethical and legal from a variety of historical periods that reflect each tradition's response to perennial questions about the nature of war when if ever is recourse to arms morally justifiable What moral constraints should apply to military conduct Can a lasting earthly peace be achieved Are there sacred reasons for waging war and special rewards for those who do the fighting The religions covered include Sunni and Shiite Islam Judaism Roman Catholic Eastern Orthodox and Protestant Christianity Theravada Buddhism East Asian religious traditions Confucianism Shinto Japanese and Korean Buddhism Hinduism and Sikhism Each section is compiled by a specialist recognized within his or her respective religious tradition who has also written a commentary on the historical and textual context of the passages selected *Exploring the Mind of God: An Introduction to Shi'ite Legal Epistemology* Hashim Bata, 2023-05-25 This book introduces readers to the legal epistemology that is advocated within Twelver Shi'ite *ul al fiqh* legal theory It critically surveys the epistemological underpinnings upheld by post 19th century *U l* clerics that impel them to mainly deduce and interpret Sharia using scripture

and literalist hermeneutical methods An evaluation of these underpinnings uncovers the important juxtaposition that exists between the seminarian discourses of u l al fiqh and philosophy The book hypothesises that u l al fiqh has both space and historical precedence to accept alternative epistemological theories that may enable orthodox Shi ite clerics to display greater dynamism in deducing and interpreting Sharia

The Illustrated Guide to World Religions Michael David Coogan,1998 Graced with rich illustrations and written by a team of eminent scholars this book presents a wealth of information on faiths around the world Each chapter in this volume examines one of seven major world religions from Judaism to Christianity and from Islam to Buddhism

Shi`i Islam: Oxford Bibliographies Online Research Guide Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In Islamic studies as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Islamic Studies a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the Islamic religion and Muslim cultures Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www aboutobo com](http://www.aboutobo.com)
