Report Select Committee Emancipation Colonization:

Reports of Committees United States. Congress. House, 1842 **Reports from Select Committees of the House of Commons, and Evidence, Communicated to the Lords** Great Britain. Parliament. House of Lords, 1850 Report of the Select Committee on Emancipation and Colonization United States. Congress. House. Select Committee on Emancipation and Colonization, 1862 The Political History of the United States of America, During the Great Rebellion, from November 6, 1860, to July 4, 1864 Edward MacPherson, 1865 The Black Man's President Michael Burlingame, 2021-11-02

Frederick Douglass called the martyred president emphatically the black man's president as well as the first who rose above the prejudice of his times and country. This narrative history of Lincoln's personal interchange with Black people over the course of his career reveals a side of the sixteenth president that until now has not been fully explored or understood. In a little noted eulogy delivered shortly after Lincoln's assassination, Frederick Douglass called the martyred president emphatically the black man's president, the first to show any respect for their rights as men. To justify that description, Douglass pointed not just to Lincoln's official acts and utterances like the Emancipation Proclamation or the Second Inaugural Address, but also to the president's own personal experiences with Black people. Referring to one of his White House visits, Douglass said, "In daring to invite a Negro to an audience at the White House, Mr. Lincoln was saying to the country, 'I am President of the black people as well as the white, and I mean to respect their rights and feelings as men and as citizens.' But Lincoln's description as emphatically the black man's president rests on more than his relationship with Douglass or on his official words and deeds. Lincoln interacted with many other African Americans during his presidency. His unfailing cordiality to them, his willingness to meet with them in the White House to honor their requests to invite them to consult on public policy, to treat them with respect whether they were kitchen servants or leaders of the Black community to invite them to attend receptions, to sing and pray with them in their neighborhoods—all those manifestations of an egalitarian spirit—fully justified the tributes paid to him by Frederick Douglass and other African Americans like Sojourner Truth, who said, "I never was treated by any one with more kindness and cordiality than were shown to me by that great and good man Abraham Lincoln." Historian David S. Reynolds observed recently that only by examining Lincoln's personal interchange with Black people do we see the complete falsity of the charges of innate racism that some have leveled against him over the years.

Lincoln's Lost Colony Boyce Thompson, 2023-08-16

Abraham Lincoln is renowned for his stance on the emancipation of enslaved people in a period when America was sorely divided. At the same time, there was a little-known event that took place, one that left a stain on Lincoln's legacy and has apologists still trying to expunge it today. This book tells the quiet but bloody history of Bernard Kock, a New Orleans entrepreneur with an ill-fated attempt at establishing a cotton plantation on Ile à Vache, a deserted Haitian island using formerly enslaved Americans. It also covers Lincoln's involvement and support of Kock's plan, as well as his pledge of 50 in government funding for each of the 453 colonists. With chapters on Lincoln's encouragement of black deportation, the

establishment of the plantation the futile attempts at damage control and more this text reveals an untold part of Lincoln's history **Protecting the Empire's Humanity** Zoë Laidlaw, 2021-09-23 Protecting the Empire's Humanity lays bare the contradictions of mid nineteenth century imperial Britain and the fatal flaws in imperial humanitarianism **House**

Levine, 2000-11-09 The differences between Frederick Douglass and Martin Delany have historically been reduced to a simple binary pronouncement assimilationist versus separatist Now Robert S Levine restores the relationship of these two important nineteenth century African American writers to its original complexity He explores their debates over issues like abolitionism emigration and nationalism illuminating each man's influence on the other's political vision He also examines Delany and Douglass's debates in relation to their own writings and to the work of Harriet Beecher Stowe Though each saw himself as the single best representative of his race Douglass has been accorded that role by history while Delany according to Levine has suffered a fate typical of the black separatist marginalization In restoring Delany to his place in literary and cultural history Levine makes possible a fuller understanding of the politics of antebellum African American leadership
