Psychology's Grand Theorists How Personal Experiences Shaped Professional Ideas:

Psychology's Grand Theorists Amy Demorest, 2005

Psychology's Grand Theorists Amy P. Demorest, 2014-04-08

Psychology's Grand Theorists argues that the three schools in psychology that have been dominant historically the psychodynamic behavioral and phenomenological have resulted in large part from the personal experiences of their originators Sigmund Freud B F Skinner and Carl Rogers each believed that he had discovered the truth about human nature yet their truths are entirely different This book explores how the lives of these men influenced the divergent theories they developed through a close examination of letters diaries biographies autobiographies and professional writings Uncovering the subjective sources of these theories the book gives the reader a greater sense of intimacy with each man's ideas and promotes critical inquiry into their scientific status The book is written in an engaging style that will appeal to a wide range of readers Intended as a supplement in courses on personality clinical psychology and or the history of psychology it will also be of interest to clinicians or counselors who use one or more of these theoretical models in their therapeutic work

Psychology's Grand Theorists Amy P. Demorest, 2014-04-08 This book examines how personal life experiences shaped the professional theories of Sigmund Freud B F Skinner and Carl Rogers

Emotional Amoral Egoism Nayef R.F. Al-Rodhan, 2022-01-01 What makes us who we are Are we born good or evil Do we have free will What drives our behaviour and why Can technology change what it means to be human In this thoroughly revised second edition of Emotional Amoral Egoism Professor Nayef Al Rodhan demonstrates the impact of our innate predispositions on key issues from conflict inequality and transcultural understanding to Big Data fake news and the social contract However it is the societies we live in and their governance structures that largely determine how we act on our innate predispositions Consequently Al Rodhan proposes a new and sustainable good governance paradigm which must reconcile the ever present tension between the three attributes of human nature Emotional Amoral Egoism and the nine critical needs of human dignity This book is a perfect resource for enlightened readers academics and policy makers interested in how our innate instincts and tendencies shape the world we live in and how the interplay between neurophilosophy and policy can be harnessed for pragmatic and sustainable peace security and prosperity solutions for all at all times and under all circumstances
