Other Minds Bertram F. Malle, Sara D. Hodges, 2007-01-08 Leading scholars from psychology neuroscience and philosophy present theories and findings on understanding how individuals infer such complex mental states as beliefs desires intentions and emotions

Other Minds Bertram F. Malle, Malle Bertram F Hodges Sara D, Sara D. Hodges, 2014-05-14 One of the great challenges of social cognitive science is to understand how we can enter or read the minds of others that is infer complex mental states such as beliefs desires intentions and emotions This book brings together leading scholars from psychology neuroscience and philosophy to present cutting edge theories and empirical findings on this essential topic Written in an engaging accessible style the volume examines the cognitive processes underlying mindreading how interpersonal understanding and empathy develop across the lifespan connections to language communication

Understanding Other Minds Simon Baron-Cohen, Helen Tager-Flusberg, Michael Lombardo, 2013-08-22 Over its previous two editions *Understanding Other Minds* has established itself as a classic text on autism and theory of mind In the 15 years since the last edition was prepared the neuroimaging literature on theory of mind has expanded significantly revealing new brain regions and their role in regard to theory of mind Other major changes include developments in the study of infants and in the fields of hormones and genetics Such studies have revealed evidence of both heritability from twin studies some molecular genetic associations and a specific role for both sex steroid hormones such as foetal testosterone and neuropeptide hormones such as oxytocin The new edition brings together an international team of leading writers and researchers from psychology psychiatry neuroscience and philosophy to present a state of the art review of scientific research in this important field one that will be essential for all those involved in the fields of developmental psychology and neuroscience as well as psychiatrists and philosophers

Mentaliseren in de klinische praktijk, 2008

The Shared Mind Jordan Zlatev, Timothy P. Racine, Chris Sinha, Esa Itkonen, 2008-06-26 The cognitive and language sciences are increasingly oriented towards the social dimension of human cognition and communication The hitherto dominant approach in modern cognitive science has viewed social cognition through the prism of the traditional philosophical puzzle of how individuals solve the problem of understanding Other Minds The Shared Mind challenges the conventional theory of mind approach proposing that the human mind is fundamentally based on intersubjectivity the sharing of affective conative intentional and cognitive states and processes between a plurality of subjects The socially shared intersubjective foundation of the human mind is manifest in the structure of early interaction and communication imitation gestural communication and the normative and argumentative nature of language In this path breaking volume leading researchers from psychology linguistics philosophy and primatology offer complementary perspectives on the role of intersubjectivity in the context of human development comparative cognition and evolution and language and linguistic theory

Handbook of Relationship Initiation Susan Sprecher, Amy Wenzel, John Harvey, 2018-09-05 The Handbook of Relationship Initiation is the

first volume to focus specifically on the very beginning stage of relationships their origin In this Handbook leading scholars on relationships review the literature on various processes related to the initiation of relationships how people meet communicate for the first time and begin to define themselves as being in a relationship Topics include attraction mate selection influence of social networks on relationship initiation initiation over the internet hook ups among young adults and flirting and opening gambits In addition the dark side of relationship initiation is considered including unwanted relationship pursuit and barriers to relationship initiation including social anxiety This volume provides an overdue synthesis of the literature on this topic It is especially timely in view of the growing prevalence on relationship initiation online through matchmaking and other social networking sites which has increased awareness that science can be used to understand create and facilitate compatible matching This Handbook provides an essential resource for an interdisciplinary range of researchers and students who study relationships including social psychologists communication scientists and scholars of marriage and the family

The Triadic Structure of the Mind Francesco Belfiore, 2014-05-23 In *The Triadic Structure of the Mind* Francesco Belfiore begins from the basic ontological conception of the structure and functioning of the mind or spirit as an evolving conscious triad composed of intellect sensitiveness and power each exerting a selfish or moral activity Based on this concept Belfiore has developed a coherent philosophical system through which he offers fresh solutions in the fields of ontology knowledge language aesthetic ethics politics and law The second edition of the book includes a more extensive treatment of the topics addressed in the first edition the introduction of new concepts and the inclusion of additional thinkers whose views have been discussed and reinterpreted
