British Commando 1940-45 Angus Konstam, 2016-11-17 With Hitler's army rampaging across Europe Winston Churchill ordered the creation of a special fighting force the Commandos These valiant men were volunteers drawn from the ranks of the British Army formed into a Special Service Brigade and put through a rigorous but highly effective training programme Over the course of World War II they would see action in every major theatre of operation and are credited with numerous feats of gallantry during the D Day landings Although many units were disbanded after the war the Royal Marine Commandos have maintained the standards of this elite fighting formation to the present day Angus Konstam explores the history of the Commandos during their formative years providing detailed descriptions of their training weapons and equipment Battle reports are accompanied by specially commissioned Osprey artwork and historical photographs offering readers an in depth analysis of some of the most famous fighting units in the British Army's history

Forces in Afghanistan 3-Book Bundle Bernd Horn, Emily Spencer, 2016-02-27 Canadian Forces including Special Operations Forces have played an outsized role in the conflict in Afghanistan often under a cloak of secrecy For the first time Col Bernd Horn reveals the stories of the troops and operations behind Canada's pivotal involvement in the Afghanistan conflict No Ordinary Men Peels back the cloak of secrecy and reveals four untold special operations that Joint Task Force 2 an elite counterterrorist unit conducted in 2005-06 in which their courage tenacity and impressive capabilities meant the difference between life and death No Lack of Courage The story of the North Atlantic Treaty Organization's Operation Medusa the largely Canadian action in Afghanistan from 1 to 17 September 2006 to dislodge a heavily entrenched Taliban force in the Pashmul district of Afghanistan's Kandahar Province No Easy Task Afghanistan has long been considered the graveyard of empires Those who have ventured into Afghanistan with notions of controlling its people have soon discovered that fighting in that rugged hostile land is no easy task This collection of essays examines this legacy of conflict particularly from a Canadian perspective

Ian Fleming's Commandos Nicholas Rankin, 2014-03 Rankin tells the story of a secret intelligence outfit conceived and organized by Ian Fleming during World War II named 30 Assault Unit a group who was expected to seize enemy codebooks cipher machines and documents in high stakes operations and which inspired his creation of the James Bond character

Review of Current Military Literature, 1987 **The Small Scale Raiding Force** Brian Lett, 2013-10-23 The Small Scale Raiding Force SSRF was formed in February 1942 by Gus March Phillips with Major General Gubbins SOE European chief's approval March Phillips and his Maid of Honor Force had just had complete success with their operation POSTMASTER off West Africa Equipped with a specially adapted motor torpedo boat the SSRF immediately started planning for operations Op FROUDESLY with the aim of destroying the battleship Tirpitz ran into technical problems and was delayed but in August and September three daring cross Channel missions were successfully

carried out without loss The author describes these and the disastrous fourth operation ACQUATINT when all 10 SSRF men including March Phillips were killed or captured Despite this hammerblow SSRF now commanded by Geoffrey Appleyard made two raids on Sark a week later Again their story is fully told in this fascinating book along with those of three further 1942 raids Inter service rivalry the war within led to the break up of the SSRF in early 1943 The Author describes the many colourful characters who made up this special force including Anders Lassen VC Graham Hayes and Andre Desgranges the Free Frenchman whom the Gestapo turned This superbly researched book lifts the veil on a little known but highly effective special force unit and the gallant individuals who served in it As seen in Dorset Magazine Book of the Month Britain at War Magazine April 2014

Jungle Commandos Lucy Betteridge-Dyson, 2025-10-09 Drawing on unpublished first hand accounts this is a gripping history of the experiences of the Commandos and their unsung allies in one of the bloodiest battles of the Burma Campaign Following the battles of Kohima and Imphal in mid 1944 the tide was turning against the Imperial Japanese Army By the end of that fateful year the Allies were preparing to launch an offensive in the Arakan region of Burma to deliver a knockout blow to the increasingly desperate Japanese 28th Army This fascinating new history details the actions of 3 Commando Brigade who would spearhead this attack in a series of daring amphibious landings into the depths of the Burmese jungle culminating in the brutal fight for Hill 170 They would be the only Commando Brigade to serve in the Far East yet their story has never before been told in detail With access to previously unseen primary sources this book is the story of the men who volunteered for a fight against a fearless enemy 5000 miles away from home in one of the most unforgiving environments in the world Thrown into combat with limited jungle training and scant resources it would be a baptism of fire but the Commandos alongside the brave men of the Indian and West African Divisions of XV Corps would inflict a terrible defeat on an enemy once thought to be unbeatable Written by a granddaughter of a Commando veteran who fought at Arakan this new book shines a light on a largely forgotten yet crucial battle of World War II

The Commandos Charles Messenger, 1985 Under 2 Verdenskrig opstillede Storbritannien en række uafhængige kommandoenheder der benævntes The Commandos Disse kommandoenheder var specialister i ukonventionel krigsførelse og blev indsat på alle fronter under 2 Verdenskrig ofte for at samle de allierede operationer men de kæmpede også på egen hånd f.eks. med sabotage og lign. I bogen beskrives disse enheders indsats under krigen
