The Diamond Sutra Osho,2023-06-29 Before Buddha there were religions but never a pure religiousness Man was not yet mature With Buddha humanity enters into a mature age All human beings have not yet entered into that that s true but Buddha has heralded the path Buddha has opened the gateless gate It takes time for human beings to understand such a deep message Buddha s message is the deepest ever Nobody has done the work that Buddha has done the way he has done Nobody else represents pure fragrance Other founders of religions other enlightened people have compromised with their audience Buddha remains uncompromised hence his purity He does not care what you can understand he cares only what the truth is And he says it without being worried whether you understand it or not In a way this looks hard in another way this is great compassion **Tantra Vision : An Invitation to Silence** Osho, [Feminism and the Religious Significance of Laughing Bodies](#) Nicole Graham,2024-06-03 This book identifies the significance of the body through a feminist reconceptualisation of laughter as a means of insight It positions

itself within the emerging scholarship on religion and humour but distinguishes itself by moving away from the emphasis on humour and instead focuses on the place and role of laughter Through a feminist reading of laughter which is grounded in the philosophical and psychological works of William James this book emphasises the importance of the body to offer an exploration of laughter as a means of insight In doing so it challenges the classificatory orders of knowledge by recognising and arguing for the value of the body in the creation of knowledge and understanding To demonstrate the centrality of the body for insight laughter and thus the creation of knowledge this book engages with laughter within three thematic areas religious experience gendered experiences of laughter and the ethics of laughter This book will be of interest to students and researchers in religious studies theology gender studies humour studies philosophy and the history of ideas Zarathustra: A God That Can Dance Osho,2023-03-08 FRIEDRICH NIETZSCHE is perhaps the greatest philosopher the world has known He is also great in another dimension which many philosophers are simply unaware of he is a born mystic His philosophy is not only of the mind but is rooted deep in the heart and some roots even reach to his very being The only thing unfortunate about him is that he was born in the West hence he could never come across any mystery school He contemplated deeply but he was absolutely unaware about meditation His thoughts sometimes have the depth of a meditator sometimes the flight of a Gautam Buddha but these things seem to have happened spontaneously to him **TANTRA EXPERIENCE**

Osho,2024-05-10 Out of the ancient prehistoric worship of mother earth arose an all embracing truly holistic vision of life the Tantra vision Tantra which can be translated as the essential thread winds its way through the most vibrantly alive and creatively rich parts of every religion Both Hinduism and Jainism met and were enriched by Tantra It influenced the Christian Gnostics and the Mohammedan Sufis The flame of Tantric Buddhism is kept alive to this day by the Tibetan Lamas This branch which lives today in Tibet was founded by Saraha In a way Saraha had two masters one being Sri Kirti who is in direct descent from Buddha *Atmakarak - The Journey of the Soul* Deepanshu Giri, This is my honest attempt from several readings and experiences I used to understand the complexities of Maharishi Jaimini This book will serve several students of Jyotish to apply the time tested principles as explained by Maharishi Parashar and Jaimini However over a period of time there are several variations introduced in Jaimini Sutram but I will stick to the classic of Jyotish Siddhant Saar and use the simple methods to make predictions A special emphasis for the first time in the book has been given to retrograde planets and Char Karkas of Jaimini as they hold a very special significance while making predictions This book will also guide you through the ups and downs of exalted and debilitated planets and how they behave in different dashas So let us start this journey in to the world of Jaimini Sutram and see what Maharishi Jaimini has in store for us and how various principles of Jyotish can become light beacons for us to guide us through the good and bad portions of life as when you can clearly see what has to happen you can plan better and also remedies become very specific in the chart A lot has been discussed about retrograde motion of planets in the classical text and also various dictums suggest that these planets acquire some sort of

special activity in mundane as well as personal life and special consideration to be given to these planets Deepanshu Giri
