

A Midsummer Night's Dream Act II Study Guide

~KEY~

Act III

1. What do we find out about the current relationship between Oberon, King of the Fairies, and Titania, Queen of the Fairies?

Oberon and Titania are extremely angry with one another. Titania has stolen a young boy from an Indian king, and Oberon wants the child for himself to be one of his "henchmen," but Titania refuses to give him up. They have been fighting about it for a long time, and neither wants to see or be around the other.

2. How are Oberon and Titania involved with Theseus and Hippolyta, and why have they come to Athens?

Theseus and Hippolyta used to be lovers ("your buskined mistress"); likewise Titania and Theseus used to be lovers ("I know thy love for Theseus"). They have both come to Athens to celebrate the marriage of Theseus and Hippolyta.

3. What effect has their quarrel had on nature, on the seasons, on humans?

1. I. Fog is rising out of the sea
2. II. Rivers are flooding
3. III. Grain is rotting because of the flooding
4. IV. Sheep are dying of infection, and the crows are eating them
5. V. Fields are all muddy and overgrown, so no humans will play in them
6. VI. Disease is spreading
7. VII. Winter is coming in summer, and all the seasons are confused

4. Why won't Titania give up the changeling to Oberon?

The boy's mother was one of her worshippers, and they were friends together in India. She would bring gifts to Titania. When she died giving birth to the boy, she vowed to take care of him to repay her loyalty.

stressing darker suggestions of violence and sexuality He shows that both are necessary to a full understanding of the play For this edition the editor has added a new account of important theatrical productions and scholarly criticism on the play that have appeared in recent years The reading list has also been revised and updated Educational Times ,1896

Evolution of Shakespeare's Comedy Larry S. Champion,1970 The evolution of Shakespeare s comedy in Larry Champion s view is apparent in the expansion of his comic vision to include a complete reflection of human life while maintaining a comic detachment for the audience Like the other popular dramatists of Elizabethan England Shakespeare used the diverse comic motifs and devices which time and custom had proved effective He went further however and created progressively deeper levels of characterization and plot interaction thereby forming characters who were not merely devices subordinated to the needs of the plot Shakespeare s development as a comic playwright suggests Champion was consistently in the direction of complexity or depth of characterization His earliest works like those of his contemporaries are essentially situation comedies the humor arises from action rather than character There is no significant development of the main characters instead they are manipulated into situations which are humorous as a result for example of mistaken identity or slapstick confusion The ensuing phase of Shakespeare s comedy sets forth plots in which the emphasis is on identity rather than physical action a revelation of character which occurs in one of two forms either a hypocrite is exposed for what he actually is or a character who has assumed an unnatural or abnormal pose is forced to realize and admit the ridiculousness of his position In the final comedies involving sin and sacrificial forgiveness however character development is concerned with a transformation of values Although each of the comedies is discussed Champion concentrates on nine dividing them according to the complexity of characterization He pursues as well the playwright s efforts to achieve for the spectator the detached stance so vital to comedy Shakespeare obtained this perspective Champion observes through experimentation with the use of material mirroring the main action mockery parody or caricature and through the use of a comic pointer who is himself involved in the action but is sufficiently independent of the other characters to provide the audience with an omniscient view
