Het Rusland van Poetin Angela Stent, 2019-04-04 Een indringende kijk op het Rusland van Poetin en de Russische identiteit in een moderne wereld Hoe kon Rusland na de politieke chaos en economische ondergang van eind jaren negentig weer herrijzen als een grote speler op het wereldtoneel Vult Rusland het vacuüm dat is ontstaan vanwege de interne problemen van het Westen en de tweestrijd van de VS over hun rol als wereldleider Of is Poetin simpelweg een briljante strateeg In Het Rusland van Poetin onderzoekt Angela Stent expert op het gebied van internationale betrekkingen het complexe verleden van Rusland en hoe dit Poetin en de Russische identiteit in de moderne wereld heeft beïnvloed Hiervoor gaat ze dieper in op de belangrijkste banden die Rusland heeft met landen als de VS China en Oekraïne en organisaties als de NAVO Ze schetst een gedetailleerd beeld van de positie die Russen zichzelf en hun land toebedelen in het tijdperk na de Koude Oorlog en biedt een verhelderend perspectief op de huidige Amerikaans Russische verstandhouding waarbij Poetin meer en meer de boventoon lijkt te gaan voeren De auteur bekijkt het huidige globale politieke klimaat vanuit Russisch perspectief De focus ligt daarbij niet alleen op Poetin maar ook op het Russische individu en hoe de Russische identiteit zich manifesteert

Putin's World Angela Stent, 2019-02-26 In this revised version that includes an exclusive new chapter on the Russia Ukraine war renowned foreign policy expert Angela Stent examines how Putin created a paranoid and polarized world and increased Russia's status on the global stage How did Russia manage to emerge resurgent on the world stage and play a weak hand so effectively Is it because Putin is a brilliant strategist Or has Russia stepped into a vacuum created by the West's distraction with its own domestic problems and US ambivalence about whether it still wants to act as a superpower Putin's World examines the country's turbulent past how it has influenced Putin the Russians understanding of their position on the global stage and their future ambitions and their conviction that the West has tried to deny them a seat at the table of great powers since the USSR collapsed This book looks at Russia's key relationships its downward spiral with the United States Europe and NATO its ties to China Japan the Middle East and with its neighbors particularly the fraught relationship with Ukraine Putin's World will help Americans understand how and why the post Cold War era has given way to a new more dangerous world one in which Russia poses a challenge to the United States in every corner of the globe and one in which Russia has become a toxic and divisive subject in US politics

Biopolitics in Central and Eastern Europe in the 20th Century Barbara Klich-Kluczevska, Joachim von Puttkamer, Immo Rebitschek, 2022-10-21 The field of biopolitics encompasses issues from health and hygiene birth rates fertility and sexuality life expectancy and demography to eugenics and racial regimes This book is the first to provide a comprehensive view on these issues for Central and Eastern Europe in the twentieth century The cataclysms of imperial collapse World War I and the Holocaust but also the rise of state socialism after 1945 provided extraordinary and distinct conditions for the governing of life and death The volume collects the latest research and empirical studies from the region to showcase the diversity of biopolitical regimes in their regional and global

context from hunger relief for Hungarian children after the First World War to abortion legislation in communist Poland It underlines the similarities as well demonstrating how biopolitical strategies in this area often revolved around the notion of an endangered nation and how ideological schemes and post imperial experiences in Eastern Europe further complicate a western understanding of democratic participatory and authoritarian repressive biopolitics The new geographical focus invites scholars and students of social and human sciences to reconsider established perspectives on the history of population management and the history of Europe

Russia Rodric Braithwaite, 2022-08-25 Wise and thorough Spectator Brisk and readable very valuable Financial Times He is an engaging guide and writes with the same flair demonstrated in his previous bestseller Afgantsy Sunday Telegraph A scholarly yet highly readable gallop through the last 1000 years of Russian history To understand this tormented nation you can do no better than read this illuminating portrait Jonathan Dimbleby With its attack on Ukraine Russia's future seems almost as uncertain as its past The largest country in the world with the largest arsenal of nuclear weapons has been known over the past thousand years as Rus Muscovy the Russian Empire and the Soviet Union Thirty years ago it was reinvented as the Russian Federation Russia is not an enigma but its past is violent tragic sometimes glorious and certainly complicated Like the rest of us the Russians constantly rewrite their history They too omit episodes of national disgrace in favour of patriotic anecdotes sometimes more rooted in myth than reality Expert and former ambassador Rodric Braithwaite unpicks fact from fiction to discover what lies at the root of the Russian story more relevant to the rest of the world now than ever before

Fin-de-siècle Russia and Chinese Aesthetics Jinyi Chu, 2024-08-30 Many are familiar with European modernists' interest in Chinese art and poetry however less well known is that Russian literature and art at the turn of 20th century also flourished in a sustained dialogue with China In Fin de si cle Russia and Chinese Aesthetics Jinyi Chu reconsiders the place of Russia in the genealogy of global modernism by exploring the enduring impact of China on pre revolutionary Russian culture This book argues that fin de si cle Russian ideas about increasing global cultural and socioeconomic interconnectedness emerged from their unsettling encounters with China Drawing on literary texts paintings advertisements official documents and archival work in Russia China France and the United States Chu reconstructs surprising stories about cultural interactions From Innokenty Annensky's encounter with a Tibetan monk in Paris Aleksei Remizov's adaptations of Chinese ghost stories and Lev Tolstoy's translations of the Daoist canon to Ilya Mashkov's fauvist painting of a Chinese fairy this book presents a new cultural history of fin de si cle Russia in relation to the East Fin de si cle Russia and Chinese Aesthetics casts new light on the intricate relationships between geopolitics and transnational aesthetics It moves beyond the idea that Russian literary and artistic representations of China were simply manifestations of Russia's imperial ideology and Eurasian cultural identity Instead Chu shows that literature and art actively renegotiate and destabilize the preconceived world order at a time of intensifying geopolitical and cultural transformation when China shifted from Russia's rival in Inner Asia to a target in the competition of global imperialist powers
