Residenzgalerie Salzburg mit Sammlung Czernin und Sammlung Schönborn-Buchheim Salzburger

Residenzgalerie, Ernst H. Buschbeck, 1962 *Jacob Van Ruisdael* Seymour Slive, 2001-01-01 If you know the 26 letters of the alphabet and can count to 99 or are just learning you'll love Tana Hoban's brilliant creation. This innovative concept book is two books in one. **Music, Piety, and Political Power in 17th-Century Salzburg** Kimberly Beck Hieb, 2024-08-20 Music

Piety and Political Power in 17th Century Salzburg traces the role of sacred music in the service of politics at the archbishopric of Salzburg, one of many jurisdictions that made up the Holy Roman Empire in the second half of the 17th century. The author reveals that the use of music to present political, cultural, and religious meanings was not limited to cross-confessional communities: the Imperial capital of Vienna or other early modern metropolitan centers such as Munich and Paris. Presenting music as a powerful cultural artifact that informs our understanding of the religious and political relationships shaping the history of central Europe, this study expands our understanding of the history of music, absolutism, and Catholicism in the 17th century and will be of interest to scholars working in those areas. Rethinking Modern Austrian Art Beyond the Metropolis Julia Secklehner, 2024-08-02 This study examines the role played by regional cultures in modern art and visual culture in Central Europe between 1918 and 1938. Analysing paintings, photographs, prints, and illustrated magazines in relation to topics such as tourism, social activism, rural exoticism, gender, and ethnic diversity, the book offers a fresh perspective on Central European art and visual culture. It pays particular attention to Austria, a country often ignored in histories of modernism in Central Europe, yet one where the countryside gained high visibility as a part of modern culture between the wars. Examples from Czechoslovakia and Hungary also play an important role in comparison and challenge the nationally fragmented histories of modernism in the region. The book's approach overall is also relevant beyond Central Europe: it corrects assumptions that modern art and visual culture were at home in the urban space and emphasises the role of the countryside as an agent of renewal and emancipation in order to construct a more nuanced history of modernism. The book will be of interest to scholars studying art history, Central European studies, European studies, modernism, and cultural history. Katalog der Residenzgalerie Salzburg mit Sammlung Czernin Salzburger Residenzgalerie, 1955 **Mozart** Robert

Gutman,2011-08-31 Mozart A Cultural Biography is a fresh interpretation of a musical genius meticulously researched and gracefully written It places Mozart s life and music in the context of the intellectual political and artistic currents of eighteenth century Europe Even as he delves into philosophic and aesthetic questions Robert Gutman keeps in sight clearly and firmly the composer and his works He discusses the major genres in which Mozart worked chamber music liturgical theatre and keyboard compositions concerto symphony opera and oratorio All of these riches unfold within the framework of the composer s brief but remarkable life With Gutman s informed and sensitive handling Mozart emerges in a light more luminous than in previous renderings The composer was an affectionate and generous man to family and friends self deprecating witty winsome but also an austere moralist incisive and purposeful Mozart is both an extraordinary portrait of a man in his time and a brilliant distillation of musical thought *The Faustian Bargain* Jonathan Petropoulos,2000-03-30 Nazi art looting has been the subject of enormous international attention in recent years and the topic of two history bestsellers Hector Feliciano s *The Lost Museum* and Lynn Nicholas s *The Rape of Europa* But such books leave us wondering What made thoughtful educated artistic men and women decide to put their talents in the service of a brutal and inhuman regime This question is the starting point for *The Faustian Bargain* Jonathan Petropoulos s study of the key figures in the art world of Nazi Germany Petropoulos follows the careers of these prominent individuals who like Faust that German archetype chose to pursue artistic ends through collaboration with diabolical forces Readers meet Ernst Buchner the distinguished museum director and expert on Old Master paintings who repatriated the Van Eyck brother s Ghent altarpiece to Germany and Karl Haberstock an art dealer who filled German museums with works bought virtually at gunpoint from Jewish collectors Robert Scholz the leading art critic in the Third Reich became an officer in the chief art looting unit in France and Kajetan Muhlmann a leading art historian was probably the single most prolific art plunderer in the war and arguably in history Finally there is Arno Breker a gifted artist who exchanged his modernist style for monumental realism and became Hitler s favorite sculptor If it is striking that these educated men became part of the Nazi machine it is more remarkable that most of them rehabilitated their careers and lived comfortably after the war Petropoulos has discovered a network of these rehabilitated experts that flourished in the postwar period and he argues that this is a key to the tens of thousands of looted artworks that are still missing today Based on previously unreleased information and recently declassified documents *The Faustian Bargain* is a gripping read about the art world during this period and a fascinating examination of the intense relationship between culture and politics in the Third Reich *Nieuwe boeken en varia* ,1959 **Gerrit van Honthorst J.** Richard J.
