Out About is a Bachillerato course which prepares students for real life once all the exams are over The Teacher s Book for Level 1 provides all the teaching notes for each unit and is interleaved with the pages of the Student s Book It also includes an introduction to the methodology teaching tips optional activities an explanation of the Life skills syllabus answer keys and audioscripts *Guided Error Correction* Michael Kennedy-Scanlon, John Bradbury, 2010-01 This book is the result of years of experience teaching English to Spanish undergraduates studying for a degree in English Language and Literature The focus of the book reflects the assumption that a large majority of the mistakes made by advanced level learners are the result of interference from their native language The approach adopted in this book is based on the idea that correcting one s own mistakes involves two separate operations namely first recognising the error as such and then providing the correction for it In the first two thirds of the book errors are explicitly identified for the learner whose task is simply to correct the errors In the final third however learners must carry out both operations It is this two step approach that the term guided error correction tries to reflect In order to provide sufficient practice each of the errors all characteristic of Spanish speakers learning English occurs on six separate occasions in the book In addition the book includes a section of brief explanatory notes at the back of the book where each of the errors is explained with Spanish translations provided to enhance comprehension of nuances in meaning These notes are cross referenced with each error in the exercises for handy referral but at the same time represent in themselves a compact reference source for common errors This book will be useful for upper intermediate to advanced level Spanish speaking learners of English in any context though it has been designed primarily not for systematic consecutive classroom use but rather as a series of self correcting one page exercises that can be pursued sporadically at the learner s convenience This book is part of a series of three books Michael Kennedy Scanlon has an MA in Teaching English as a Foreign Language from the School for International Training in Vermont USA Since coming to Spain in 1981 he has taught English for the Health Sciences English for Professional Purposes and Intercultural Communication in a variety of university contexts He also does proofreading author s editing and occasional translations of academic texts into English Juli Cebrian holds a PhD in Linguistics from the University of Toronto Canada and a BA in English Philology from the University of Barcelona He is professor agregat of English Language and Linguistics at the UAB and has taught English and Spanish as foreign languages and English for Special Purposes at several institutions His research focuses on language learning and specifically on the acquisition of English as a foreign language John Bradbury has

a degree in Spanish with French from the University of Bradford in the UK He teaches English Language Teaching Methodology and English Linguistics in the English Philology Department of the UAB and General English and Business English in the Human Resources Department of Banc Sabadell He is an oral examiner for the Cambridge First Certificate Advanced Certificate and Proficiency examinations
