DEFENDING EVANGELICALISM William C. Roach, 2020-11-15 This book is

an important part of the historical record of Dr Norman L Geisler It displays Geisler s intellectual gifts and devotion to the Lordship of Christ in his defense of Christianity and classic evangelicalism This book written by one of Geisler s long time and trusted assistants will be of importance to those who want a first hand interpretation of Geisler and the significance of Geisler s method for present day evangelicalism It provides a clear assessment of the impact of Geisler s embrace of classical realism classical theism the doctrine of inerrancy in the context of twentieth century evangelical theology while providing a way forward to apply Geisler s method in the twenty first century

Systematic Theology as a Rationally Justified

Public Discourse about God Michael Agerbo Mørch, 2023-01-23 For centuries it has been discussed whether systematic theology is a scientific discipline But it is not obvious what is meant by either systematic theology or scientific discipline Michael Agerbo Mørch presents an understanding of systematic theology as a tripartite discipline and science as a rationally justified public discourse about a given topic Systematic theology is shown to meet the most generally accepted criteria for scientific work since its theories can be tested and even falsified in an intersubjective setting This can be done by the most proper tool we have for assessing and comparing scientific theories which is coherence theory Therefore even though systematic theology is a distinct and normative discipline it is not compromising for its theories because it can present its theses in a transparent way that can be checked and criticized by peers and compared to relevant alternatives As such the book shows that systematic theology is a scientifically strong discourse that meets accepted criteria to the same degree as other disciplines

Apologetic Opportunism Brian Flamme,

The World in His Hands Christopher Lee Bolt, 2019-04-17

From the moment we wake until the time we go to sleep we are bombarded by the benefits of science in the practical elements of everyday life Electricity lights hot showers breakfast cereals clothing cars cell phones roads security systems computers communications traffic lights climate control and entertainment are just a sampling of the many benefits of science In addition to technological advances medicine and agriculture progress with science as well Even educational political and marketing strategists invoke science to substantiate their claims Science dominates the collective Western mindset and we regard it with the utmost respect Yet society remains generally religious even though science and religion are frequently thought of as being at odds with one another How do we reconcile the two Christians are taught to believe that God is in control of everything including the natural elements But how does God relate to physical laws Is God in control of the world or laws of nature Could both views be correct This book examines the Christian doctrine of divine providence and its implications for the laws of nature and the problem of induction before contrasting secular and Islamic approaches to these same topics

How Do We Know the Bible Is True Volume 2 Ken Ham, Bodie Hodge, 2013-01-04 Unless otherwise

noted Scripture quotations are from the New King James Version of the Bible T p verso **Kees Van Til als**
Nederlandse-Amerikaanse, Neo-Calvinistisch-Presbyteriaan apologeticus Laurence O'Donnell,2011-04-01 The purpose of this essay submitted to the faculty of Calvin Theological Seminary in candidacy for the degree of Master of Theology May 2011 is to demonstrate that Cornelius Van Til s 1895 1987 presupposition of Reformed dogmatics is largely a presupposition of Herman Bavinck s 1854 1921 Gereformeerde Dogmatiek The argument proceeds in three steps First by situating Van Til s life and work in the neo Calvinist intellectual milieu within which he operated throughout his career the prevailing Copernican interpretation of Van Til s thought is challenged on the grounds of historical abstraction Second his formal material and polemical appropriations of Bavinck s Dogmatiek are analyzed in order to show not only that Van Til appropriates Bavinck s thought pervasively but also that his apologetics cannot be properly understood apart from Bavinck s dogmatics Third Van Til s criticisms of the alleged scholasticism in Bavinck s thought are analyzed in terms of their originality and their validity Regarding the former it is argued that Van Til tacitly appropriates Herman Dooyeweerd s 1894 1977 earlier criticisms of neo Calvinist scholasticism Regarding the latter it is argued that Van Til s criticisms are methodologically unsound and historically untenable insofar as they proceed upon subjective premises and lead to a subjective conclusion In sum given both his pervasive appropriation of Bavinck s Dogmatiek and his entrenchment in neo Calvinist theology and philosophy Van Til is more accurately interpreted as a neo Calvinist rather than a Copernican revolutionary **The Debaters of This Age** Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time **Presuppositional Apologetics** Greg Bahnsen,2020-03
