Prophets And Personal Spanish Spanish Edition:

Apology for the Life and Character of the Celebrated Prophet of Arabia, Called Mahomet, the Illustrious Godfrey Higgins,1896 *The Maya Prophecy* P. A. Faber,2012-03-28 According to Mayan prophecy the world will end December 21 2012 It is a mystery how the Mayans came to this conclusion it is also a mystery how to stop certain doom But in all their wisdom is there a possibility that the Mayans knew how to postpone the end of the world If so could there be an ancient text that reveals the answer archaeologists seek Anthropologist Kate OHara thinks so She and a team of fellow academics stumble upon a mysterious Mayan codex while investigating in the Yucatan Peninsula Before the codex can be authenticated however it disappears and the team begins to receive death threats from a menacing secret society Luckily Kate already made a copy of the manuscript and so begins the lengthy process of translation despite the terrible danger to their lives The codex reveals the story of Ahkan a Maya shaman and her cousin and soul mate Took Pac a priest of the Maya Temple of Kulkulkan Took Pac discovered a secret text written by the Mayan king and prophet Chan Bahlam II Kate believes the answer to the worlds crisis may be found in the words of Chan Bahlam Now she must try to translate the manuscript in time and live long enough to share the good news with others **Routledge Library Editions: Muslim Spain**

Martel,2022-07-11 In Anarchist Prophets James R

Martel juxtaposes anarchism with what he calls archism in order to theorize the potential for a radical democratic politics He shows how archism a centralized and hierarchical political form that is a secularization of ancient Greek and Hebrew prophetic traditions dominates contemporary politics through a prophet s promises of peace and prosperity or the threat of violence Archism is met by anarchism in which a community shares a collective form of judgment and vision Martel focuses on the figure of the anarchist prophet who leads efforts to regain the authority for the community that archism has stolen The goal of anarchist prophets is to render themselves obsolete and to cede power back to the collective so as to not become archist themselves Martel locates anarchist prophets in a range of philosophical literary and historical examples from Hobbes

and Nietzsche to Mary Shelley and Octavia Butler to Kurdish resistance in Syria and the Spanish Revolution In so doing Martel highlights how anarchist forms of collective vision and action can provide the means to overthrow archist authority

Messianic and Utopian Influences on Imperial Spain George M. Roure, 2025-04-23 Roure draws a novel connection between Tommaso Campanella's utopian ideas for Imperial Spain and Catholicism and Portuguese navigator Pedro Fernandez de Quir's vision of an idyllic society and a mythical city of New Jerusalem in the antipodes The book presents newfound evidence suggesting Spain experimented with Messianism to secure their empire in the late Renaissance The case is made that the Spanish monarchy contemplated Campanella's Messianic ideas and sent Quir's to initiate them on the imagined Terra Australis Incognita Campanella and Quir's shared idiosyncratic beliefs that by means of divine providence Spanish power would imminently transform the world elevate humanity to a higher spiritual plane dominate politics and religion and prepare for the second coming The work advances our understanding of previously unknown links amongst Campanella's religious solutions for idealising temporal government Quir's objective of a utopian society in the great south land and Spain's tentative experimentation with Messianism It also permits the drawing of inferences on the possible rationale behind political messianism in the contemporary world This book is a valuable resource for scholars students researchers and professionals interested in European and World History of the late Renaissance as well as those interested in the religious and political imperatives of Imperial Spain during the Habsburg period
