Elsen, 1974 An examination of revolutionary sculptors and pieces of sculpture that emerged between 1890 and 1918 **Origins of Modern Sculpture** Albert Edward Elsen, 1974-01-01 Origins of modern sculpture : pioneers and premises A.E. Elsen, 1978 **The First Moderns** William R. Everdell, 1998-07-15 This history of modernism is filled with portraits of genius and intellectual breakthroughs that evoke the fin de siècle atmosphere of Paris Vienna St Louis and St Petersburg This book offers readers a look at the unfolding of an age **Origins of modern sculpture: pioneer and premises**, 1978 **Joseph Csáky** Edith Balas, 1998 Joseph Csaky 1888 1971 a neglected pioneer of early Modernism was a native of Hungary who became a dedicated member of the Parisian avant garde He took part in the 1912 Section d'Or Exhibition considered by many to mark the high point of the Cubist movement He was an intimate friend of such innovative giants as Picasso Braque yet he spent the last 30 years of his life in obscurity was virtually destitute at his death This ground breaking study includes a detailed discussion of his career over 100 illus of his major sculpture a translation of the artist's autobio that provides a wealth of new info about the early Parisian avant garde **Sculpture 1900-1945** Penelope Curtis, 1999 This book provides a comprehensive analysis of the significant growth of sculpture as an artistic form in Europe and America from 1900 1945 Using a clearly defined thematic structure it identifies key issues and developments throughout this important period in the history of art Individual chapters cover public sculpture the monument the object image making the built environment the figurative ideal and different materials These themes broadly reflect the changing cultural and political climate of a turbulent period which included two world wars each preceded by widespread rising nationalism The practice of sculpture is considered within the wider artistic context of painting and architecture and the development of international art markets Auguste Rodin whose ground breaking exhibition opened in Paris in 1900 serves as the book's point of departure and as a recurrent point of reference **Modern Sculpture** Douglas Dreishpoon, 2022-10-25 This tapestry of primary sources is an essential primer on sculpture and its makers Modern Sculpture presents a selection of manifestos documents statements articles and interviews from more than ninety sculptors including a diverse selection of contemporary sculptors With this book editor Douglas Dreishpoon defers to artists whose varied points of view illuminate sculpture's transformation from object to action concept to phenomenon over the course of more than a century Chapters arranged in chronological sequences highlight dominant stylistic philosophical and thematic threads uniting kindred groups The result is an artist centric history of sculpture as a medium of consequence and character **Modern Art: A Critical Introduction** Pam Meecham, Julie Sheldon, 2013-11-26 A revised and updated edition of one of the most successful Critical Introductions textbooks New features include marginal notes and colour photos New innovative structure based on feedback from teachers focusing on how modern art has been understood rather than a straight chronological account of movements **Archaism, Modernism, and the Art of Paulanship** Susan Rather, 2014-11-06

Archaism an international artistic phenomenon from early in the twentieth century through the 1930s receives its first sustained analysis in this book The distinctive formal and technical conventions of archaic art especially Greek art particularly affected sculptors some frankly modernist others staunchly conservative and a few who like American Paul Manship negotiated the distance between tradition and modernity Susan Rather considers the theory practice and criticism of early twentieth century sculpture in order to reveal the changing meaning and significance of the archaic in the modern world To this end and against the background of Manship's career she explores such topics as the archaeological resources for archaism the classification of the non Western art of India as archaic the interest of sculptors in modern dance Isadora Duncan and Ruth St Denis and the changing critical perception of archaism Rather rejects the prevailing conception of archaism as a sterile and superficial academic style to argue its initial importance as a modernist mode of expression The early practitioners of archaism including Aristide Maillol Andr Derain and Constantin Brancusi renounced the rhetorical excess overrefined naturalism and indirect techniques of late nineteenth century sculpture in favor of nonnarrative stylized and directly carved works for which archaic Greek art offered an important example Their position found implicit support in the contemporaneous theoretical writings of Emmanuel Levy Wilhelm Worringer and Adolf von Hildebrand The perceived relationship between archaic art and tradition ultimately compromised the modernist authority of archaism and made possible its absorption by academic and reactionary forces during the 1910s By the 1920s Paul Manship was identified with archaism which had become an important element in the aesthetic of public sculpture of both democratic and totalitarian societies Sculptors often employed archaizing stylizations as ends in themselves and with the intent of evoking the foundations of a classical art diminished in potency by its ubiquity and obsolescence Such stylistic archaism was not an empty formal exercise but an urgent affirmation of traditional values under siege Concurrently archaism entered the mainstream of fashionable modernity as an ingredient in the popular and commercial style known as Art Deco Both developments fueled the condemnation of archaism and of Manship its most visible exemplar by the avant garde Rather's exploration of the critical debate over archaism finally illuminates the uncertain relationship to modernism on the part of many critics and highlights the problematic positions of sculpture in the modernist discourse
